Blood Libels Clive Sinclair, 2014-05-15 I am convinced says Jake Silkstone the hypochondriac narrator of Clive Sinclair's still provocative novel that if Rabbi Nathan hadn't tried to rape Helga our German au pair during the course of my barmitzvah celebrations at the Caf Royal on the evening of 21 May 1961 things would have turned out very differently In the event things as far as Jake is concerned have been turning out differently since long before the night of Rabbi Nathan's folly Sharing a birthday with a the modern State of Israel son of the man whose deep penetration passes on the football field are rumoured to have inspired the guerrilla warfare tactics of Orde Wingate chief fan and chronicler of the all Jewish Wingate Football Club adolescent blackmailer of the desirable Helga and latterly literary editor of the Jewish Voice Jake Silkstone's life has been marked by the finger of destiny if not by the finger of the Lord As things progress from worse to terrible in a world only slightly madder than our own Jake Silkstone becomes the unwitting cause of the Israeli invasion of the Lebanon and finally victim of a blood libel the accusation of ritual murder England's special contribution to antisemitism Clive Sinclair's dazzling funny and ultimately serious novel reaches a climax that launches the reader into vertiginous orbit spinning between the twin suns of fiction and reality In Blood Libels Clive Sinclair has assembled the Jewish anomaly at odds with the Old Judaism ambivalent towards the new Zionism The old and new mythologies about Jewishness produce an irreconcilable conflict within Jacob Silkstone in the State of Israel and throughout the world More funny than sad more ironic than tragic the novel presents the story rather than the history of statelessness TLS The blurred sense of where reality begins and fantasy stops or vice versa gives Blood Libels an immediacy and an edge that stimulates the reader's imagination The novel cracks with fast funny farcical incidents accidents coincidences and inconsequential events which nevertheless hang together monstrously to change the world The Scotsman
