The Religious Policy of the Mughal Emperors Sri Ram Sharma,1962 The Religious Policy of the Mughal Emperors Ram Vilas Sharma,1962 *The Religious Policy of the Mughal Emperors* Śrīrāma Śarmā,1975 *The Religious Policy of the Mughal Emperors. (Second Edition.).* Sri Ram SHARMA (F.H.Hist.Soc.),1962 **A History of Christianity in Asia, Vol. II** Samuel Hugh Moffett,2014-07-30 The story of Christianity in the West has often been told but the history of Christianity in the East is not as well known The seed was the same the good news of Jesus Christ for the whole world which Christians call the gospel But it was sown by different sowers it was planted in different soil it grew with a different flavor and it was gathered by different reapers It is too often forgotten that the faith moved east across Asia as early as it moved west into Europe Western church history tends to follow Paul to Philippi and to Rome and on across Europe to the conversion of Constantine and the barbarians With some outstanding exceptions only intermittently has the West looked beyond Constantinople as its center It was a Christianity that has for centuries remained unashamedly Asian A History of Christianity in Asia makes available immense amounts of research on religious pluralism of Asia and how Christianity spread long before the modern missionary movement went forth in the shelter of Western military might Invaluable for historians of Asia and scholars of mission it is stimulating for all readers interested in Christian history *TAJ MAHAL - SHRINE OF LIES* IZ,2023-06-06 A lover or a hater a saint or a satan a liberator or an oppressor Was he a protector of the weak the saviour of their lives or just another arch nemesis of their rights and lives Who was Shah Jahan truly This extensively researched book will answer all these mysteries It sheds light onto the dark and atrocious past of Emperor Shah Jahan Ruler of the Mughal Empire which historians and society have completely ignored It shows how the Taj Mahal has worked as a blanket under which the darkest deeds of Shah Jahan have been buried This book puts a big question mark on the legacy of Shah Jahan and the Taj Mahal as we know it today *A History of State and Religion in India* Ian Copland,Ian Mabbett,Asim Roy,Kate Brittlebank,Adam Bowles,2013-05-02 Offering the first long duration analysis of the relationship between the state and religion in South Asia this book looks at the nature and origins of Indian secularism It interrogates the proposition that communalism in India is wholly a product of colonial policy and modernisation questions whether the Indian state has generally been a benign or disruptive influence on public religious life and evaluates the claim that the region has spawned a culture of practical toleration The book is structured around six key arenas of interaction between state and religion cow worship and sacrifice control of temples and shrines religious festivals and processions proselytising and conversion communal riots and religious teaching doctrine and family law It offers a challenging argument about the role of the state in

religious life in a historical continuum and identifies points of similarity and contrast between periods and regimes The book makes a significant contribution to the literature on South Asian History and Religion *New Dimensions of Indian Historiography : Historical Facts and Hindutva Interpretation* Dr. Aijaz Ahmad,2022-03-06 In this work New Dimensions of Indian Historiography the whole period of Indian history from Vedic to the current period has been widely and accurately discussed Along with different schools of historiography the new emerging Hindutva historiography has been widely discussed The so called controversial kings and events which raise the eyebrow of the Hindutva historians have been especially discussed by mentioning the original sources The relations between Aurangzeb and Shivaji Akbar and Maharana Pratap which works as a tool of spreading hatred between Hindus and Muslims have been proved as political and not at all religious relations The intentionally raised controversy over the mosque at Ayodhya Taj Mahal and other heritage buildings have also been widely discussed by quoting the original sources and unbiased hypothesis **The Promise of Salvation** Martin Riesebrodt,2010-02-15 Why has religion persisted across the course of human history Secularists have predicted the end of faith for a long time but religions continue to attract followers Meanwhile scholars of religion have expanded their field to such an extent that we lack a basic framework for making sense of the chaos of religious phenomena To remedy this state of affairs Martin Riesebrodt here undertakes a task that is at once simple and monumental to define understand and explain religion as a universal concept Instead of propounding abstract theories Riesebrodt concentrates on the concrete realities of worship examining religious holidays conversion stories prophetic visions and life cycle events In analyzing these practices his scope is appropriately broad taking into consideration traditions in Judaism Christianity Islam Buddhism Daoism and Shinto Ultimately Riesebrodt argues all religions promise to avert misfortune help their followers manage crises and bring both temporary blessings and eternal salvation And as The Promise of Salvation makes clear through abundant empirical evidence religion will not disappear as long as these promises continue to help people cope with life **A Short History of the Mughal Empire** Michael Fisher,2015-10-01 The Mughal Empire dominated India politically culturally socially economically and environmentally from its foundation by Babur a Central Asian adventurer in 1526 to the final trial and exile of the last emperor Bahadur Shah Zafar at the hands of the British in 1858 Throughout the empire s three centuries of rise preeminence and decline it remained a dynamic and complex entity within and against which diverse peoples and interests conflicted The empire s significance continues to be controversial among scholars and politicians with fresh and exciting new insights theories and interpretations being put forward in recent years This book engages students and general readers with a clear lively and informed narrative of the core political events the struggles and interactions of key individuals groups and cultures and of the contending historiographical arguments surrounding the Mughal Empire *The Rise of Islam and the Bengal Frontier, 1204-1760* Richard M. Eaton,2023-07-28 In all of the South Asian subcontinent Bengal was the region most receptive to the Islamic faith This area today is home to the world s second largest Muslim ethnic population

How and why did such a large Muslim population emerge there And how does such a religious conversion take place Richard Eaton uses archaeological evidence monuments narrative histories poetry and Mughal administrative documents to trace the long historical encounter between Islamic and Indic civilizations Moving from the year 1204 when Persianized Turks from North India annexed the former Hindu states of the lower Ganges delta to 1760 when the British East India Company rose to political dominance there Eaton explores these moving frontiers focusing especially on agrarian growth and religious change In all of the South Asian subcontinent Bengal was the region most receptive to the Islamic faith This area today is home to the world s second largest Muslim ethnic population How and why did such a large Muslim population emerge there And how does su

Hinduism as a Missionary Religion Arvind Sharma,2012-01-02 Is Hinduism a missionary religion Merely posing this question is a novel and provocative act Popular and scholarly perception both ancient and modern puts Hinduism in the non missionary category In this intriguing book Arvind Sharma re opens the question Examining the historical evidence from the major Hindu eras the Vedic classical medieval and modern periods Sharma s investigation challenges the categories used in current scholarly discourse and finds them inadequate emphasizing the need to distinguish between a missionary religion and a proselytizing one A distinction rarely made it is nevertheless an illuminating and fruitful one that resonates with insights from the comparative study of religion Ultimately concluding that Hinduism is a missionary religion but not a proselytizing one Sharma s work provides us with new insights both on Hinduism and the consideration of religion itself

Pettigrew, Mahesh Gopalan,2016-07-15 This book employs a wide range of perspectives to demonstrate how the East India Company facilitated cross cultural interactions between the English and various groups in South Asia between 1600 to 1857 and how these interactions transformed important features of both British and South Asian history Rather than viewing the Company as an organization projecting its authority from London to India the volume shows how the Company's history and its broader historical significance can best be understood by appreciating the myriad ways in which these interactions shaped the Company's story and altered the course of history Bringing together the latest research and several case studies the work includes examinations of the formulation of economic theory the development of corporate strategy the mechanics of state finance the mapping of maritime jurisdiction the government and practice of religions domesticity travel diplomacy state formation art gift giving incarceration and rebellion Together the essays will advance the understanding of the peculiarly corporate features of cross cultural engagement during a crucial early phase of globalization Insightful and lucid this volume will be useful to scholars and researchers of modern history South Asian studies economic history and political studies **The Cambridge History of British Foreign Policy, 1783-1919: 1815-1866** Sir Adolphus William Ward, George Peabody Gooch,1923
