

Religious Diversity

Robert McKim

Religious Diversity:

America and the Challenges of Religious Diversity Robert Wuthnow, 2011-07-01 Muslims Hindus Buddhists and adherents of other non Western religions have become a significant presence in the United States in recent years Yet many Americans continue to regard the United States as a Christian society How are we adapting to the new diversity Do we casually announce that we respect the faiths of non Christians without understanding much about those faiths Are we willing to do the hard work required to achieve genuine religious pluralism Award winning author Robert Wuthnow tackles these and other difficult questions surrounding religious diversity and does so with his characteristic rigor and style America and the Challenges of Religious Diversity looks not only at how we have adapted to diversity in the past but at the ways rank and file Americans clergy and other community leaders are responding today Drawing from a new national survey and hundreds of in depth qualitative interviews this book is the first systematic effort to assess how well the nation is meeting the current challenges of religious and cultural diversity The results Wuthnow argues are both encouraging and sobering encouraging because most Americans do recognize the right of diverse groups to worship freely but sobering because few Americans have bothered to learn much about religions other than their own or to engage in constructive interreligious dialogue Wuthnow contends that responses to religious diversity are fundamentally deeper than polite discussions about civil liberties and tolerance would suggest Rather he writes religious diversity strikes us at the very core of our personal and national theologies Only by understanding this important dimension of our culture will we be able to move toward a more reflective approach to religious pluralism

Religious Diversity Wilfred Cantwell Smith, 1976 Religious Diversity brings together outstanding essays in world religions by an authority in the field Carefully chosen both for accessibility and as an outline of Wildred Cantwell Smith s thinking these nine selections move gracefully through a wide range of concerns Publisher The Oxford Handbook of Religious Diversity Chad V. Meister, 2010-10-01 There exists today a rich and abounding diversity of religions in the world a diversity with respect to both belief and practice But it is a diversity that poses many challenges and raises many questions most especially in a pluralistic milieu How do we engage in effective dialogue with religious others What should public education reflect in a religiously pluralistic context What role might the diversity of religions play in developing a global ethic How do the various religious traditions deal with the plurality of religious belief and practice What role does gender play in such discourse The Oxford Handbook of Religious Diversity is a volume of thirty three original chapters that cover numerous issues in religious diversity and draw readers into the heart of the current dialogue It is divided into three parts Contours of Religious Diversity Key Issues Relevant to Religious Diversity and Differing Perspectives on Religious Diversity Chapters in the first part trace the general features of religious diversity discussions from four different fields history religious studies philosophy and sociology Part two explores key theological philosophical sociological and public policy issues relevant to religious diversity The third and final part provides differing analyses of religious

diversity from multi faith gender and global points of view An indispensable guide for scholars and students the Handbook makes a state of the art contribution to the field with essays crafted by experts representing a wide variety of religious and philosophical perspectives

Problems of Religious Diversity Paul J. Griffiths, 2015-02-23 Exploring Religious Diversity analyzes the philosophical questions raised by the fact that many religions in the world often appear to contradict each other in doctrine and practice Analyzes the philosophical questions raised by the fact that many religions in the world often appear to contradict each other in doctrine and practice Evaluates the fundamental philosophical underpinnings of the debates between religious and non religious approaches to religious diversity Contains a glossary that defines the book's key technical terms and how they are related to one another

Religious Diversity in Asia Jørn Borup, Marianne Qvortrup Fibiger, Lene Kühle, 2019-10-01 The religious landscape in Asia has long been diverse with various forms of syncretic traditions and pragmatic practices continuously having been challenged by centrifugal forces of differentiation This anthology explores representations and managements of religious diversity in Japan China South Korea Vietnam the Philippines Indonesia Sri Lanka India and diaspora religions originating in these countries seen through the lenses of history identity state ritual and geography In addition to presenting empirical cases the chapters also address theoretical and methodological reflections using Asia as a laboratory for further comparative research of the relevance and use of religious diversity Contributors are Donald Baker Ugo Dessi Chung Van Hoang Ayelet Harel Shalev Noa Levy Gideon Elazar Santosh K Singh Yu Tao Ed Griffith Satoko Fujiwara Uwe Skoda Tudor Silva Martin Tsang Marianne Q Fibiger J rn Borup and Lene K hle Religious Diversity in Asia was made possible by a framework grant from the Danish Agency for Science Technology and Innovation allowing the grant holder J rn Borup and two colleagues Marianne Q Fibiger and Lene K hle to host a workshop at Aarhus University and to co arrange workshops in Delhi and Nagoya We would like to thank professors Arshad Alam and Michiaki Okuyama for hosting these latter workshops at Jawaharlal Nehru University and Nanzan University and we would like to thank Professor Chong Suh Kim for the invitation for J rn Borup to visit Seoul National University We would also like to extend our gratitude to all the scholars who participated in the workshops and to all the authors we subsequently invited to contribute to our endeavor to create this academically relevant volume

Religious Perspectives on Religious Diversity, 2016-11-07 Religious Perspectives on Religious Diversity addresses fundamental and controversial questions raised by religious diversity What are members of religious traditions to say about outsiders their views and their salvific status And what are they to say about the religions of outsiders about say whether those religions are inspired or salvifically effective or worthwhile or legitimate Discussion of some Muslim Christian and Jewish perspectives is combined with more methodological work The authors of these ground breaking and original yet readable and accessible essays include established scholars and younger scholars whose reputation is growing Contributors are Imran Aijaz David Basinger Paul Rhodes Eddy Jerome Gellman Mohammad Hassan Khalil Eugene Korn Daniel A Madigan Robert McKim John Sanders and

Diego R Sarri Cucarella Judaism Christianity and Islam s attitudes to other religions are thoughtfully examined in this collection both with fine historical sensibility as well as original constructive contributions from leading scholars in the field A series of helpful meta reflections follow on typologies in theology of religions the act of comparison between traditions and a plea for informed tolerance when difference is confronted A rare treat an edited collection that is of uniformly high quality throwing immense light on the subject It will help specialists and undergraduate students approaching the subject of religious pluralism Professor Gavin D Costa University of Bristol September 2016 **Religious Diversity and**

Intercultural Education John Keast,Council of Europe,2007-01-01 This reference book is intended to help teachers teacher administrators policy makers and others deal with the important issue of religious diversity in Europe s schools The religious dimension of intercultural education is an issue that affects all schools whether they are religiously diverse or not because their pupils live and will work in increasingly diverse societies The book is the main outcome of the project 1The Challenge of intercultural education today religious diversity and dialogue in Europe developed by the Council of Europe between 2002 and 2005 It is in four parts theoretical and conceptual basis for religious diversity and intercultural education educational conditions and methodological approaches religious diversity in schools in different settings examples of current practice in some member states of the Council of Europe **The Politics and Practice of Religious Diversity** Andrew

Dawson,2016-04-20 The Politics and Practice of Religious Diversity engages with one of the most characteristic features of modern society An increasingly prominent and potentially contentious phenomenon religious diversity is intimately associated with contemporary issues such as migration human rights social cohesion socio cultural pluralisation political jurisdiction globalisation and reactionary belief systems This edited collection of specially commissioned chapters provides an unrivalled geographical coverage and multidisciplinary treatment of the socio political processes and institutional practices provoked by and associated with religious diversity Alongside chapters treating religious diversity in the BRIC countries of Brazil Russia India and China are contributions which discuss Australia Finland Mexico South Africa the UK and the United States This book provides an accessible distinctive and timely treatment of a topic which is inextricably linked with modern society s progressively diverse and global trajectory Written and structured as an accessible volume for the student reader this book is of immediate interest to both academics and laypersons working in mainstream and political sociology sociology of religion human geography politics area studies migration studies and religious studies Religious

Pluralism Giuseppe Giordan,Enzo Pace,2014-07-08 This volume illustrates both theoretically and empirically the differences between religious diversity and religious pluralism It highlights how the factual situation of cultural and religious diversity may lead to individual social and political choices of organized and recognized pluralism In the process both individual and collective identities are redefined incessantly moving along the continuum that ranges from exclusion to inclusion The book starts by first detailing general issues related to religious pluralism It makes the case for keeping the empirical the normative

the regulatory and the interactive dimensions of religious pluralism analytically distinct while recognizing that in practice they often overlap It also underlines the importance of seeking connections between religious pluralism and other pluralisms Next the book explores how religious diversity can operate to contribute to legal pluralism and examines the different types of church state relations eradication monopoly oligopoly and pluralism The second half of the book features case studies that provide a more specific look at the general issues from ways to map and assess the religious diversity of a whole country to a comparison between Belgian French views of religious and philosophical diversity from religious pluralism in Italy to the shifting approach to ethnic and religious diversity in America and from a sociological and historical perspective of religious plurality in Japan to an exploration of Brazilian religions old and new The transition from religious diversity to religious pluralism is one of the most important challenges that will reshape the role of religion in contemporary society This book provides readers with insights that will help them better understand and interpret this unprecedented transition **Out of**

Many Faiths Eboo Patel, 2019-08-27 The former faith adviser to Barack Obama draws on his personal experience as a Muslim in America to examine the importance of religious diversity in the nation's cultural political and economic life He explores how religious language has given the United States some of its most enduring symbols and inspired its most vital civic institutions *The Critical Analysis of Religious Diversity* Lene Kühle, Jørn Borup, William Hoverd, 2018-06-19 Drawing on international and thematic case studies *The Critical Analysis of Religious Diversity* asks its readers to pay attention to the assumptions and processes by which scholars religious practitioners and states construct religious diversity The study has three foci theoretical and methodological issues religious diversity in non Western contexts and religious diversity in social contexts Together these trans contextual studies are utilised to develop a critical analysis exploring how agency power and language construct understandings of religious diversity As a result the book argues that reflexive scholarship needs to consider that the dynamics of diversification and homogenisation are fundamental to understanding social and religious life that religious diversity is a Western concept and that definitions of religious diversity are often entangled by and within dynamic empirical realities Contributors are Martin Baumann Peter Beyer Jørn Borup Paul Bramadat Marian Burchardt Henrik Reintoft Christensen Andrew Dawson Mar Griera Anna Halafoff William Hoverd Lene Kühle Mar Marcos Stefania Travagnin and Andreas Tunger Zanetti *Understanding Religious Pluralism* Peter C. Phan, Jonathan Ray, 2014-08-01 Our contemporary world is fast becoming religiously diverse in a variety of ways Thanks to globalization and migration to mention only two current worldwide trends people of diverse and sometimes mutually hostile faiths are now sharing neighborhoods and encountering one another's religious traditions on a daily basis For scholars in religious studies and theology the issue to be examined is whether religious diversity is merely the result of historical development and social interaction or whether it is inherent in the object of belief part of the very structure of faith and our attempts to understand and express it The essays in this volume range from explorations of the impact of religious diversity on religious studies to

examples of interfaith encounter and dialogue and current debates on Christian theology of religion These essays examine not only the theoretical issues posed by religious pluralism to the study of religion and Christian theology but also concrete cases in which religious pluralism has been a bone of contention Together they open up new vistas for further conversation on the nature and development of religious pluralism

In Praise of Religious Diversity James B. Wiggins, 1996 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company

On Religious Diversity Robert McKim, 2012-03-06 Robert McKim's goal in *On Religious Diversity* is to distinguish and examine a number of possible responses to the knowledge of other religious traditions that are available to all of us today He argues that the issues raised will be very pressing throughout the century we have just begun

Young People's Attitudes to Religious Diversity Elisabeth Arweck, 2016-07-01 Investigating the hitherto unexplored topic of how young people understand and relate to religious diversity in the social context in which they are growing up this book makes a significant contribution to the existing body of literature on religious diversity and multiculturalism It closes a gap in knowledge about young people's attitudes to religious diversity and reports data gathered across the whole of the UK as well as comparative chapters on Canada USA and continental Europe Reporting findings from both qualitative and quantitative research which reveal for example the importance of the particular social and geographical context within which young people are embedded the volume addresses young people's attitudes towards the range of world religions as well as non religious stances and offers an interdisciplinary approach through the different analytical perspectives of the contributors

Religious Diversity--What's the Problem? Rita M. Gross, 2014-04-24 Once upon a time on grounds of both religion and common sense people assumed that the earth was flat and that the sun literally rose and set each day When newly developing knowledge made those beliefs untenable giving them up was difficult Today the belief that only one of the world's various religions is true for all people on earth is equivalent to the belief in a flat earth Both notions have become untenable given contemporary knowledge about religion Even though many people are still troubled by the existence of religious diversity today that diversity is a fact of life Religious diversity should be no more troubling to religious people than the fact that the earth is round and circles the sun This provocative book based on the author's longtime practice of Buddhism and comparative study of religion provides tools with which one can truly appreciate religious diversity as a gift and resource rather than as a deficiency or a problem to be overcome After we accept diversity as inevitable and become comfortable with it diversity always enriches life both nature and culture

Religious Diversity and Religious Progress Robert McKim, 2019-01-10 What is someone who has a perspective on religious matters to say about those who endorse other perspectives What should they say about other religions For example might some of their beliefs be true What stage are we human beings at in our religious development Are we close to maturity religiously speaking so that most of the important religious ideas and innovations there will ever be have already appeared Or are we starting out in our religious evolution so that religious developments to date are merely the first rude

efforts of a species in its religious infancy

Christianity and Religious Diversity Harold A. Netland, 2015-05-12 This book explores how religions have changed in a globalized world and how Christianity is unique among them Harold Netland an expert in philosophical aspects of religion and pluralism offers a fresh analysis of religion in today's globalizing world He challenges misunderstandings of the concept of religion itself and shows how particular religious traditions such as Buddhism undergo significant change with modernization and globalization Netland then responds to issues concerning the plausibility of Christian commitments to Jesus Christ and the unique truth of the Christian gospel in light of religious diversity The book concludes with basic principles for living as Christ's disciples in religiously diverse contexts

Religious Diversity in Australia Douglas Ezzy, Anna Halafoff, Greg Barton, Rebecca Banham, 2024-03-07 This book documents the structure of religious diversity in Australia and examines this diversity in the context of the law migration education policing the media and interfaith communities Focusing on Melbourne and Tasmania it articulates the benefits and opportunities of diversity alongside the challenges that confront religious and ethnic minorities including discrimination and structural inequalities generated by Christian and other forms of privilege It articulates constructive strategies that are deployed including encouraging forms of belonging structured ways of negotiating disagreement and respectful engagement with difference While scholars across the West are increasingly attuned to the problems and promises of growing religious diversity in a global age in depth empirical research on the consequences of that diversity in Australia is lacking This book provides a rich well researched and timely intervention

Philosophical Perspectives on Religious Diversity Dirk-Martin Grube, Walter Van Herck, 2018-10-19 Addressing the question of what kind of theoretical foundations are required if we wish to have a constructive attitude towards different religions this book scrutinizes aspects of the human condition personhood and notions of exclusive truth and tolerance In the book Wolterstorff suggests that persons have hermeneutic and related competences that account for their special dignity and that this dignity implies the right to practice religion freely Margolis emphasizes the contingent character of all religious pursuits being products of a unique form of evolution humans need to create convincing purposes in an otherwise purposeless world Respondents criticize both views with an eye on the question of whether those views promote religious tolerance Grube criticizes the tendency for interreligious dialogue to be pursued under the parameters of an exclusive bivalent notion of truth according to which something is necessarily false if it is not true Under those parameters religions that differ from the one true religion must be false This explains why religious pluralists attempt to minimize the differences between religions at all costs and why others suggest implausibly strong concepts of tolerance As an alternative Grube proposes to drop exclusive concepts of truth and to conduct interreligious dialogue under the parameters of the concept of justification which allows for pluralisation The following discussion takes up this criticism of bivalence and its consequences for dealing with religious otherness This book was originally published as a special issue of the International Journal of Philosophy and Theology

As recognized, adventure as competently as experience more or less lesson, amusement, as without difficulty as harmony can be gotten by just checking out a ebook **Religious Diversity** as a consequence it is not directly done, you could consent even more roughly speaking this life, on the subject of the world.

We give you this proper as skillfully as simple pretentiousness to get those all. We offer Religious Diversity and numerous books collections from fictions to scientific research in any way. along with them is this Religious Diversity that can be your partner.
