Goll, Michal Ann Goll, 2006 *The Early History of Heaven* J. Edward Wright Associate Professor of Hebrew Bible and Early Judaism University of Arizona, 1999-12-13 When we think of heaven we generally conjure up positive blissful images Heaven is after all where God is and where good people go after death to receive their reward But how and why did Western cultures come to imagine the heavenly realm in such terms Why is heaven usually thought to be up there far beyond the visible sky And what is the source of the idea that the post mortem abode of the righteous is in this heavenly realm with God Seeking to discover the roots of these familiar notions this volume traces the backgrounds origin and development of early Jewish and Christian speculation about the heavenly realm where it is what it looks like and who its inhabitants are Wright begins his study with an examination of the beliefs of ancient Israel s neighbors Egypt and Mesopotamia reconstructing the intellectual context in which the earliest biblical images of heaven arose A detailed analysis of the Hebrew biblical texts themselves then reveals that the Israelites were deeply influenced by images drawn from the surrounding cultures Wright goes on to examine Persian and Greco Roman beliefs thus setting the stage for his consideration of early Jewish and Christian images which he shows to have been formed in the struggle to integrate traditional biblical imagery with the newer Hellenistic ideas about the cosmos In a final chapter Wright offers a brief survey of how later Jewish Christian and Islamic traditions envisioned the heavenly realms Accessible to a wide range of readers this provocative book will interest anyone who is curious about the origins of this extraordinarily pervasive and influential idea [Open Heaven](#) Tommy Tenney, 2012-11-20 The secret revealed Are you ready to accept the power and use it for His glory With our nation s landscape littered with multimillion dollar steeples piercing into God s blue atmosphere and stained windows shimmering with His sunshine you might imagine that God s favorite living space would be an elaborate palace Wrong He picks everyday people within whom to reside Have you discovered His heavenly presence Have you opened the door to His presence You can

Jezebel's Puppets Jennifer LeClaire,2016-01-05 Many charismatic Christians are familiar with the biblical character of Jezebel yet they do not know the demonic spirit by that name that still wreaks havoc today The Jezebel spirit characterizes anyone who acts in the same manner as Jezebel did engaging in immorality idolatry false teaching and unrepentant sin Its manifestations are conniving and destructive dwelling in she who desires to have her way no matter who is destroyed in the process You can t defeat what you can t see While most people are hyper focused on Jezebel and are basing their warfare on a misunderstanding of what Jezebel really is fewer understand the workings of Jezebel s demonic partners in crime The spirit of Jezebel couldn t execute all its wicked plots without the spirits of Ahab the false prophets and the eunuchs This book will fully expose this destructive team s plan teaching readers how to discern each spirit and defeat them *Setting Aside All Authority* Christopher M. Graney,2015-04-15 Setting Aside All Authority is an important account and analysis of seventeenth century scientific arguments against the Copernican system Christopher M Graney challenges the long standing ideas that

opponents of the heliocentric ideas of Copernicus and Galileo were primarily motivated by religion or devotion to an outdated intellectual tradition and that they were in continual retreat in the face of telescopic discoveries Graney calls on newly translated works by anti Copernican writers of the time to demonstrate that science not religion played an important and arguably predominant role in the opposition to the Copernican system Anti Copernicans building on the work of the Danish astronomer Tycho Brahe were in fact able to build an increasingly strong scientific case against the heliocentric system at least through the middle of the seventeenth century several decades after the advent of the telescope The scientific case reached its apogee Graney argues in the 1651 New Almagest of the Italian Jesuit astronomer Giovanni Battista Riccioli who used detailed telescopic observations of stars to construct a powerful scientific argument against Copernicus Setting Aside All Authority includes the first English translation of Monsignor Francesco Ingoli s essay to Galileo disputing the Copernican system on the eve of the Inquisition s condemnation of it in 1616 and excerpts from Riccioli s reports regarding his experiments with falling bodies

Not Chri\$, but Christ Vinoo Jain, 2012-04-15 This book details the differences between a false Christianity led by an antichrist named Chri whose god is prosperity and success as seen in the dollar sign in his name The book compares the false Christ identified as Chri with the true Christ of Christianity their personalities body spirit and soul heart and mind It focuses on the centrality of Chri signified by the dollar sign and compares him with the centrality of Christ which was his cross represented by the t in his name which is found missing in the name of Chri The book asks readers to self examine themselves to determine who they are really following and what image and likeness they want their lives to become Finally the book also discusses the ultimate outcome upon ones death in modelling ones life after these two leaders
