Remagen Springboard To Victory:

Remagen Henry Gerard Phillips, 1994-12-01 **Once Upon a Time in War** Robert E. Humphrey, 2014-02-06 For the soldier on the front lines of World War II a lifetime of terror and suffering could be crammed into a few horrific hours of combat This was especially true for members of the 99th Infantry Division who repelled the Germans in the Battle of the Bulge and engaged in some of the most dramatic hard fought actions of the war Once Upon a Time in War presents a stirring view of combat from the perspective of the common soldier Author Robert E Humphrey personally retraced the path of the 99th through Belgium and Germany and conducted extensive interviews with more than three hundred surviving veterans When Humphrey discovered that many 99ers had gone to their graves without telling their stories he set about to honor their service and coax recollections from survivors The memories recounted here many of them painful and long repressed are remarkable for their clarity These narratives seamlessly woven to create a collective biography offer a gritty reenactment of World War II from the enlisted man s point of view Although focused on a single division Once Upon a Time in War captures the experiences of all American GIs who fought in Europe For readers captivated by Band of Brothers this book offers an often tragic sometimes heartwarming but always compelling read **Nothing Less Than Full Victory** Edward G. Miller, 2013-07-31 At the onset of World War II the U S Army was a third rate ground force of 145 000 with some generals who still believed in the relevance of horse cavalry Its soldiers were untrained its doctrine out of date and its weapons hopelessly obsolete Four years later the U S Army was engaged in a global war with a force of more than 8 million men armed with modern weapons and equipment Nothing Less than Full Victory is the story of how American ground troops in Europe managed to defeat one of the most proficient armies in history The author a retired lieutenant colonel in the U S Army draws on his twenty years of experience in military logistics and eight years of scholarly research to examine the Army s remarkable transformation Focusing on areas rarely considered in other books on World War II Edward G Miller analyzes the performance of American soldiers in the 1944 45 campaign in western Europe against a background of logistics organization training and deployment In doing so this groundbreaking work refutes decades of assumptions to reset the historical framework for comparison of U S and German performance over the course of the campaign Lieutenant Colonel Miller s skillful melding of little known individual and small unit combat action with the various facets of generating deploying and projecting power allows the reader to understand as never before the true significance of what took place This book is published in cooperation with the Association of the United States Army Patton's Payback Stephen L. Moore, 2022-05-17 A stirring World War II combat story of how the legendary George Patton reinvigorated a defeated and demoralized army corps and how his men claimed victory over Germany s most feared general Erwin Rommel Moore brings you to the battlefield and into the mind of a fearless military genius Brian Kilmeade bestselling author of The President and the Freedom Fighter Essential reading Kevin Maurer 1 NYT bestselling coauthor of No Easy Day Moore has a smooth prose

style and a firm grasp of detail *The Wall Street Journal* In March 1943 in their first fight with the Germans American soldiers in North Africa were pushed back fifty miles by Rommel's Afrika Korps and nearly annihilated Only the German decision not to pursue them allowed the Americans to maintain a foothold in the area General Eisenhower the supreme commander knew he needed a new leader on the ground one who could raise the severely damaged morale of his troops He handed the job to a new man Lieutenant General George Patton Charismatic irreverent impulsive and inspiring Patton possessed a massive ego and the ambition to match But he could motivate men to fight He had just ten days to whip his dispirited troops into shape then throw them into battle against the Wehrmacht's terrifying Panzers the speedy and powerful German tanks that U S forces had never defeated Patton who believed he had fought as a Roman legionnaire in a previous life relished the challenge to turn the tide of America's fledgling war against Hitler and the chance to earn a fourth star ***Dying Hard*** French MacLean, 2024-09-28 Of the 177 enlisted men who formed Company B in 1941 less than 7% percent were still with the unit in May 1945 Many of the absent 93% had died hard brutal deaths in combat In the mold of the classic *Band of Brothers* Colonel French MacLean presents a dramatic personalized history of a single company of the US Army through brutal combat in battles at locations such as Normandy the Ardennes and Hurtgen Forests Merode Castle and Remagen Bridge This is the story of the 9th Division's 39th Infantry Regiment Company B a true American melting pot of soldiers from diverse ethnic religious racial and national backgrounds including Black Hispanic White Mexican Lakota Quechan Canadian Cuban Hungarian Austrian Norwegian Scottish Korean Filipino Chinese Italian Irish Greek Polish Jewish Catholic and Protestant Of the 177 enlisted men who formed Company B in 1941 less than 7% percent were still with the unit in May 1945 Many of the 93% whose lives were lost died hard brutal deaths in combat Readers will learn about the heritage upbringing and experiences of individual soldiers along with the history of the unit This is a personal dramatic history Numerous vignettes appear throughout the text which provide contextual information about equipment terminology locations and more They function like a glossary but with greater detail and narrative effect In total 40 photos and 10 maps are included most of which are previously unpublished French MacLean is a retired colonel in the US Army and author of more than a dozen books on the Second World War he is a recognized expert and experienced researcher His father Myron served as a private in Company B ***A Command Post at War*** David W. Hogan, 2000 Discusses the first Army headquarters in the European theater from its activation in October 1943 to V E Day in May 1945 Shows the Army headquarters of World War 2 as a complicated organization with functions ranging from the immediate supervision of tactical operations to long range operational planning and the sustained support of frontline units CMH Pub 70 60 ***Ghost Division*** A. Harding Ganz, 2016-02-01 Nicknamed the Ghost Division because of its speed and habit of turning up where its enemies least expected the German 11th Panzer Division wreaked havoc in the East and West in World War II playing a pivotal role in some of the biggest engagements including Barbarossa Stalingrad Kursk and the West ***Victory Was Beyond Their Grasp***

Douglas E. Nash, 2015-03-09 For both students of the German Army in World War II as well as those interested in the late 1944 campaign this is a must read The NYMAS Review As the Allies were approaching the German frontier at the beginning of September 1944 the German Armed Forces attempted to regain the strategic initiative While the wonder weapons such as the V 1 flying bomb the V 2 missile and the Messerschmitt Me 262 jet fighter are widely recognized as being the most prominent of these initiatives upon which Germany pinned so much hope the Volks Grenadier Divisions VGDs are practically unknown Often confused with the Volkssturm the Home Guard militia VGDs have suffered an undeserved reputation as second rate formations filled with young boys and old men suited to serve only as cannon fodder This groundbreaking book now in a new edition shows that VGDs were actually conceived as a new elite corps loyal to the National Socialist Party composed of men from all branches of Hitler s Wehrmacht and equipped with the finest ground combat weapons available Whether fighting from defensive positions or spearheading offensives such as the Battle of the Bulge VGDs initially gave a good account of themselves in battle Using previously unpublished unit records Allied intelligence and interrogation reports and above all interviews with survivors the author has crafted an in depth look at a late war German infantry company including many photographs from the veterans themselves In this book we follow along with the men of the 272nd VGD s Fusilier Company from their first battles in the H rtgen Forest to their final defeat in the Harz Mountains Along the way we learn the enormous potential of VGDs and feel their soldiers heartbreak at their failure Ashes of Victory Quincy Howe, 1972

Victory in Europe Karen Farrington, 2020-04-03 Operation Overlord was one of the greatest ever military offensives working to free Europe from the yoke of Nazism Starting with the landings on D Day Victory in Europe traces the Allied struggle to create a foothold in Fortress Europe Overcoming initial setbacks the final crossing of the Rhine and the advance into Germany changed the course of European history forever This gripping story is told from the perspective of the service men at the centre of the operation and how their bravery and doggedness made the defeat of Hitler s hordes possible Illustrated with over 100 black and white photos and maps Victory in Europe is a thrilling read on the final offensive push against Adolf Hitler Features Normandy landings The liberation of Paris Battle of the Bulge The fall of Berlin VE Day

Battling the Elements Harold A. Winters, 2001-03-21 Throughout history from Kublai Khan s attempted invasions of Japan to Rommel s desert warfare military operations have succeeded or failed on the ability of commanders to incorporate environmental conditions into their tactics In Battling the Elements geographer Harold A Winters and former U S Army officers Gerald E Galloway Jr William J Reynolds and David W Rhyne examine the connections between major battles in world history and their geographic components revealing what role factors such as weather climate terrain soil and vegetation have played in combat Each chapter offers a detailed and engaging explanation of a specific environmental factor and then looks at several battles that highlight its effects on military operations As this cogent analysis of geography and war makes clear those who know more about the shape nature and variability of battleground conditions will always have a better

understanding of the nature of combat and at least one significant advantage over a less knowledgeable enemy The War of Our Childhood Wolfgang W. E. Samuel, 2009-09-18 One survivor tells of the fire bombing of Dresden Another survivor recounts the pervasive fear of marauding Russian and Czech bandits raping and killing Children recall fathers who were only photographs and mothers who were saviors and heroes These are typical in the stories collected in The War of Our Childhood Memories of World War II For this book Wolfgang W E Samuel a childhood refugee himself after the fall of Nazi Germany interviewed twenty seven men and women who as children by chance and sheer resilience survived Allied bombs invading armies hunger and chaos Our eyes carried no hate only recognition of what was Samuel writes of his childhood Peace was an abstraction The world we Kinder knew nearly always had the word war appended to it Samuel s heartfelt narratives from these innocent survivors are invariably riveting and often terrifying Each engrossing story has perilous and tragic moments school children in Leuna who are sent home during an air raid but are strafed as moving targets fathers who exist only as distant figures returning to their families long after the war or not at all mothers who are raped and tortured families who are forced into a seemingly endless relocation that replicates the terrors of war itself In capturing such experiences from nearly every region of Germany and involving people of every socio economic class this is a collection of unique memories but each account contributes to a cumulative understanding of the war that is more personal than strategic surveys and histories For Samuel and the survivors he interviewed agony and fright were part of everyday life just as were play wondrous experience and above all perseverance My focus Samuel writes is on the astounding ability of a generation of German children to emerge from debilitating circumstances as sane and productive human beings **The Boardgamer Avalon Hill**
