

Second Position

Face is alert and pleasant

Tilt chin up slightly

Neck reaches up,
shoulders push down

Hold arms strong so no
one can push them down

Arms fully extended,
slightly rounded, elbows high

Wrists are strong,
not limp or pinched

Hold stomach muscles tightly,
but do not hold your breath

Pelvis is level, not tucked

Turn out from the
hips with entire leg

Shoulders are
level, blades
do not pinch
backwards

Knees are strong but not locked

Spine relaxed
and alert, not stiff

Reach your little
toe to the floor

Center your weight
evenly on both feet
Step out the width
of your shoulders

Archies are up,
not rolled forward

Second Steps In Ballet:

To Dance, to Live Carolyn J. Brown, 2023-04-25 Thalia Mara's story spans the history of dance in the twentieth century and the rise of the arts in her adopted city of Jackson Mississippi As an adolescent Mara 1911-2003 studied with renowned Russian teacher Adolph Bolm who recommended she go at age sixteen to Paris for further study During a tour in Europe and South America she met her partner in dance and life Arthur Mahoney and they dazzled the world with their breathtaking performances during the 1930s and 40s The two were named codirectors of Jacob's Pillow in 1947 gracing the cover of Life magazine that year Later they started two schools of dance in New York City but despite much success they closed due to lack of funding That misfortune however was Jackson's boon as it led Mara to the second phase of her career reviving the Jackson Ballet Company and bringing the USA International Ballet Competition IBC to the state Thalia Mara was recognized at the end of her life not only for the USA IBC's decision to locate in Jackson but also for her efforts as a patron of the arts Her extraordinary fundraising and planning attracted international performers to the city in the 1980s and 90s To Dance to Live A Biography of Thalia Mara gives the first full account of a life devoted to the arts Girlhood in America Miriam Forman-Brunell, 2001-06-08 This groundbreaking reference work presents more than 100 articles by 98 high profile interdisciplinary scholars covering all aspects of girls' roles in American society past and present In this comprehensive readable two volume encyclopedia experts from a variety of disciplines contribute pieces to the puzzle of what it means and what it has meant over the last 400 years to be a girl in America The portrait that emerges reveals deep differences in girls' experiences depending on socioeconomic context religious and ethnic traditions family life schools institutions and the messages of consumer and popular culture Girls have been commodified idealized trivialized eroticized and shaped by the powerful forces of popular culture from Little Women to Barbie Yet girls are also powerful co-creators of the culture that shapes them often cleverly subverting it to their own purposes From Pocahontas to punk rockers girls have been an integral if overlooked and undervalued part of American culture *Catalog of Copyright Entries. Practice focuses on the course of study pursued today by aspiring actors in Russia and on the philosophy that informs this curriculum. It draws on extensive observation during the academic year 2000-2001 of the actor training program of the St. Petersburg State Academy of Theatre Arts (SPGATI), one of the three most prestigious theatrical institutes in Russia, and on interviews of a wide array of individuals in the Academy. Although the years since 1991 have witnessed many changes in theater and in actor training sources of funding, administration, choice of repertoire, new methodologies, etc., there remains much continuity with the past. The core of this continuity is the Stanislavsky tradition, which nevertheless has been affected by the views of post-Soviet Russia. The developments in actor training from 1991 to 2001 reflect the challenges and problems faced by other institutions in the arts and sciences. In other words, the phenomenon of continuity and discontinuity with the past is characteristic of other institutions in Russia, cultural as well as scientific and educational.

Discovering Dance

Gayle Kassing, 2024-09-25. *Discovering Dance*, Second Edition, is the premier introductory dance text for high school students. Whether they are new to dance or already have some experience, students will be able to grasp the foundational concepts of dance as they consider where dance movement comes from and why humans are compelled to move, and they will explore movement activities from the perspectives of a dancer, a choreographer, and an observer. The result is a well-rounded educational experience for students to build on, whether they want to further explore performance or choreography or otherwise factor dance into their college or career goals. Specifically designed to meet national and state dance education standards, *Discovering Dance* offers a ready-to-implement dance curriculum that is foundational and flexible. It fosters students' discovery of dance through creating, performing, analyzing, understanding, responding to, connecting to, and evaluating dance and dance forms. The book is divided into four parts and 17 chapters. Part I focuses on the foundational concepts of dance and art processes: wellness, safety, dance elements, and composition. Part II delves into dance in society, including historical, social, traditional, and cultural dances. In part III, students explore dance on stage, including ballet, modern dance, jazz dance, tap, and hip hop, and examine aspects of performance and production. Part IV rounds out the content by preparing students for dance in college or as a career and throughout life. The chapter content helps students discover dance genres, explore each genre through its history, artists, vocabulary, and significant works, apply dance concepts through movement, and through written, oral, visual, technology, and multimedia assignments, thus deepening their knowledge and abilities. Enhance learning by completing a portfolio assignment and review quiz for each chapter and gain insight into dance artists, companies, and events through the Did You Know and Spotlight elements. Learning objectives, vocabulary terms, and an essential question open each chapter. Throughout the chapters are four types of activities: Discover, Explore, Journal, and Research. The activities and assignments meet the needs of visual, auditory, and kinesthetic learners and help students explore dance through vocabulary, history, culture, creation, performance, and choreography. A comprehensive glossary further facilitates learning. The personal discovery process is greatly aided by technology, including video clips that demonstrate

Brink,1987 **Cold Creek** Jay Nelson,2011-07-20 Once each summer a morning breaks that tastes of fall Despite a vault of unrelieved blue that promises equally unrelieved heat by late afternoon some patch of Canadian tundra has airmailed southward a precursor of the coming season full of sensory contradictions like a good red wine Tomorrow the Gulf will reassert itself drowning the message from the cooling North but for one morning the promise hangs there summoning ragged maddening memory snippets and the bewilderment appropriate to falsely anticipating what is irretrievably past Something about the harkening wind stitches a loop in time calling forth a history hindsight annually edits as the forces that inform the authorship of memories work their disclosures and distortions When fall really arrives it will bring to our semitropical savannah if not a genuine chill at least welcome relief from summer s stunning heat and the ordinary experiences of three months time school clothes to buy schedules to keep leaves to rake all burdened with the wet colorless stretches National Geographic never features It will bring too the evidence that local heroes and sweethearts belong to a new generation and that what once seemed unforgettable has been forgotten For these young people Stanley Roger Simmons is a plaque on the wall at the high school Jefferson Sands Mc Callister a face on a football trading card Charles Pendleton Drennan Jr a young trial lawyer just beginning to make a name for himself Few of them ever heard of Mark Jansen or Candy Atchison If they are unusually curious they may be able to attach faces to these names by poring over old newspaper clippings and some of the memorabilia in the school library but they can do no more The faces and the names lie on the pages and the story they tell is strange and sad but sooner or later the young readers say to themselves that it was a long time ago when things were really weird and they go about the human business of cropping their own memories from the profusion of detail that is everyday life Someday perhaps even now some few who by inclination or training tune themselves to the contrapuntal melody of the world will recognize a summer morning as a false autumn and taste its once and future character But that is all Only for me and for a few others whose victories and triumphs whose clumsy acts and blind omissions appear on or just behind those pages does that bright annual harbinger make the dead walk and fists clench helpless again as if that fall lived in time as truly as the crisp taste of its revenant rests a while in the backs of our throats before the rest of summer bums it gone again One such day arrived in August 1970 when I was sitting at my desk in the room I was to occupy my senior year in college I had returned to school early by special permission to get a head start on my honors thesis Before that day was done I had put away forever my notes for that project and begun another on which I wrote

steadily for most of the year The result of those labors was the document that follows In the end my thesis advisor accepted it in lieu of my original project a gesture for which I was deeply grateful as it enabled me to graduate with my class He seemed to understand my need to write it and write it then not later In a sense he said I had delivered what I promised a work of history written from original sources And he invited me to consider the writer s dilemma shared by all who try to capture the truth when the sources are fresh so are the passions that warp judgment when time brings perspective the materials have frozen into shapes that like photographs show only one side and hoard their secrets always Another such day arrived today and as I have done so many times before I took the document from my drawer again and began to read **Passing Love**
