Second Coming Of Suzanne:

The Manson Family on Film and Television Ian Cooper, 2018-11-05 For half a century the Manson Family has captured the public imagination the lurid inexplicable violence in a glamorous Hollywood setting the bizarre and lengthy trials and Charles Manson's strange charisma and willingness to embrace the role of evil icon For years the story has been documented dramatized and lampooned in dozens of films and television programs This comprehensive study examines the various on screen portrayals from factual accounts based on prosecutor Vincent Bugliosi's true crime classic Helter Skelter to prime time TV dramas to a claymation spoof and even hardcore porn Hollywood v. Beauty and the Synchronicity of the Six Kirk Henderson, 2020-05-04 Hollywood v Beauty and the Synchronicity of the Six presents the biographies of six movie actresses from the 1920s to the 1970s with a single actress representing her decade of activity Louise Brooks 1920s Jean Harlow 1930s Hedy Lamarr 1940s Barbara Payton 1950s Jean Seberg 1960s and Sondra Locke 1970s The synchronicity between the lives of these women is phenomenal and their stories are as dramatic and exciting as any to come from that town stretching all the way from complete ruination to thrilling triumph Along the way the story of movies in the Golden Age unfolds as six movie actresses try to survive in the most artificial place on Earth The power elite of Hollywood could transform unknowns into movie stars or erase the famous into oblivion Since beauty has its own innate power it is inevitable these two entities would face off Nightmare Movies Kim Newman, 2011-04-18 Now over twenty years old the original edition of Nightmare Movies has retained its place as a true classic of cult film criticism In this new edition Kim Newman brings his seminal work completely up to date both reassessing his earlier evaluations and adding a second part that assess the last two decades of horror films with all the wit intelligence and insight for which he is known Since the publication of the first edition horror has been on a gradual upswing and taken a new and stronger hold over the film industry Newman negotiates his way through a vast back catalogue of horror charting the on screen progress of our collective fears and bogeymen from the low budget slasher movies of the 60s through to the slick releases of the 2000s in a critical appraisal that doubles up as a genealogical study of contemporary horror and its forebears Newman invokes the figures that fuel the ongoing demand for horror the serial killer the vampire the werewolf the zombie and draws on his remarkable knowledge of the genre to give us a comprehensive overview of the modern myths that have shaped the imagination of multiple generations of cinema goers Nightmare Movies is an invaluable companion that not only provides a newly updated history of the darker side of film but a truly entertaining guide with which to discover the less well trodden paths of horror and re discover the classics with a newly instructed eye Canadian Film and Video Loren R.
