reluctant children to read there is first a pitch to get the reader's attention That is followed by a short reading passage to set the hook and encourage the young person to read the rest of the book on their own Further the book contains several hundred additional recommended titles The books selected for this collection were chosen following the criteria of reluctant reader books created by the Quick Picks committee sponsored by the Young Adult Library Services Association While these guidelines were designed for young adult books they also work well for middle grade books The criteria include clear writing no convoluted long sentences with sophisticated vocabulary high interest hook in the first few pages well defined characters interesting plot and familiar themes

Reluctant Readers Within a School-wide Read T. Brent Larson, 2008 The research question addressed in this project is how does a school wide read affect reluctant ninth grade readers The motivation for this research project and the following capstone emanated from a teacher's desire to share his love of literature and reading with his students and colleagues The author tested the possibility of developing a school wide read that would not only encourage reluctant readers but help build a community of learners This community was comprised of students faculty staff and administrators as well Data was collected on a small group of reluctant readers who were not illiterate but better described as aliterate The author documents the details of the school wide read and describes the successes and struggles of implementing the project The results showed that while many involved with the school wide read had high praise for the project the efficacy of this activity is hard to determine Ultimately a school wide read is not a panacea for reluctant readers

children see reading as an enjoyable and rewarding activity rather than a chore by creating a positive atmosphere around reading
