Shean, 2010-08-23 This new study argues that the religious attitude of the Roman army was a crucial factor in the Christianization of the Roman world Specifically by the end of the third century there was a significant Christian presence within the army which was ready to act in the interests of the faith Conditions at this time were thus ripe for the coming to power of a Christian emperor when Constantine converted to Christianity he could rely upon the enthusiastic support of his Christian soldiers Constantine strengthened his Christian base by initiating policies which accelerated the Christianization of the army The continuation of these policies by Christian Roman emperors eventually allowed them to use the military as a vehicle for the suppression of paganism and heretical Christian sects

*Parisi* Peter Halkon, 2013-10-01 The Parisi were a tribe located somewhere within the present day East Riding of Yorkshire UK known from a brief reference by Ptolemy They were originally immigrants from Gaul and share their name with the tribe that occupied modern day France

Fairly obvious from their name they gave the French capital its name The investigation of the Parisi began in the sixteenth and seventeenth centuries following the trend for antiquarian exploration elsewhere in Britain Before that the remains of Roman buildings encountered in medieval East Yorkshire were treated with little respect and used as a resource The Parisi tells this captivating story of the history of the archaeology of The Parisi from the initial investigations in the sixteenth century right through to modern day investigations *The Cross Goes North* Martin Carver,2005 37 studies of the adoption of Christianity across northern Europe over 1000 years and the diverse reasons that drove the process In Europe the cross went north and east as the centuries unrolled from the Dingle Peninsula to Estonia and from the Alps to Lapland ranging in time from Roman Britain and Gaul in the third and fourth centuries to the conversion of peoples in the Baltic area a thousand years later These episodes of conversion form the basic narrative here History encourages the belief that the adoption of Christianity was somehow irresistible but specialists show the underside of the process by turning the spotlight from the missionaries who recorded their triumphs to the converted exploring their local situations and motives What were the reactions of the northern peoples to the Christian message Why would they wish to adopt it for the sake of its alliances In what way did they adapt the Christian ethos and infrastructure to suit their own community How did conversion affect the status of farmers of smiths of princes and of women Was society wholly changed or only in marginal matters of devotion and superstition These are the issues discussed here by thirty eight experts from across northern Europe some answers come from astute re readings of the texts alone but most are owed to a combination of history art history and archaeology working together MARTIN CARVER is Professor of Archaeology University of York [Christians and Pagans](#) Malcolm D. Lambert,2010-06-29 *Christians and Pagans* offers a comprehensive and highly readable account of the coming of Christianity to Britain its coexistence or conflict with paganism and its impact on the lives of both indigenous islanders and invading Anglo Saxons The Christianity of Roman Britain so often treated in isolation is here deftly integrated with the history of the British churches of the Celtic world and with the histories of Ireland Iona and Pictland Combining chronicle and literary evidence with the fruits of the latest archaeological research Malcolm Lambert illuminates how the conversion process changed the hearts and minds of early Britain *Early Peoples of Britain and Ireland: A-G* Christopher Allen Snyder,2008
