Covert Network Eric Thomas Chester, 2016-09-16 This book tells the story of the International Rescue Committee IRC the largest nonsectarian refugee relief agency in the world Founded in the 1930s by socialist militants the IRC attracted the support of renowned progressives such as Eleanor Roosevelt Norman Thomas and Reinhold Niebuhr But by the 1950s it had been absorbed into the American foreign policy establishment Throughout the Cold War the IRC was deeply involved in the volatile confrontations between the two superpowers and participated in an array of sensitive clandestine operations The IRC thus evolved from a small organization of committed activists to a global operation functioning as one link in the CIA's covert network

One Day That Shook the Communist World Paul Lendvai, 2010-12-16 On October 23 1956 a popular uprising against Soviet rule swept through Hungary like a force of nature only to be mercilessly crushed by Soviet tanks twelve days later Only now fifty years after those harrowing events can the full story be told This book is a powerful eyewitness account and a gripping history of the uprising in Hungary that heralded the future liberation of Eastern Europe Paul Lendvai was a young journalist covering politics in Hungary when the uprising broke out He knew the government officials and revolutionaries involved He was on the front lines of the student protests and the bloody street fights and he saw the revolutionary government smashed by the Red Army In this riveting deeply personal and often irreverent book Lendvai weaves his own experiences with in depth reportage to unravel the complex chain of events leading

up to and including the uprising its brutal suppression and its far reaching political repercussions in Hungary and neighboring Eastern Bloc countries He draws upon exclusive interviews with Russian and former KGB officials survivors of the Soviet backlash and relatives of those executed He reveals new evidence from closed tribunals and documents kept secret in Soviet and Hungarian archives Lendvai s breathtaking narrative shows how the uprising while tragic delivered a stunning blow to Communism that helped to ultimately bring about its demise One Day That Shook the Communist World is the best account of these unprecedented events

Imre Nagy János M. Rainer,2009-08-30 After nearly three decades of dutiful service to the Communist Party Imre Nagy led the popular uprising against the Soviet authorities during the 1956 Hungarian Revolution Two years later he was disgraced and executed How did the formerly loyal Party servant become one of its most ardent critics How did he reconcile his own beliefs with the demands of the Party for so long and what finally drove him to take a stand And how should we understand his legacy for the modern democracy of Hungary This definitive biography of the Communist leader traces his life from his conventional petty bourgeois childhood in south west Hungary through his tremendous political achievements and ultimate dramatic failure The first complete portrait of this complex and contradictory figure Imre Nagy is vividly brought to life as an enigmatic figure

whose actions shaped Hungary's destiny in 1956 and ever since **The Select Academic Speaker** Henry Coppée, 1860

Air University Review, 1978 **Make for the Hills** Robert Thompson, 1989-06-01 When Robert Thompson left Cambridge to join the Malayan Civil Service in 1938 the sun still shone on the British Empire for 24 hours a day The outbreak of war in the Pacific found him in Hong Kong from which he was obliged to make a hurried and dramatic exit From that point most of his working life was spent in military and political circles as one of the world's leading experts on counterinsurgency measures on which subject he has written a number of highly regarded works Now with wit and modesty he tells the story of his own eventful life After the war during which he served in both operations in Burma he returned to Malaya and it was there during the Emergency that he gained the experience in anti terrorist operations which was eventually to lead him as special adviser to Vietnam and on to Washington En route he was privileged to meet many of the most influential and controversial figures of his time from Wingate and Templer to Kennedy Nixon and Kissinger His comments on these and many others are candid and revealing Make for the Hills is both a fascinating autobiography and an important addition to the history of the post war world especially that of South East Asia No Place for Russia William H. Hill, 2018-08-14 The optimistic vision of a Europe whole and free after the fall of the Berlin Wall in 1989 has given way to disillusionment bitterness and renewed hostility between Russia and the West In No Place for Russia William H Hill traces the development of the post Cold War European security order to explain today's tensions showing how attempts to integrate Russia into a unified Euro Atlantic security order were gradually overshadowed by the domination of NATO and the EU at Russia's expense Hill argues that the redivision of Europe has been largely unintended and not the result of any single decision or action Instead the current situation is the cumulative result of many decisions reasonably made at the time that gradually produced the current security architecture and led to mutual mistrust Hill analyzes the United States decision to remain in Europe after the Cold War the emergence of Germany as a major power on the continent and the transformation of Russia into a nation state placing major weight on NATO's evolution from an alliance dedicated primarily to static collective territorial defense into a security organization with global ambitions and capabilities Closing with Russia's annexation of Crimea and war in eastern Ukraine No Place for Russia argues that the post Cold War security order in Europe has been irrevocably shattered to be replaced by a new and as yet undefined order
