*Songs of Zion* James T. Campbell, 1995-09-07 This is a study of the transplantation of a creed devised by and for African Americans the African Methodist Episcopal Church that was appropriated and transformed in a variety of South African contexts Focusing on a transatlantic institution like the African Methodist Episcopal Church the book studies the complex human and intellectual traffic that has bound African American and South African experience It explores the development and growth of the African Methodist Episcopal Church both in South Africa and America and the interaction between the two churches This is a highly innovative work of comparative and religious history Its linking of the United States and African black religious experiences is unique and makes it appealing to readers interested in religious history and black experience in both the United States and South Africa

**Classics and Race** Sarah Derbew, Daniel Orrells, Phiroze Vasunia, 2025-04-24 *Classics and Race* A historical reader provides scholars and students with an exploratory intellectual history of the complex relationships between Classics and racist anti racist thought systems It collects together a series of readings of historical primary sources from the late medieval period until the mid twentieth century bringing to light how the classical tradition and post ancient constructions of race have informed each other Each reading is accompanied by an essay written by a leading specialist who offers a discussion of the primary source

The volume is arranged chronologically from the late medieval period to the Renaissance crucial for understanding classical humanism and on to the eighteenth century with texts foundational to the modern emergence of classical studies as a discipline and its relationship to the transatlantic slave trade The essays show how the classical tradition has continuously been structured by debates about race racism and anti racism Including voices from Africa Asia the Caribbean Europe and North and South America the essays demonstrate why the primary text is important for understanding this intellectual and cultural history and the global reach of the classical tradition

**The Essence of Liberty** Wilma King, 2006 Before 1865 slavery and freedom coexisted tenuously in America in an environment that made it possible not only for enslaved women to become free but also for emancipated women to suddenly lose their independence Wilma King now examines a wide ranging body of literature to show that even in the face of economic deprivation and draconian legislation many free black women were able to maintain some form of autonomy and lead meaningful lives The Essence of Liberty blends social political and economic history to analyze black women s experience in both the North and the South from the colonial period through emancipation Focusing on class and familial relationships King examines the myriad sources of freedom for black women to show the many factors that along with time spent in slavery before emancipation shaped the meaning of freedom Her book also raises questions about whether free women were bound to or liberated from gender conventions of their day Drawing on a wealth of untapped primary sources not only legal documents and newspapers but also the diaries letters and autobiographical writings of free women King opens a new window on the world of black women She examines how they became free educated themselves found jobs maintained self esteem and developed social consciousness even participating in the abolitionist movement She considers the stance of southern free women toward their enslaved contemporaries and the interactions between previously free and newly freed women after slavery ended She also looks closely at women s spirituality disclosing the dilemma some women faced when they took a stand against men even black men in order to follow their spiritual callings Throughout this engaging history King underscores the pernicious constraints that racism placed on the lives of free blacks in spite of the fact that they were not enslaved The Essence of Liberty shows the importance of studying these women on their own terms revealing that the essence of freedom is more complex than the mere absence of shackles

*What Schools Can Do* Kathleen Weiler, Candace Mitchell, 1992-01-01 This book is organized around three themes mechanisms of domination and control pedagogies of possibility and theory as critique It links education with an analysis of politics and economics and takes as central the possibilities of schools as places where social critique and the empowerment of students can take place The authors have considered the possibilities of student resistance and curriculum transformation and have deepened their critiques to incorporate recent theoretical analyses influenced by feminist critiques anti racist approaches and postmodernist thought In moving from theoretical analysis to practical examples of curriculum transformation and classroom practice What

Schools Can Do provides both a foundation for the analysis of schooling and alternatives for teaching practice Black Women and Social Justice Education Stephanie Y. Evans, Andrea D. Domingue, Tania D. Mitchell, 2019-02-01 Focuses on Black women's experiences and expertise in order to advance educational philosophy and provide practical tools for social justice pedagogy Black Women and Social Justice Education explores Black women's experiences and expertise in teaching and learning about justice in a range of formal and informal educational settings Linking historical accounts with groundbreaking contributions by new and rising leaders in the field it examines evaluates establishes and reinforces Black women's commitment to social justice in education at all levels Authors offer resource guides personal reflections bibliographies and best practices for broad use and reference in communities schools universities and nonprofit organizations Collectively their work promises to further enrich social justice education SJE a critical pedagogy that combines intersectionality and human rights perspectives and to deepen our understanding of the impact of SJE innovations on the humanities social sciences higher education school development and the broader professional world This volume expands discussions of academic institutions and the communities they were built to serve This is an exciting and engaging text that provides invaluable insights and strategies used by Black women as they engage in their justice work These strategies will be helpful for diversity trainers social justice educators administrators and anyone interested in resisting oppression and furthering social justice goals in higher education Sabrina Ross coeditor of Beyond Retention Cultivating Spaces of Equity Justice and Fairness for Women of Color in U S Higher Education Uplifting powerful and inspirational Tara L Parker coauthor of The State of Developmental Education Higher Education and Public Policy Priorities **Black Cultural Capital** Vanessa Garry, E. Paulette Isaac-Savage, Sha-Lai L. Williams, 2023-09-01 In antebellum America Black children even those of tax paying Blacks in most states could not attend White public schools or in some states any schools Nevertheless with the signing of the Emancipation Proclamation in 1863 Blacks assumed they would receive all inalienable rights granted to them as American freedmen For most the right to a proper public education for their children was paramount Nevertheless White educators often neglected or poorly implemented Black schools especially secondary schools With their reluctance to provide schools for Blacks African American communities organized and petitioned school districts to develop Black schools on par with those for Whites In the book Black Cultural Capital Activism that Spurred African American High Schools authors describe the role of the Black community in the development of high schools Their narratives reveal White educators unwillingness to implement state laws requiring the education of all children Their lack of engagement galvanized Blacks to petition boards to adhere to the law Additionally they forced school districts to hire Black teachers and provide facilities for Black children equal to those of White children The fruits of their labor enabled Black children to attend suitable facilities as well as learn from Black teachers who attended outstanding White and Black colleges and universities Furthermore stories of the high schools illustrate how communities sprouted up around them during their heydays as well as for some their demise as laws

and court decisions eradicated Jim Crow and enabled all Americans to live and learn where they desired ENDORSEMENTS Throughout America the freedom dreams of Black people and the intellectual currents that guided them were first unleashed within one room schoolhouses dilapidated shacks and church basements that were converted into laboratories of discovery and dissent In short Black spaces matter and have always mattered in the struggle for Black liberation The authors of Black Cultural Capital have delivered one of the most comprehensive collection of essays to date that highlight the monumental legacy and rich history of America s first Black high schools Utilizing a vast array of sources the authors have created an intimate portrait of the struggle to carve out historic spaces that educated and affirmed Black youth while simultaneously countering pernicious systems of white supremacy that sought to undermine them at every step This volume of essays is a must have for any serious scholar or student of the Black freedom struggle in America Jelani M Favors North Carolina A T State University This is a long awaited quintessential contribution to our still incomplete knowledge and understanding of the unique but intertwined histories of Black education and secondary schools in the United States The narratives are incisive enlightening and inspiring A welcome advancement to the historical foundations of education Tondra L Loder Jackson The University of Alabama at Birmingham At a time when there is a deservingly greater appreciation for historically Black colleges and universities HBCUs we must also remember that K 12 Black high schools played a pivotal role in anchoring communities and creating a sense of place and freedom for Black people In this edited book Black Cultural Capital Activism that Spurred African American High Schools Drs Vanessa B Garry E Paulette Isaac Savage and Sha Lai L Williams produced a timely and much needed book about the significant role Black high schools have historically and continue to play in Black communities and the Black freedom struggle With detailed historical case studies of Black high schools throughout the United States the various authors illuminate how these schools served as pillars in Black communities Jerome Morris The University of Missouri St Louis *Clergy Education in America* Larry Abbott Golemon, 2021 Golemon traces the history of educating the clergy in Protestant Catholic and Jewish traditions over the course of three centuries He covers not only elite Euro American institutions but also the educating of African Americans women and working class white leaders His vision of ministers priests and rabbi as participants in the civic culture of the nation recovers and refurbishes a long tradition Pg 4 of cover **A Faithful Account of the Race** Stephen G. Hall, 2009-10-15 The civil rights and black power movements expanded popular awareness of the history and culture of African Americans But as Stephen Hall observes African American authors intellectuals ministers and abolitionists had been writing the history of the black experience since the 1800s With this book Hall recaptures and reconstructs a rich but largely overlooked tradition of historical writing by African Americans Hall charts the origins meanings methods evolution and maturation of African American historical writing from the period of the Early Republic to the twentieth century professionalization of the larger field of historical study He demonstrates how these works borrowed from and engaged with ideological and intellectual constructs from mainstream intellectual

movements including the Enlightenment Romanticism Realism and Modernism Hall also explores the creation of discursive spaces that simultaneously reinforced and offered counternarratives to more mainstream historical discourse He sheds fresh light on the influence of the African diaspora on the development of historical study In so doing he provides a holistic portrait of African American history informed by developments within and outside the African American community *Encyclopedia of African American Religions* Larry G. Murphy, J. Gordon Melton, Gary L. Ward, 2013-11-20 Preceded by three introductory essays and a chronology of major events in black religious history from 1618 to 1991 this A Z encyclopedia includes three types of entries Biographical sketches of 773 African American religious leaders 341 entries on African American denominations and religious organizations including white churches with significant black memberships and educational institutions Topical articles on important aspects of African American religious life e g African American Christians during the Colonial Era Music in the African American Church Women in the American Civil War Lisa . Tendrich Frank, 2007-12-03 This fascinating work tells the untold story of the role of women in the Civil War from battlefield to home front Most Americans can name famous generals and notable battles from the Civil War With rare exception they know neither the women of that war nor their part in it Yet as this encyclopedia demonstrates women played a critical role The book s 400 A Z entries focus on specific people organizations issues and battles and a dozen contextual essays provide detailed information about the social political and family issues that shaped women s lives during the Civil War era Women in the American Civil War satisfies a growing interest in this topic Readers will learn how the Civil War became a vehicle for expanding the role of women in society Representing the work of more than 100 scholars this book treats in depth all aspects of the previously untold story of women in the Civil War **Black Women in the Ivory Tower, 1850-1954** Stephanie Y. Evans, 2016-12-01 Evans chronicles the stories of African American women who struggled for and won access to formal education beginning in 1850 when Lucy Stanton a student at Oberlin College earned the first college diploma conferred on an African American woman In the century between the Civil War and the civil rights movement a critical increase in black women s educational attainment mirrored unprecedented national growth in American education Evans reveals how black women demanded space as students and asserted their voices as educators despite such barriers as violence discrimination and oppressive campus policies contributing in significant ways to higher education in the United States She argues that their experiences ideas and practices can inspire contemporary educators to create an intellectual democracy in which all people have a voice Among those Evans profiles are Anna Julia Cooper who was born enslaved yet ultimately earned a doctoral degree from the Sorbonne and Mary McLeod Bethune founder of Bethune Cookman College Exposing the hypocrisy in American assertions of democracy and discrediting European notions of intellectual superiority Cooper argued that all human beings had a right to grow Bethune believed that education is the right of all citizens in a democracy Both women s philosophies raised questions of how human and civil rights are intertwined with educational access scholarly research

pedagogy and community service This first complete educational and intellectual history of black women carefully traces quantitative research explores black women s collegiate memories and identifies significant geographic patterns in America s institutional development Evans reveals historic perspectives patterns and philosophies in academia that will be an important reference for scholars of gender race and education      **A Stranger in the Village** Farah J. Griffin, Cheryl J. Fish, 1999-05-01

Dispatches diaries memoirs and letters by African American travelers in search of home justice and adventure from the Wild West to Australia      **Woman's "true" Profession** Nancy Hoffman, 2003 A rich and fascinating portrait of education life in America between 1830 and 1920 Woman s True Profession is an indispensable contribution to our understanding of the teaching profession Women have always been teachers So begins this second edition of Nancy Hoffman s classic history of women and the teaching profession in the United States With this revised collection of her own essays and the writings of early women teachers Hoffman offers a rich and fascinating portrait of educational life in America The documents that enrich this volume include autobiographical writings of teachers who practiced between 1830 and 1920 Hoffman s essays probe the socioeconomic factors that led women into teaching analyze the roles that women teachers played in effecting social change and assess the impact of urbanization and bureaucracy on teaching This second edition greatly expands on and revises the central focus of the original book drawing on several decades of feminist research and analysis that was not available when the first edition was published In addition it includes a thoroughly reconsidered account of the relationship between race and education together with archival materials written by Black women teachers that were not known at the time of the first edition A book that explores the full range of contributions challenges successes and frustrations that marked these early teacher s careers Woman s True Profession is an indispensable contribution to our understanding of the teaching profession
