Religious Lives Jesus:

Religious Life Loan Le, 2016-06-22 Following the Second Vatican Council when each Religious Institute was encouraged to research its charism some Institutes experienced a tension between their charism and their mission or even difficulty identifying what their charism was This book is a study of the theological understanding of charism and of mission in relation to Religious Life within the Catholic Church While this topic has featured in much Roman Catholic theological literature since Vatican II there appears to be a dearth of in depth studies This book addresses this apparent lacuna It draws particularly on the work of two major theologians Jean Marie Roger Tillard OP and Sandra Marie Schneiders IHM who have reflected at length on charism and mission in the period leading up to Vatican II and on the implementation of its documents with respect to Religious Life The very significant contributions of Tillard and Schneiders on the topic provide Religious as well as others who want to know and understand Religious Life with an interesting and motivating insight into charism and mission in Religious Life Within the Roman Catholic Church a Year of Consecrated Life has just drawn to a close and this book forms a background and a response to Pope Francis Apostolic Letter to all Consecrated People on the occasion of the Year of Consecrated Life November 2014 which invited Religious to reflect on these aspects that are essential to the life they have chosen to live

The Revival of

the Religious Life Paul Bertie Bull,1914 **Seeking the Asian Face of Jesus** Chris Sugden,1997 *The Development of Religious Life in the Modern Christian Church ...* Henry Solly,1849 **The Life of the Vows** Thomas Merton,2012 As novice master of the Cistercian Abbey of Our Lady of Gethsemani in Kentucky Thomas Merton presented weekly conferences to familiarize his charges with the meaning and purpose of the vows they aspired to undertake In this setting he offered a thorough exposition of the theological canonical and above all spiritual dimensions of the vows Merton set the vows firmly in the context of the anthropological moral soteriological and ecclesial dimensions of human Christian and monastic life He addressed such classical themes of Christian morality as the nature of the human person and his acts the importance of justice in relation to the Passion of Christ to friendship and to love and self surrender as the key to grace prayer and the vowed life Merton s words on these topics clearly spring from a committed heart and often flow with the soaring intensity of style that we have come to expect in his more enthusiastic prose The texts of these conferences represent the longest and most systematically organized of any of numerous series of conferences that Merton presented during the decade of his mastership They may be the most directly pastoral work Merton ever wrote **The Life of Christ** Ernest De Witt Burton,Shailer Mathews,1912 *Autobiography and the Psychological Study of Religious Lives* ,2008-01-01 This volume positions itself on the cutting edge of two fields in psychology that enjoy rapidly increasing attention both the study of human lives and some core domains of such lives as religion and spirituality are high on the agenda of current research and teaching Biographies and autobiographies are being approached in new ways and have become central to the study of human lives as an object of research and a preferred method for obtaining unique data about subjective human experiences Ever since the beginning of the psychology of religion autobiographies have also been pointed out as an important source of information about psychic processes involved in religiosity In this volume a number of leading theoreticians and researchers from Europe and the USA try to bring them back to this field by drawing on new insights and latest developments in psychological theory

The path of perfection in religious life. Transl Alexandre Leguay,1862 **Paul, the Apostle of Jesus Christ, His Life and Work, His Epistles and His Doctrine. A Contribution to the Critical History of Primitive Christianity** Ferdinand Christian Baur,Eduard Zeller,Allan Menzies,2024-06-24 Reprint of the original first published in 1876 *The Pleasantness of a Religious Life* Matthew Henry,1771 **Quantum Religion** Sylvester L. Steffen,2011-11-30 QUANTUM RELIGION Enlarging from the Inside Out These times are scary but also hope filled scary because of degraded nature but hope filled because global religion is coming to new self understanding In a word religion means relationship good news is experienced in relationships Life itself is good news because it has built in intelligence that can avoid hurtful relationships and can choose sustainable relationships instead Global relationship religion is waking up to the tragic misdirection of imperial top down control in contrast to the ordered direction of organic life growing and enlarging from within Growing from the inside out happens incrementally with experience a little bit at a time But the good news is that consciousness of experience the ground

of faith is cumulative by trial and error and reveals what is sustainable and what is not Organic relationships originated minutely but have grown to the point of being self reflective in the human person Essential to growth is change as experience has shown But political forces of self interest compete to create self serving webs of relationships that intend to dominate and control The monopoly control of Christian churches has been centered in Rome under pope kings The violence of imperial overreach came to a head in medieval times and the weight of oppression so heavy at that time drove people to rebel and demand change Denominational Christianity today is made up of reform factions of original Roman Catholicism In the present time the coming apart of imperial Roman Catholicism is happening with the resignation of Emeritus Pope Benedict XVI and with the election of Pope Francis I For the first time in the history of the Roman Catholic Church it is opening up to the organic nature of life including humankind and the incremental nature of relationships growing bit by bit from within not from the top down Cosmic nature informs all relationships with the possibility and necessity of continuity and holding together from within The mentality of dominion culture underlies the waste of nature by colonial overreach and corporate capitalism The consciousness of love grounds in the universal understandings of common wellbeing and expands in the incremental growth of complexity consciousness The affirming harmony of intentional relationships is the good news of personal social wellbeing and the condition of an uplifting and sustainable future The personal search for self identity takes on new meaning in light of understanding religion as common organic relatedness in Cosmic Earth evolution The possibility of religions coming together on grounds of universal understandings is real given the wide open potentials of communication and the continuity of diverse life inside the webs of organic evolution Beyond the benefits of the personal uplift of consciousness QUANTUM RELIGION provides cohesive insights for bringing communities to a higher sense of religion and civility and the necessary sensitivity that secures natural ecologies for future wellbeing QUANTUM RELIGION is the good news of rising consciousness

Our Real Life in Christ M. Alberto Zelaya Aragon,2013-11-21 Its essential to uncover the current malady affecting the organized Christian Church today not its structuring and not necessarily its organizational approach but present to it His solution which has never been hidden or even veiled in His Word which is that we must return to the true roots of Christianity which is founded on the individual discipleship of each member of His body just as Jesus designed it and modeled it for us while He ministered on this earth It passed the acid test of resiliency when it was mercilessly persecuted as its disciples applied the principles as instituted and instructed by our Lord for all of us to display and to do I encourage anyone to do a Bible search for the word disciple and believer and see firsthand that these words are not interchangeable or used in the same context when referring to a specific person whos known to be committed to our Lord versus referring to a generalization in the third person to someone or a group whos aware about the existence of the real living God Gods remedy its still available today to anyone who truly desires to attain it and can decipher that its only through discipleship that a true believer is infected with the enthusiasm zeal and eagerness in the commitment to fulfill John 8 31 and Matthew 28 19 reaching to those around them who thirst and hunger for the things of God and in that process experience the life He promises we can live now Its time to abandon once and for all the current practices of mass producing supporters and inscribe it into our minds that the Great Commission was not to make believers but to make disciples The early church didn t churn out cheerleaders and advocates but bona fide disciples taught and equipped according to Ephesians 6 1017 who then as members of the body of Christ led by example transforming them into a formidable most powerful and effective force the Roman Empire had ever seen Again I want to reiterate that I am not against the church as organized by the apostles but want to revolutionize it where discipleship is the top priority and purpose for its existence I am critical of the current organized

version that has taken the place of the real church that nowadays is wasting vast resources and investing them in huge entertainment amphitheaters and often dilute distort and obscure the true message and method to attain this new life established by our Lord Unless this change happens we cant truly reach and change a lost world Our Real Life in Christ seeks to help those who are experiencing that gnawing sensation that there is much more to Gods Word than what is being offered by those weekly sermons in churches today
