Res Gestae Divi Augusti:

Res Gestae Divi Augusti Augustus, Alison E. Cooley, 2009-05-14 At the end of his life the emperor Augustus wrote an account of his achievements in which he reviewed his rise to power his conquest of the world and his unparalleled generosity towards his subjects This edition provides a text translation and detailed commentary the first substantial one in English for more than four decades which is suitable for use with students of all levels The commentary deals with linguistic stylistic and historical matters It elucidates how Augustus understood his role in Roman society and how he wished to be remembered by posterity and it sets this picture that emerges from the Res Gestae into the context of the emergence both of a new visual language and of an official set of expressions The book also includes illustrations in order to demonstrate how the Augustan era witnessed the rise of a whole new visual language

The Deeds of the Divine Augustus Augustus, 2017-04-24 *Res Gestae Divi Augusti* Eng The Deeds of the Divine Augustus is the funerary inscription of the first Roman emperor Augustus giving a first person record of his life and accomplishments The Res Gestae is especially significant because it gives an insight into the image Augustus portrayed to the Roman people Various inscriptions of the Res Gestae have been found scattered across the former Roman Empire The inscription itself is a monument to the establishment of the Julio Claudian dynasty that was to follow Augustus The text consists of a short introduction 35 body paragraphs and a posthumous addendum These paragraphs are conventionally grouped in four sections political career public benefactions military accomplishments and a political statement The first section paragraphs 2 14 is concerned with Augustus political career it records the offices and political honours that he held Augustus also lists numerous offices he refused to take and privileges he refused to be awarded The second section paragraphs 15 24 lists Augustus donations of money land and grain to the citizens of Italy and his soldiers as well as the public works and gladiatorial spectacles that he commissioned The text is careful to point out that all this was paid for out of Augustus own funds The third section paragraphs 25 33 describes his military deeds and how he established alliances with

other nations during his reign Finally the fourth section paragraphs 34 35 consists of a statement of the Romans approval for the reign and deeds of Augustus The appendix is written in the third person and likely not by Augustus himself It summarizes the entire text and lists various buildings he renovated or constructed it states that Augustus spent 600 million silver denarii i e 600 000 gold denarii from his own funds during his reign on public projects Ancient currencies cannot be reliably converted into modern equivalents but it is clearly more than anyone else in the Empire could afford Augustus consolidated his hold on power by reversing the prior tax policy beginning with funding the aerarium militare with 170 million sesterces of his own money
