The Nemesis was the first of a generation of iron clad steam powered naval vessels that established British dominance in Asian waters in the nineteenth century The world s first iron warship the first vessel with truly watertight compartments and the first iron vessel to round the Cape of Good Hope Nemesis represented a staggering superiority over the oar and sail powered naval forces of Britain s Asian rivals Yet strangely her story has never been told to modern audiences and her origins and actions have until now been shrouded in mystery This lively narrative places her in the historical context of the last years of the East India Company and in the history of steam power and iron ships It tells of her exploits in the First Opium War in pirate suppression and naval actions across Asia from Bombay to Burma to the Yangtze River and beyond

Kiernan,2024-04-09 New edition of a trail blazing history of imperial warfare European Empires from Conquest to Collapse is a vivid anticolonial reckoning with the history of imperial warfare Global in scope it deftly surveys the fighting forces and military engagements of the Great Powers from the British in India to the scramble for Africa Victor Kiernan lays bare the doctrines and realities of colonial fighting dispelling official legends Europe often boasted that colonialism was civilised but the facts show it could be barbaric Kiernan traces how guerrilla insurgency against colonial oppression developed into one of the most sophisticated branches of the art of war With a foreword by Tariq Ali author of Winston Churchill His Times His Crimes **Dean Alford on Disestablishment** Henry Alford,1858
