Religion Spirituality And Aging:

Religion, Spirituality, and Aging Harry R. Moody, 2005 Book attempts to demonstrate how spirituality and religion can improve an older person's quality of life New Dimensions in Spirituality, Religion, and Aging Vern Bengtson, Merrill Silverstein, 2018-09-03 *New Dimensions in Spirituality Religion and Aging* expands the traditional focus of religiosity to include and evaluate recent research and discoveries on the role of secular spirituality in the aging process Contributors examine the ways conventional religion and other forms of spirituality affect human development health and longevity and they demonstrate how myth creation enables humans to make meaning in their lives Taken together the book points to further research to enhance current knowledge approaches to care and social policies *Methods in Religion, Spirituality & Aging* James W. Ellor, 2013-10-18 Since the 1971 White House Conference on Aging in the United States the need to move from religiosity into new areas such as Spiritual Assessment and Spirituality has emerged This movement has picked up momentum among scholars particularly in terms of research in the area of Spirituality While spirituality as a term is employed in many new studies this term continues to defy the quest for a single definition and method This book is divided into three sections In the first the authors reflect on the philosophical and theological issues presented by these terms from a variety of both cognate and practical methodological approaches The second section offers insights from the major professions of sociology psychology public health nursing and social work The final section offers insight and assistance to researchers and authors on specific religious traditions This book will be important for anyone working to develop such practical tools as spiritual assessment forms to those who engage in more formal scholarly investigation **Aging, Spirituality, and Religion** Melvin Kimble, Susan H. McFadden, 2002-12-01 Volume II picks up where Volume I left off with practical advice and tools for ministry with the aging in a variety of settings Gerontological and theological perspectives undergird the practical guidance and a final section treats of the unique ethical issues involved in ministry with the aging

Aging and Spirituality David O. Moberg, 2012-10-12 Explore the spiritual dimensions of aging through science theory and practice During the later years of life many people devote energy to a process of spiritual awakening and self discovery Yet their family friends clergy and the helping professionals who work with them are not always prepared to understand or deal with the spiritual concerns of their clients *Aging and Spirituality* provides a unique far reaching overview of this long neglected field Divided into four independent but interwoven sections this landmark book covers the spiritual realm with scientific rigor and deep human understanding *Aging and Spirituality* comprehensively surveys the issues of spirituality from the groundwork of basic definitions to detailed assessments of the role spirituality plays in the lives of the elderly and suggested directions for further research This book's unique approach combines scholarly research and practical nuts and bolts suggestions for service delivery By drawing from many disciplines and professions it offers fresh perspectives to even those practitioners already familiar with the most effective spiritual techniques their own field can offer *Aging and*

Spirituality answers such common questions as What are the spiritual needs of people later in life Is there any solid evidence that prayer changes things How is spirituality related to physical and mental health Does spirituality matter when people know they are dying How can we measure spiritual wellness and assess the outcomes of activities intended to enhance it Will attention to spirituality aggravate or alleviate the losses of friends family health youth that so often occur during old age Aging and Spirituality provides a much needed resource for health care professionals clergy social workers and counselors working with geriatric clients By integrating spiritual issues into the theoretical framework of social gerontology Aging and Spirituality will help you understand the scientific foundations practical applications and public policy implications of spirituality for older adults Aging and Spirituality James W. Ellor, Susan H. McFadden, Stephen Sapp, 1999-03-01 Published by the American Society on Aging to celebrate the 10th anniversary of its Forum on Religion Spirituality and Aging ASA presents a collection of articles from the group's popular newsletter Articles explore rituals cultural integration of caregiving spiritual expression in long term care and the meaning of age in a spiritual context *Die Stellung der Studenten in der Universität*, 1969 **Aging and God** Harold George Koenig, 1994 This important book examines the relationship between religion and mental health throughout the life cycle with a special emphasis on later life It asserts that successful aging is possible regardless of physical health or environmental circumstances and that religious beliefs and behaviors may facilitate successful aging Aging and God thoroughly examines the effects of religion and mental health on aging and provides a centralized resource of up to date references of research in the field It focuses on recent findings theoretical issues and implications for clinical practice and contains ideas for further research In Aging and God you'll also find information on project design that can help you develop grant applications and carry out studies Aging and God is a helpful book for both mental health and religious professionals It helps mental health specialists better understand the spiritual needs of older adults and the impact that religion can have on facilitating mental health It also describes how religion can be utilized in clinical practice and integrated into psychotherapeutic approaches to older patients The book brings religious professionals current knowledge of the major psychological problems that older adults face and how religion can be used to help alleviate these problems Full of pertinent information Aging and God addresses theoretical aspects of human development focusing on cognitive moral and religious faith development examines situations and disorders of particular concern to older persons and looks at how religion can be used as a resource applies research findings to the problem of meeting the spiritual and mental health needs of elders with chronic or acute health problems provides an in depth look at end of life issues such as physician assisted suicide Hospital and nursing home chaplains will find this book informative and encouraging as will gerontologists hospital administrators and community clergy faced with increasingly older congregations It gives mental health professionals new strategies to help improve the later years of older adults and makes an excellent text for courses on religion mental health and aging Middle aged and older adults as well as their families will also find Aging and

God enjoyable and inspiring as they attempt to grapple with the myriad adjustment and coping problems associated with aging *Spirituality, Religion, and Aging* Holly Nelson-Becker, 2017-02-01 *Spirituality Religion and Aging Illuminations for Therapeutic Practice* by Holly Nelson Becker is a highly integrative book written for students professionals in aging ministers and older adults themselves Readers will gain the knowledge and skills they need to assess engage and address the spiritual and religious needs of older persons Taking a fresh approach that breaks new ground in the field the author discusses eight major world religions and covers values and ethics theories interventions health and caregiving depression and anxiety dementia and the end of life Meditations and exercises throughout the book allow readers to expand and explore their personal understanding of spirituality Referencing the latest research the book includes assessments and skill based tools designed to help practitioners enhance the mental health of older people **Religion, spirituality and ageing : a**

socialwork perspective V. K. Shastri, 2013 *Faith In The Future* Harold Koenig, 2004 div After an interview in Newsweek about his book *Spirituality in Patient Care* and his research in religion and health Dr Harold Koenig became the international voice on spirituality health and aging In this book *Faith in the Future* he is joined by two other experts on aging and human development They present a compelling look at one of the most severe issues in today s society health care in America How will we provide quality healthcare to older adults needing it during the next thirty to fifty years Who will provide this care How will it be funded How can we establish systems of care now to be in place as demographic and health related economic pressures mount Alongside the sobering reality of our country s challenges there are reasons for optimism Innovative programs created and maintained by volunteers and religious congregations are emerging as pivotal factors in meeting healthcare needs Summarizing decades of scientific research and providing numerous inspirational examples and role models the authors present practical steps that individuals and institutions may emulate for putting faith into action div

New Directions in the Study of Late Life Religiousness and Spirituality Susan H. Mcfadden, Mark Brennan, 2014-05-01 Examine the questions of how what and why associated with religiousness and spirituality in the lives of older adults *New Directions in the Study of Late Life Religiousness and Spirituality* explores new ways of thinking about a topic that was once taboo but that has now attracted considerable attention from the gerontological community It examines various approaches to methodology and definition that are used in the study of religion spirituality and aging In addition it explores the ways that gerontological research can highlight the role of religion and spirituality in the lives of older adults The first section will introduce you to new ways of thinking about research methodology and data analysis that can be applied to studying the complexity of older adults religious spiritual practice and beliefs You ll learn several approaches to the study of phenomena that are both personal and also deeply embedded in community The second section addresses issues of definition exploring important questions that call for critical reflection such as What are we studying What social and psychological influences shape our thinking about definition and Do the definitions used by gerontologists match those held

by older people The final section moves the study of religion spirituality and aging beyond a focus on health and mortality to examine well being more broadly in the context of the life experiences of older adults Here is a small sample of what you ll learn about in New Directions in the Study of Late Life Religiousness and Spirituality structural equation modeling a statistical method designed to capture the dynamics inherent in the passage of time feminist qualitative methods for studying spiritual resiliency in older women spirituality as a public health issue the differences between groups of older people in the way they define religion and spirituality the psychosocial implications of two types of religious orientation dwelling and seeking older women s responses to the experience of widowhood and to the question of whether their religious beliefs were affected by the experience how social context influences our decisions and our interpretations of people s religious beliefs behaviors and experiences the ways that people caring for a spouse with dementia rely on religious coping a model that delineates three different ways people relate to God in coping and a study that asks whether these types of coping produce different outcomes for caregivers how people adjust to bereavement as a function of their beliefs about an afterlife

The Spirituality of Age Robert L. Weber, Carol Orsborn, 2015-09-17 A compassionate guide for transforming aging into spiritual growth Engage with 25 key questions guiding you to mine previously untapped veins of inspiration and courage Find a constructive role for regret and fear and embrace the freedom to become more fully yourself Draw from both Eastern and Western spiritual traditions and the latest research in psychological and religious theory to cultivate your spiritual potential As we enter the years beyond midlife our quest for an approach to aging takes on added urgency and becomes even more relevant in our daily lives Empowering a new generation of seekers to view aging as a spiritual path authors Robert Weber and Carol Orsborn reveal that it is by engaging with the difficult questions about loss meaning and mortality questions we can no longer put off or ignore that we continue to grow In fact the realization of our full spiritual potential comes about not by avoiding the challenges aging brings our way but by working through them Addressing head on how to make the transition from fears about aging into a fuller richer appreciation of the next phase of our lives the authors guide you through 25 key questions that can help you embrace the shadow side of aging as well as the spiritual opportunities inherent in growing older Sharing their stories and wisdom to both teach and demonstrate what it means to feel energized about the possibilities of your later years they explore how to find a constructive role for regret shame and guilt realize your value to society and embrace the freedom of your later years to become more fully yourself Coming from Catholic Jesuit and Jewish backgrounds respectively as well as drawing from the latest research in psychological and religious theory Weber and Orsborn provide their own conversational and candid answers to the 25 key questions supporting their insightful and compassionate guidance with anecdotes inspirational readings and spiritual exercises By engaging deeply with both the shadow and light sides of aging our spirits not only learn to cope but also to soar

[Aging as a Spiritual Journey](#) Eugene C. Bianchi, 2011-07-01 Bianchi s wide ranging book draws together

insights from the social sciences the humanities and religion to establish a holistic framework for a spirituality of aging He argues that middle life and late adulthood present opportunities for turning inward for a deeper contemplative life within the context of active worldly endeavors This can also augur a reform of social relationships beyond individual development alone toward the creation of a more cooperative just society In this way physical decline is countered by a spiritual ascent He summons aging persons fortified with universal values and concerns gained from age and experience to return to the centers of decision making Throughout the author ponders such questions as personal power identity fear freedom contemplation sexuality the church faith suffering and hope In candid interviews older religious leaders reflect on their early value formation personal traumas choice of careers midlife transitions experiences of old age and the prospect of death In dwelling mainly on human spiritual dilemmas of the aging cycle Bianchi offers a strong clear message of hope one that stands against the tide of our culture which tends to shunt older people to the outer eddies of life s stream Aging as a Spiritual Journey is immensely valuable to all laypersons and those in the helping professions who are concerned about the quality of the aging process

New Directions in the Study of Late Life Religiousness and Spirituality Susan H.
