Relocating Germanness

Adrian Webb

Relocating Germanness:

Reworking the German Past Susan G. Figge, Jenifer K. Ward, 2010 Coming to terms with the past has been a preoccupation within German culture and German Studies since the Second World War. In addition, there has been a surge of interest in adaptation of literary works in recent years. Numerous volumes have theorized, chronicled, or analyzed adaptations from novel to film, asking how and why adaptations are undertaken and what happens when a text is adapted in a particular historical context. With its focus on adaptation of twentieth-century German texts, not only from one medium to another but also from one cultural moment to another, the present collection resides at the intersection of these two areas of inquiry. The ten essays treat a variety of media. Each considers the way in which a particular adaptation alters a story or history for a subsequent audience, taking into account the changing context in which the retelling takes place and the evolution of cultural strategies for coming to terms with the past. The resulting case studies find in the retellings potentially corrective versions of the stories for changing times. The volume makes the case that adaptation studies are particularly well suited for tracing Germany's obsessive cultural engagement with its twentieth-century history. Contributors: Elizabeth Baer, Rachel Epp Buller, Maria Euchner, Richard C. Figge, Susan G. Figge, Mareike Hermann, Linda Hutcheon, Irene Lazda, Cary Nathenson, Thomas Sebastian Sunka, Simon Jenifer K. Ward. Susan G. Figge is Professor of German, Emerita at the College of Wooster, Ohio, and Jenifer K. Ward is Associate Provost, Cornish College of the Arts, Seattle.

The Management of Hate Nitzan Shoshan, 2016-08-09 Since German reunification in 1990, there has been widespread concern about marginalized young people who, faced with bleak prospects for their future, have embraced increasingly violent forms of racist nationalism that glorify the country's Nazi past. The Management of Hate, Nitzan Shoshan's riveting account of the year and a half he spent with these young right-wing extremists in East Berlin, reveals how they contest contemporary notions of national identity and defy the clichés that others use to represent them. Shoshan situates them within what he calls the governance of affect, a broad body of discourses and practices aimed at orchestrating their attitudes toward cultural difference, from legal codes and penal norms to rehabilitative techniques and pedagogical strategies. Governance has conventionally been viewed as rational administration, while emotions have ordinarily been conceived of as individual states. Shoshan, however, convincingly questions both assumptions. Instead, he offers a fresh view of governance as pregnant with affect and of hate as publicly mediated and politically administered. Shoshan argues that the state's policies push these youths into a right extremist corner instead of integrating them in ways that could curb their nationalist racism. His point is certain to resonate across European and non-European contexts where, amid robust xenophobic nationalisms, hate becomes precisely the object of public dispute. Powerful and compelling, The Management of Hate provides a rare and disturbing look inside Germany's right-wing extremist world and shines critical light on a German nationhood haunted by its own historical contradictions.

Language and German Disunity Patrick Stevenson, 2002 This book investigates the history of national disunity in Germany since the end of the

Second World War from a linguistic perspective what was the role of language in the ideological conflicts of the Cold War and in the difficult process of rebuilding the German nation after 1990 In the first part of the book Patrick Stevenson explores the ways in which the idea of the national language contributed to the political tensions between the two German states and to the different social experiences of their citizens He begins by showing how the modern linguistic conflict between east and west in Germany has its roots in a long tradition of debates on the relationship between language and national identity He then describes the use of linguistic strategies to reinforce the development of a socialist state in the GDR and argues that they ultimately contributed to its demise The second part considers the social and linguistic consequences of unification The author discusses the challenges imposed on east Germans by the sudden formation of a single speech community and examines how conflicting representations of easterners and westerners for example in personal interactions the media and advertising have hindered progress towards national unity German division and re unification were crucial to the development of Europe in the second half of the twentieth century This fascinating account of the relationship between language and social conflict in Germany throws new light on these events and raises important questions for the study of divided speech communities elsewhere The book will interest sociolinguists historians sociologists and political scientists

Remembering the German Democratic Republic D. Clarke, U. Wölfel, 2011-11-08 Memories of and attitudes to the German Democratic Republic GDR or East Germany within contemporary Germany are characterized by their variety and complexity whilst the debate over how to remember the GDR tells us a lot about how Germans see themselves and their future This volume provides a range of international perspectives

The German-Speaking World Patrick Stevenson, Kristine Horner, Nils Langer, Gertrud Reershemius, 2017-10-02 The German Speaking World is an accessible textbook that offers students the opportunity to explore for themselves a wide range of sociolinguistic issues relating to the German language and its role in the world This new second edition has been fully revised to reflect the many political and social changes of the last 20 years including the impact of technology on language change It continues to combine text with practical exercises and discussion questions to stimulate readers to think for themselves and to tackle specific problems Key features of this book Informative and comprehensive covers a wide range of current issues Practical contains a variety of graded exercises and tasks plus an index of terms Topical and contemporary deals with current situations and provides up to date illustrative material Thought provoking encourages students to reflect and research for themselves The German Speaking World is the ideal textbook for undergraduate students who have a sound practical knowledge of German but who have little or no knowledge of linguistics or sociolinguistics

The PDS - A symbol of eastern German identity? Adrian Webb, 2009-03-26 Die Linke the Left is now Germany's third largest political party and the fourth largest political grouping in the Bundestag Germany's parliament Die Linke however is the result of a fusion in June 2007 between the left wing of the German social democratic party SPD and the Partei des demokratischen Sozialismus PDS the successor to East Germany's

former effectively Communist ruling party the SED In practice the PDS contributed 60 000 of the new party's 72 000 members making Die Linke an essentially eastern German party Moreover the PDS had been unique in enjoying a level of electoral success denied to other Communist successor parties which had not turned themselves into mainstream social democratic parties within the new liberal democratic order This book employing the period 2001-03 for its detailed analysis suggests that this uniqueness is best understood as either an expression of eastern German national sentiment or as deriving from a reinterpretation of Marxism attuned to the interests of a democratic twenty first century society and the book explores these alternative understandings in turn Noting both the historic distinctiveness of German capitalism and the contradictions within German communism it concludes that the PDS now fused in Die Linke remains nourished by the particularism of eastern Germany

Representing Iran in East Germany Edgar Klüsener, 2021-04-22 Economic and political relations with Iran were a primary concern for the German Democratic Republic leadership and dominated the GDR's press This is the first book to analyse the representation of Iran in the media from the GDR's formation in 1949 until 1989 the last complete year before its demise Covering key events such as the overthrow of the Mossadegh government in 1953 the White Revolution the Islamic Revolution of 1979 and the Iran Iraq war the author reveals that only in periods where the two countries enjoyed less amicable or poor relations was the press free to critically report events in Iran and openly support the cause of the country's communist party the Tudeh The book explores the use of the press as a tool for ideological education and propaganda It also examines how the state's official Marxist Leninist ideology the GDR's international competition with West Germany and cultural prejudices and stereotypes impacted reporting so powerfully

The Berlin Republic Winand Gellner, John D. Robertson, 2004-11-23 Since German unification in October 1990 arguments have raged as to whether the integration process of the former East Germany into the western system has been a success These essays offer fresh insight and perspectives explaining the effects of unification on Germany and the EU as a whole

GERMANNESS Gerd Wange, 2023-10-04 How far have the Germans distanced themselves from their history The word fatherland no longer crosses anyone's lips today Not only because it was perverted and stained with blood during the Nazi era but also because it is assigned to a world that no longer exists for us Marion Gröflich publicist Gerd Wange gets to the bottom of these and other questions about Germany Germans and Germanness starting with Wilhelm II's empire continuing through the Weimar Republic the Roaring Twenties Hitler's dictatorship the GDR neo Nazism and ending with the technical achievements of today passionately critically excellently researched and scientifically well founded with numerous quotations from well known authors and publications

Approaches to the Study of Contemporary Germany Jonathan Grix, 2002-09-30 The 10 essays of this collection are derived from a group of courses developed by the U of Birmingham's UK Institute for German Studies which is devoted to the social sciences The essays consider the British research methods used for studying issues in Germany by researchers in economics pol

Pain and Prosperity Paul Betts, Greg Eghigian, 2003 The turn of the millennium has

stimulated much scholarly reflection on the historical significance of the twentieth century as a whole Explaining the century's dual legacy of progress and prosperity on one hand and of world war genocide and mass destruction on the other has become a key task for academics and policymakers alike Not surprisingly Germany holds a prominent position in the discussion What does it mean for a society to be so closely identified with both inflicting and withstanding enormous suffering as well as with promoting and enjoying unprecedented affluence What did Germany's experiences of misery and abundance fear and security destruction and reconstruction trauma and rehabilitation have to do with one another How has Germany been imagined and experienced as a country uniquely stamped by pain and prosperity The contributors to this book engage these questions by reconsidering Germany's recent past according to the themes of pain and prosperity focusing on such topics as welfare policy urban history childbirth medicine racism political ideology consumerism and nostalgia

Historical Dictionary of Contemporary Germany Derek Lewis, Ulrike Zitzlsperger, 2016-10-18 This second edition of *Historical Dictionary of Contemporary Germany* provides a comprehensive overview of most aspects of life and institutions in contemporary Germany It also introduces the reader to the historical development of both East and West Germany between 1949 and 1990 and addresses the various issues arising from reunification This second edition of *Historical Dictionary of Contemporary Germany* contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Germany

Remembering and Rethinking the GDR A. Saunders, D. Pinfold, 2012-12-15 Exploring the ways in which the GDR has been remembered since its demise in 1989/90 this volume asks how memory of the former state continues to shape contemporary Germany Its contributors offer multiple perspectives on the GDR and offer new insights into the complex relationship between past and present

Language Maintenance and Language Death Karen A. Roesch, 2012 This book provides the first extensive description of Texas Alsatian a critically endangered Texas German dialect as spoken in Medina County in the 21st century The dialect was brought to Texas in the 1840s by colonists recruited by French entrepreneur Henri Castro and has been preserved with minimal change for six generations Texas Alsatian has maintained lexical phonological and morphosyntactic features which differentiate it from the prevalent standard near varieties of Texas German This study both describes its grammatical features and discusses extra linguistic factors contributing to the dialect's preservation or accelerating its decline e.g. social historical political and economic factors and speaker attitudes and ideologies linked to cultural identity The work's multi faceted approach makes it relevant to a broad range of scholars such as dialectologists historical linguists sociolinguists ethnographers and anthropologists interested in language variation and change language and identity immigrant dialects and language maintenance and death

Humor, Satire, and Identity Jill Twark, 2012-02-14 This is the first book in English to survey the Eastern German literary trend of employing humor and satire to come to terms

with experiences in the German Democratic Republic and after the fall of the Berlin Wall As sophisticated attempts to make sense of socialism's failure and a difficult unification process these contemporary texts help define Germany today from a specific Eastern German perspective Grounded in politics and history ten humorous and satirical novels are analyzed for their literary aesthetics and language cultural critiques and socio political insights The texts include popular novels such as Thomas Brussig's *Helden wie wir* Ingo Schulze's *Simple Storys* and Jens Sparschuh's *Der Zimmerspringbrunnen* as well as lesser known but equally relevant works like *Schlehwins Giraffe* by Bernd Schirmer and *Katerfr hst ck* by Erich Loest A broad spectrum of humor and satire theories is applied to probe texts from various angles and suggest multi layered answers to the question of how these literary modes function in postwall Germany to construct a specifically Eastern German identity Interviews the author conducted with five of the satirists are appended as primary sources and contribute to the interpretation of the texts

Screening the East Nick Hodgkin, 2011-05-01 Screening the East considers German filmmakers responses to unification In particular it traces the representation of the East German community in films made since 1989 and considers whether these narratives challenge or reinforce the notion of a separate East German identity The book identifies and analyses a large number of films from internationally successful box office hits to lesser known productions many of which are discussed here for the first time Providing an insight into the films historical and political context it considers related issues such as stereotyping racism regional particularism and the Germans confrontation with the past

People on the Move Pertti Ahonen, Gustavo Corni, Jerzy Kochanowski, Rainer Schulze, Tamás Stark, Barbara Stelzl-Marx, 2020-08-22 Europe has a long history of state led population displacement on ethnic grounds The nationalist argument of ethnic homogeneity has been a crucial factor in the mapping of the continent At no time has this been more the case than during and after the Second World War Both under the aggressive expansionism of the Third Reich and after Germany's defeat millions were brutally forced out of their homelands Presenting a history from the top as well as the bottom People on the Move reconstructs the complex map of forced population displacements that took place across Europe during and immediately after the Second World War

Gender and Germanness Patricia Herminhouse, Magda Mueller, 1998-02-01 Cultural Studies have been preoccupied with questions of national identity and cultural representations At the same time feminist studies have insisted upon the entanglement of gender with issues of nation class and ethnicity Developments in the wake of German unification demand a reassessment of the nexus of gender Germanness and nationhood The contributors to this volume pursue these strands of the cultural debate in German history literature visual arts and language over a period of three hundred years in sections devoted to History and the Canon Visual Culture Germany and Her Others and Language and Power Contributors L Adelson A Taylor Allen K Bauer R Berman B Byg M Denman E Frederiksen S Friedrichsmeyer E Kaufmann L Koepnick B Kosta S Lefko A M O Sickey B Mennel H M M ller B Peterson L Pusch D Sweet H Watt S Zantop

Exiled Among Nations John P. R. Eicher, 2020-01-02 Explores how religious migrants engage with the

phenomenon of nationalism through two groups of German speaking Mennonites IBSS Compiled by the British Library of Political and Economic Science,2001 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences

Relocating Germanness Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and

manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Relocating Germanness PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Relocating Germanness PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Relocating Germanness free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Relocating Germanness Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Relocating Germanness is one of the best book in our library for free trial. We provide copy of Relocating Germanness in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Relocating Germanness. Where to download Relocating Germanness online for free? Are you looking for Relocating Germanness PDF? This is definitely going to save you time and cash in something you should think about.
