O'Brien, 2008-11-21 Unrest in China from the dramatic events of 1989 to more recent stirrings offers a rare opportunity to consider how popular contention unfolds in places where speech and assembly are tightly controlled The contributors to this volume argue that ideas inspired by social movements elsewhere can help explain popular protest in China      **Financing Terrorism** Michael Freeman, 2016-04-15 Without money terrorists cannot function as organizations and cannot conduct attacks Yet the questions remain how vulnerable are terrorists to financial disruptions Can governments put pressure on their finances in meaningful ways or are they too resilient and adaptive to be affected by state actions These and other questions about terrorism financing are vigorously debated by scholars and policymakers particularly since the attacks of September 11th 2001 While there is a growing literature on policy issues strategies and countermeasures states must first understand their enemies before developing strategies to defeat them So instead of focusing on the state response this book asks a more foundational question How do different terrorist groups actually raise money What are their budgets What do their portfolios look like How have they changed over time What are the advantages and disadvantages of different sources of financing The book includes case studies of 11 different terrorist groups or sets of groups within a country It is clear that each group has a different portfolio tailored to their needs and their environment and this makes countering terrorist financing more challenging for the state This topical book will be required reading for all students and scholars interested in terrorism financing as well as those working in government agencies tasked with combating terrorist groups and their financial resources      *Dangerous Lady* Amanda Scott, 2013-03-26 A conspiracy against the throne unites a lady and a viscount at odds in this suspenseful Regency romance from a USA Today bestselling author Accompanied by her chaperone her dresser and her adored pet monkey Lady Letitia Deverill comes to London to serve as maid of honor to the young Queen Victoria An impassioned Tory in a sea of Whigs Letty has no intention of changing her political views The headstrong noblewoman soon discovers she has enemies at court and none more formidable than the powerful and irresistible Viscount Justin Raventhorpe Justin a staunch Whig is enchanted by this outspoken woman Brought together by a mysterious shared inheritance Justin and Letty give in to their mutual desire As scandal threatens their passionate union a deadly conspiracy against the throne thrusts Letty into mortal peril and Justin realizes how far he'll go for a love that has become his most dangerous obsession *Dangerous Lady* is the 4th book in the *Dangerous* series but you may enjoy reading the series in any
