Religious Right The Assault On Tolerance:

The Religious Right David Cantor (senior research analyst.), B'nai B'rith. Anti-defamation League, 1994 This publication was prepared and written by David Cantor T p verso **The Neoconservative Revolution** Murray Friedman, 2005 This book which will come as a surprise to many educated observers and historians suggests that Jews and Jewish intellectuals have played a considerable role in the development and shaping of modern American conservatism The focus is on the rise of a group of Jewish intellectuals and activists known as neoconservatives who began to impact on American public policy during the Cold War with the Soviet Union and most recently in the lead up to and invasion of Iraq It presents a portrait of the life and work of the original and small group of neocons including Irving Kristol Norman Podhoretz and Sidney Hook This group has grown into a new generation who operate as columnists in conservative think tanks like The Heritage and The American Enterprise Institute at colleges and universities and in government in the second Bush Administration including such lightning rod figures as Paul Wolfowitz Richard Perle and Elliot Abrams The book suggests the neo cons have been so significant in reshaping modern American conservatism and public policy that they constitute a Neoconservative Revolution

The Extreme Right Aurel Braun, 2018-02-12 This book offering a historical sociological account of right wing extremist movements in American history seeks to identify threats to freedom and security assess the responses to such threats and suggest some means of dealing with the potential dangers **Histories of Sexology** Alain Giami, Sharman Levinson, 2021-07-12 Histories of Sexology Between Science and Politics takes an interdisciplinary and reflexive approach to the historiography of sexology Drawing on an intellectual history perspective informed by recent developments in science and technology studies and political history of science this book examines specific social cultural intellectual scientific and political contexts that have given shape to theories of sexuality but also to practices in medicine psychology education and sexology Furthermore it explores various ways that theories of sexuality have both informed and been produced by sexologies as scientific and clinical discourses about sex in Western countries since the 19th century **The Christian**

Right & US Foreign Policy in the 21 st Century Mohd Afandi Salleh, 2020-01-07 This book is about the role of the Christian Right in the US foreign policy decision making process It reveals that the Christian Right has long been fascinated with some international issues in general and US foreign policy in particular The interest of the movement in international issues increased markedly during the George W Bush administration 2000 2009 During this period the movement successfully widened its activism from domestic social conservative issues to foreign policy issues by participating in articulating and lobbying for its religious version of American foreign policy In assessing the role of the Christian Right in US foreign policy making this dissertation examines aspects of US foreign policy namely Israel international religious freedom and global humanitarianism Based on these three aspects the Christian Right is seen as skilled in framing and defining issues The Christian Right seems effective in selecting and prioritizing international issues that have a reasonable chance of being

picked up on by foreign policy decision makers especially in Congress Moreover the Christian Right has shown its maturity in seeking engagement and cooperation with other organizations regardless of whether they are secular or religious to advance its international goals Finally in pursuing and conveying its international agenda the Christian Right has adopted a more moderate and mundane approach Instead of using its traditional religious rhetoric the Christian Right has successfully projected its foreign policy preferences into the conventional realist discourse of American foreign policy that was largely based on the objective of national interest and national security Onward, Christian Soldiers Deal W. Hudson, 2008-03-11

Like a mighty army moves the church of God Brothers we are treading where the saints have trod We are not divided all one body we One in hope and doctrine one in charity From the nineteenth century hymn *Onward Christian Soldiers* What keeps America a country of religious practice and traditional values How has the U S avoided succumbing to total secularism The answer to these provocative questions is found in the religious communities of America today In the past thirty years the religiously active voter has migrated to the Republican Party and the story behind this shift evidenced in the emergence of Evangelical dominance over mainstream Protestantism and the defeat of liberal Catholicism is at the heart of this fascinating cultural history In *Onward Christian Soldiers* the Washington insider who was at the vanguard of the sea change in religious and political history that propelled George W Bush into the White House offers an intimate perspective on those remarkable years and their influence over the ones to come Deal W Hudson analyzes how steadily overcoming age old misjudgments and misunderstandings that separated them conservative Catholics and Evangelical Christians drew together because of what they viewed as profound assaults on shared core beliefs They became allies to battle the forces of secularization relativism and atheism And together they forged a grassroots movement across America that astonished political activists and surprised commentators as well as members of traditional religious organizations How exactly was this coalition achieved and who were its movers and shakers What enabled them to deepen enrich and activate the resurgence of traditional values in society to make America radically different from the secularized Europe that was so widely believed to be on the verge of becoming the model for the United States Deal W Hudson details this phenomenon by examining the leading figures and institutions on both sides of the debate exposing the dramatic encounters between those espousing fundamental Judeo Christian beliefs and those heralding the death of God and the new age of secular humanism Dealing with today's hot button issues *Onward Christian Soldiers* provides an unprecedented look at the confrontation of the religious right with secularists in America a confrontation that is not only timely but also timeless in its impact *American Jewish Year Book, 1996*. ,1995 The Library owns the volumes of the *American Jewish Yearbook* from 1899 current **11 September 2001** Bulent Gokay, R.B.J. Walker, 2003-07-30 In a comprehensive study of the world since September 11th 2001 the contributors to this volume offer a series of perspectives on current security trends The scholars who participated in this study are from Europe North America and Asia **11-Sep-01** Bulent Gokay, R. B. J. Walker, 2003 In a comprehensive study of the world since September 11th

2001 the contributors to this volume offer a series of perspectives on current security trends The scholars who participated in this study are from Europe North America and Asia *Standing on the Premises of God* Frederick E. Detwiler,1999

The Antigay Agenda Didi Herman,2007-12-01 In *The Antigay Agenda* Didi Herman probes the values beliefs and rhetoric of the organizations of the Christian Right Tracing the emergence of their antigay agenda Herman explores how and why these groups made antigay activity a top priority and how it relates to their political history A penetrating analysis of the Christian Right s antigay agenda and of how that agenda is derived from the Christian Right s peculiar vision of American history and the Christian faith Rev Peter J Gomes Boston Book Review Public intellectualism at its best A comprehensive summary of the conservative Protestant worldview Michael Joseph Gross Boston Phoenix Literary Section Presents considerable information not previously part of the nation s political discourse Herman dissects the Christian Right s antigay stance dispassionately giving as it were the devil his due For anyone on either side of this passionate and important conflict that is an impressive accomplishment Hastings Wyman Jr Washington Post Book World *Faith Or Fear* Elliott Abrams,1997 The author addresses the loss of Jewish identity in a Christian Society and calls for Jews to return to their heritage *The Party of Fear* David H. Bennett,1995-11-14 Why for two hundred years have some American citizens seen this country as an endangered Eden to be purged of corrupting peoples or ideas by any means necessary To the Know Nothings of the 1850s the enemy was Irish immigrants To the Ku Klux Klan it was Jews blacks and socialists To groups like the Michigan Militia the enemy is the government itself and some of them are willing to take arms against it *The Party of Fear* which has now been updated to examine the right wing resurgence of the 1990s is the first book to reveal the common values and anxieties that lie beneath the seeming diversity of the far right From the anti Catholic riots that convulsed Philadelphia in 1845 to the 1995 bombing in Oklahoma City it casts a brilliant cautionary light not only on our political fringes but on the ways in which ordinary Americans define themselves and demonize outsiders *The Politics of Gay Rights* Craig A. Rimmerman,Kenneth D. Wald,Clyde Wilcox,2000-07 The contributors to this volume thoroughly investigate the politics of the gay and lesbian movement beginning with its political organizations and tactics The essays also address the strategies and ideology of conservative opposition groups *Dangerous Territories* Leslie G. Roman,Linda Eyre,2013-10-11 With the recent conservative retrenchment educational institutions have witnessed a backlash against the gains made by feminist and antiracist activists *Dangerous Territories* examines higher education as one site of this backlash at the same time challenging the binary framing of discourse as reactionary vs progressive or Right vs Left Contributors are scholars working within and across a variety of disciplines including law history sociology education literature women s studies queer theory cultural politics and postcolonialism ***Lodge of the Double-headed Eagle (c)*** William L. Fox,1997 *False Prophets* Richard Bonney,2008 After 9 11 the US response to Al Qaeda the Global War on Terror was heavily influenced by the clash of civilizations theory This book identifies the twenty first century proponents of the thesis such as Bernard Lewis and Daniel

Pipes their links to the Bush government and their roles in exploiting hostility between the West and Islam **Christian Attitudes towards the State of Israel** Paul Charles Merkley, 2001-06-14 Paul Merkley draws on the published literature of the World Council of Churches the Middle East Council of Churches the Roman Catholic Church and other Christian organizations that have an interest in the question of Israel s past present and future and on interviews with numerous key figures within the government of Israel spokesmen for the Palestine Authority and leaders of all the major pro and anti Zionist Christian organizations to demonstrate that Christian attitudes towards Israel remain remarkably polarized To most evangelical and fundamentalist Christians loyalty to Israel is a kind of second patriotism nurtured by the conviction that Israel s restoration is a part of God s plan for history However mainstream Protestantism champions Palestinian nationalism and drawing on the rhetoric of the Middle East Council of Churches does not hesitate to portray Israel as an Aoppressor Merkley concludes that Christian attitudes towards Israel reflect fundamental theological attitudes that must be studied against the long historical background of Christian attitudes towards Judaism and Islam **The Protestant-Jewish**

Conundrum Jonathan Frankel, Ezra Mendelsohn, 2010-08-25 Volume XXIV of the distinguished annual Studies in Contemporary Jewry explores relations between Jews and Protestants in modern times Far from monolithic Protestantism has innumerable groupings within it from the loosely organized Religious Society of Friends to the conservative Evangelicals of the Bible Belt all of which hold a range of views on theology social problems and politics These views are played out in differing attitudes and relationships between Protestant churches and Jews Judaism and the state of Israel In this volume established scholars from a variety of disciplines investigate the Protestant Jewish conundrum They provide analysis of the historical framework in which Protestant ideas toward Jews and Judaism were formed from the 16th century onward Contributors also delve into diverse topics ranging from the attitudes of the Evangelical movement toward Jews and Israel to Protestant reactions to Mel Gibson s blockbuster film The Passion of the Christ They also address German Protestant behavior during and after the Nazi era and mainstream Protestant attitudes toward the Israeli Arab conflict Taken as a whole this compendium presents discussions and questions central to the ongoing development of Jewish Protestant relations

Culture Wars Roger Chapman, 2010 Although openness and inclusion are cornerstones of life in the United States intolerance and reactionary politics are also very real As the nation prepares to elect a new president The Culture Wars addresses the key defining issues of contemporar
