*Religious Life of the Brahman* Asim Maitra, 1986 Nowhere else in the world have so many races and cultures met and got absorbed as in India Nowhere else in the world has religion been made the object of such vast experimentation as village Hindu religion The present book by Asim Maitra based on his field study using anthropological tools aims at providing a correct and scientific understanding of the religious issues of Maithil Brahmins in particular and the Mithila area now comprising the present districts of Darbhanga Saharsa Madhywani Samastipur parts of Champaran Muzaffarpur Monghyr Bhagalpur Purnea and Tarai under Nepal lying between the districts and lower ranges of Himalaya in general Brahman Michael Myers, 2013-09-13 This book is a critique of western systematic theology It borrows insights from India and other traditions it is not a synthesis of religious traditions The book includes two parts method and systematics It examines the traditional topics of systematic theology topics such as the existence and nature of God revelation and reason religious ethics and human practice the relation of God to the world Christology and eschatology and allows these topics to grow in conversation with India and to change according to dialogical insights The book is prompted by a perceived need to cross the boundaries between western and Indian worldviews in a systematic and comprehensive way The purpose of the book is to enable scholars worldwide to extend their theological resources and to look anew at the problems and prospects of a comparative systematic theology **The Philosophy of Religion and Advaita Vedanta** Arvind Sharma, 2008-01-31

Philosophy of religion as we know it today emerged in the West and has been shaped by Western philosophical and theological trends while the philosophical tradition of India flowed along its own course until the late nineteenth century when active if tentative contact was established between the West and the East This book provides a definite focus to this interaction by investigating issues raised in Western philosophy of religion from the perspective of Advaita Vedanta the influential school of Indian thought In promoting the emergence of a cross cultural philosophy of religion Arvind Sharma focuses on John H Hick and his well known work *The Philosophy of Religion* as representative of modern Western philosophy of religion and on Ankara along with his modern successors such as M Hiriyanna and S Radhakrishnan as representative of Advaita Vedanta The Brahmins, Theists and Muslims of India John Campbell Oman, 1907 **India** Annie Besant, 1913

Animal Welfare in World Religion Joyce D'Silva, 2023-05-01 This unique and readable book examines the relationship between religion and animal welfare taking a detailed dive into the teachings and practices of the major world religions While there are many books expounding the beliefs of the major religions and many about the rights and welfare of animals there are few linking the two With each chapter focusing on one of the five major religions Judaism Christianity Islam Hinduism and Buddhism the book explores the beliefs and practices which drive our relationship with and treatment of animals The book draws on the scriptures of the major faiths and includes the voices of leading historical religious figures and contemporary faith leaders In doing so it compares the teachings of old with contemporary practices and showcases the

impact of the major religions on both the protection and exploitation of animals from running animal sanctuaries to participating in or condoning cruel sports and factory farming. Importantly the book also includes a chapter looking beyond the major world religions where it examines a wider range of beliefs and practices including Indigenous peoples from the USA and Australia, Jainism, Sikhism and Rastafarianism to provide fascinating insights into another range of beliefs and views on the human animal relationship. Overall this book challenges and encourages religious leaders and followers to re-examine their teachings and to prioritise the well-being of animals. This book is essential reading for those interested in the role of religion in animal welfare, human animal studies and animal welfare and ethics more broadly.

**The Atonement Creating Unions** Godfrey Kesari, 2019-01-01

Why did Jesus die on the cross? Does the atonement have any spiritual significance? This book is a bold and imaginative endeavor to make atonement theology rational in a fresh way in our interreligious world. Seeking connections between Christian and Hindu thinking in order to create hermeneutical bridges, Godfrey Kesari aims to open up creative ways of reimagining the doctrine of the atonement which is so central to the Christian message. Kesari retains the particularity of the unique events embracing the life, suffering and death of Christ while linking clearly to the more universal considerations that are encountered within Visistadvaitic Hinduism. These explorations in turn contribute to a new way of seeing the Christian revelation. This is a ground-breaking work that attempts to find a way of treating and defending the centrality and theological significance of the atonement with contextual relevance.
