The Word that Causes Death's Defeat Anna Andreevna Akhmatova, Анна Андреевна Ахматова, 2004-01-01 Anna Akhmatova 1889 1966 one of twentieth century Russia's greatest poets was viewed as a dangerous element by post Revolution authorities One of the few unrepentant poets to survive the Bolshevik revolution and subsequent Stalinist purges she set for herself the artistic task of preserving the memory of pre Revolutionary cultural heritage and of those who had been silenced This book presents Nancy K Anderson's superb translations of three of Akhmatova's most important poems Requiem a commemoration of the victims of Stalin's Terror The Way of All the Earth a work to which the poet returned repeatedly over the last guarter century of her life and which combines Old Russian motifs with the modernist search for a lost past and Poem Without a Hero widely admired as the poet s magnum opus Each poem is accompanied by extensive commentary The complex and allusive Poem Without a Hero is also provided with an extensive critical commentary that draws on the poet s manuscripts and private notebooks Anderson offers relevant facts about the poet s life and an overview of the political and cultural forces that shaped her work The resulting volume enables English language readers to gain a deeper level of understanding of Akhmatova s poems and how and why they were created Remembering and **Imagining the Holocaust** Christopher Bigsby, 2006-10-19 This is a meditation on memory and on the ways in which memory has operated in the work of writers for whom the Holocaust was a defining event It is also an exploration of the ways in which fiction and drama have attempted to approach a subject so resistant to the imagination Beginning with W G Sebald for whom memory and the Holocaust were the roots of a special fascination Bigsby moves on to consider those writers Sebald himself valued including Arthur Miller Anne Frank Primo Levi and Peter Weiss and those whose lives crossed in the bleak world of the camps in fact or fiction The book offers a chain of memories It sets witness against fiction truth against wilful deceit It asks the question who owns the Holocaust those who died those who survived to bear witness those who appropriated its victims to shape their own necessities The American Bibliography of Slavic and East European Studies Patt Leonard, Rebecca Routh, 2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic States and the former Soviet Union Organised by discipline it covers the arts humanities social sciences life sciences and technology **Self and Story in** Russian History Laura Engelstein, Stephanie Sandler, 2018-08-06 Russians have often been characterized as people with

souls rather than selves Self and Story in Russian History challenges the portrayal of the Russian character as selfless self effacing or self torturing by exploring the texts through which Russians have defined themselves as private persons and shaped their relation to the cultural community The stories of self under consideration here reflect the perspectives of men and women from the last two hundred years ranging from westernized nobles to simple peasants from such famous people as Tolstoy Dostoyevsky Akhmatova and Nicholas II to lowly religious sectarians Fifteen distinguished historians and literary scholars situate the narratives of self in their historical context and show how since the eighteenth century Russians have used expressive genres including diaries novels medical case studies films letters and theater to make political and moral statements The first book to examine the narration of self as idea and ideal in Russia this vital work contemplates the shifting historical manifestations of identity the strategies of self creation and the diversity of narrative forms Its authors establish that there is a history of the individual in Russian culture roughly analogous to the one associated with the West

Tamizdat Yasha Yakov Klots, 2023-05-15 Tamizdat offers a new perspective on the history of the Cold War by exploring the story of the contraband manuscripts sent from the USSR to the West A word that means publishing over there tamizdat manuscripts were rejected censored or never submitted for publication in the Soviet Union and were smuggled through various channels and printed outside the country with or without their authors knowledge Yasha Klots demonstrates how tamizdat contributed to the formation of the twentieth century Russian literary canon the majority of contemporary Russian classics first appeared abroad long before they saw publication in Russia Examining narratives of Stalinism and the Gulag Klots focuses on contraband manuscripts in the 1960s and 70s from Khrushchev s Thaw to Stagnation under Brezhnev Klots revisits the traditional notion of late Soviet culture as a binary opposition between the underground and official state publishing He shows that even as tamizdat represented an alternative field of cultural production in opposition to the Soviet regime and the dogma of Socialist Realism it was not devoid of its own hierarchy ideological agenda and even censorship Tamizdat is a cultural history of Russian literature outside the Iron Curtain The Russian literary diaspora was the indispensable ecosystem for these works Yet in the post Stalin years they also served as a powerful weapon on the cultural fronts of the Cold War laying bare the geographical stylistic and ideological rifts between two disparate yet inextricably intertwined fields of Russian literature one at home the other abroad Open Access edition funded by the National Endowment for the Humanities **Utopias of One** Joshua Kotin, 2019-11-05 Introduction utopias of one The United States of America Learning from Walden W E B Du Bois s hermeticism The Soviet Union Osip and Nadezhda Mandel shtam s utopian anti utopianism Anna Akhmatova s complicity The world Wallace Stevens s point of view Reading Ezra Pound and J H Prynne in Chinese Conclusion utopias of two Natasha's Dance Orlando Figes, 2014-02-11 History on a grand scale an enchanting masterpiece that explores the making of one of the world's most vibrant civilizations A People's Tragedy wrote Eric Hobsbawm did more to help us understand the Russian Revolution than any other book I know Now in Natasha's Dance

internationally renowned historian Orlando Figes does the same for Russian culture summoning the myriad elements that formed a nation and held it together Beginning in the eighteenth century with the building of St Petersburg a window on the West and culminating with the challenges posed to Russian identity by the Soviet regime Figes examines how writers artists and musicians grappled with the idea of Russia itself its character spiritual essence and destiny He skillfully interweaves the great works by Dostoevsky Stravinsky and Chagall with folk embroidery peasant songs religious icons and all the customs of daily life from food and drink to bathing habits to beliefs about the spirit world Figes s characters range high and low the revered Tolstoy who left his deathbed to search for the Kingdom of God as well as the serf girl Praskovya who became Russian opera's first superstar and shocked society by becoming her owner's wife Like the European schooled countess Natasha performing an impromptu folk dance in Tolstoy's War and Peace the spirit of Russianness is revealed by Figes as rich and uplifting complex and contradictory a powerful force that unified a vast country and proved more lasting than any Russian ruler or state Conversations with Joseph Brodsky Solomon Volkov, 2002-01-15 Brodsky describes his post Russian life in New York and reveals for the first time his active participation in one of the cold war s most noted cultural confrontations the famous defection of the Bolshoi Ballet star Alexander Godunov In this and all his tales recounted here we meet a Brodsky his readers have not heard before both contentious and gracious breaking all the rules never succumbing to the straitjacketing of literary or political cliques in New York or anywhere else In these raw Russian conversations superbly translated by Marian Schwartz is the journey of a poet hero around the world and through this century s most troubling and sensational times Twentieth-Century Russian Poetry Katharine Hodgson, Joanne Shelton, Alexandra Smith, 2017-04-21 The canon of Russian poetry has been reshaped since the fall of the Soviet Union A multi authored study of changing cultural memory and identity this revisionary work charts Russia's shifting relationship to its own literature in the face of social upheaval Literary canon and national identity are inextricably tied together the composition of a canon being the attempt to single out those literary works that best express a nation's culture This process is of course fluid and subject to significant shifts particularly at times of epochal change This volume explores changes in the canon of twentieth century Russian poetry from the 1991 collapse of the Soviet Union to the end of Putin's second term as Russian President in 2008 In the wake of major institutional changes such as the abolition of state censorship and the introduction of a market economy the way was open for wholesale reinterpretation of twentieth century poets such as Iosif Brodskii Anna Akhmatova and Osip Mandel shtam their works and their lives In the last twenty years many critics have discussed the possibility of various coexisting canons rooted in official and non official literature and suggested replacing the term Soviet literature with a new definition Russian literature of the Soviet period Contributions to this volume explore the multiple factors involved in reshaping the canon understood as a body of literary texts given exemplary or representative status as classics Among factors which may influence the composition of the canon are educational institutions competing views of scholars and critics including figures

outside Russia and the self canonising activity of poets themselves Canon revision further reflects contemporary concerns with the destabilising effects of emigration and the internet and the desire to reconnect with pre revolutionary cultural traditions through a narrative of the past which foregrounds continuity Despite persistent nostalgic yearnings in some quarters for a single canon the current situation is defiantly diverse balancing both the Soviet literary tradition and the parallel contemporaneous literary worlds of the emigration and the underground Required reading for students teachers and lovers of Russian literature Twentieth Century Russian Poetry brings our understanding of post Soviet Russia up to date

One Less Hope Constantin V. Ponomareff,2006-01-01 This collection of essays which should appeal both to Slavists and students of comparative literature deals with twelve major twentieth century Russian poets who for varied reasons became estranged from the Soviet state Some stayed in Russia to become inner migr s others chose to go into exile in the West One less hope one more song Akhmatova s words stands both for their suffering and often their deaths but also for their humanity and poetic achievement The poets in question are Anna Akhmatova Osip Mandelshtam Vladimir Mayakovsky Alexander Blok Sergey Esenin Nikolay Gumilev Vyacheslav Ivanov Marina Tsvetaeva Vladislav Khodasevich Boris Poplavsky Boris Pasternak and Joseph Brodsky The whole collection is followed by a cultural perspective of the Russian 19th and 20th centuries

<u>Under the Sky of My Africa</u> Catharine Theimer Nepomnyashchy, Nicole Svobodny, Ludmilla A. Trigos, 2006-05-30 A wide ranging consideration of the nature and significance of Pushkin's African heritage Roughly in the year 1705 a young African boy acquired from the seraglio of the Turkish sultan was transported to Russia as a gift to Peter the Great This child later known as Abram Petrovich Gannibal was to become Peter's godson and to live to a ripe old age having attained the rank of general and the status of Russian nobility More important he was to become the great grandfather of Russia's greatest national poet Alexander Pushkin It is the contention of the editors of this book borne out by the essays in the collection that Pushkin's African ancestry has played the role of a wild card of sorts as a formative element in Russian cultural mythology and that the ways in which Gannibal's legacy has been included in or excluded from Pushkin's biography over the last two hundred years can serve as a shifting marker of Russia s self definition The first single volume in English on this rich topic Under the Sky of My Africa addresses the wide variety of interests implicated in the question of Pushkin's blackness race studies politics American studies music mythopoetic criticism mainstream Pushkin studies In essays that are by turns biographical iconographical cultural and sociological in focus the authors representing a broad range of disciplines and perspectives take us from the complex attitudes toward race in Russia during Pushkin s era to the surge of racism in late Soviet and post Soviet contemporary Russia In sum Under the Sky of My Africa provides a wealth of basic material on the subject as well as a series of provocative readings and interpretations that will influence future considerations of Pushkin and race in Russian culture Russian Classical Literature Today Yordan Ljutskanov, Hristo Manolakev, Radostin Rusev, 2014-06-19 This book explores a range of mis uses of the Russian classical literature canon and its symbolic capital by

contemporary Russian literature cinema literary scholarship and mass culture It outlines processes of current canon formation in a situation of the expiration of a literature centric culture that has been imbued with specific messianism and its doubles The book implements Pierre Bourdieu s theory of the cultural field focussing on a field s constitutive pursuit of autonomy and on its flexible resistance to the double pressure of the political field and the economic field It provides material for elaborating this theory through postulating the principal presence of a third factor of heteronomy the strong neighbour within the cultural field Furthermore this volume demonstrates the heuristic of comparing the current Russian mis uses of classical literature to prior Russian and current foreign ones As such it also discusses such issues as the historical relativity of a literary field's notion of autonomy and the geo cultural variability of the Russian literary canon Reference Guide to Russian Literature Neil Cornwell,2013-12-02 First Published in 1998 This volume will surely be regarded as the standard quide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public Czeslaw Milosz and Joseph Brodsky Irena Grudzińska-Gross, 2009-01-01 An intimate portrayal of the friendship between two icons of twentieth century poetry highlights the paralles lives of the poets as exiles living in America and as Nobel Prize laureates in literature Irena Grudzinska Gross draws on poems essays letter interviews speeches lectures and her own personal memories as a confidant of both Milosz and Brodsky pub description
