*Street Ballads in Nineteenth-Century Britain, Ireland, and North America* David Atkinson, Steve Roud, 2016-04-01 In recent years the assumption that traditional songs originated from a primarily oral tradition has been challenged by research into street literature that is the cheap printed broadsides and chapbooks that poured from the presses of jobbing printers from the late sixteenth century until the beginning of the twentieth Not only are some traditional singers known to have learned songs from printed sources but most of the songs were composed by professional writers and reached the populace in printed form *Street Ballads in Nineteenth Century Britain Ireland and North America* engages with the long running debate over the origin of traditional songs by examining street literature s interaction with and influence on oral traditions

**Dickens, Journalism, and Nationhood** Sabine Clemm,2010-04-15 Dickens Journalism and Nationhood examines Charles Dickens weekly family magazine Household Words in order to develop a detailed picture of how the journal negotiated asserted and simultaneously deconstructed Englishness as a unified and sometimes unifying

mode of expression It offers close readings of a wide range of materials that self consciously focus on the nature of England as well as the relationship between Britain and the European continent Ireland and the British colonies Starting with the representation and classification of identities that took place within the framework of the Great Exhibition of 1851 it suggests that the journal strives for a model of the world in concentric circles spiraling outward from the metropolitan center of London Despite this apparent orderliness however each of the national or regional categories constructed by the journal also resists and undermines such a clear cut representation The Athenaeum ,1885 The Eurovision Handbook 2014 Adrian Kavanagh,2014-04-23 The Eurovision Handbook 2014 seeks to dispel some of the false myths that have been developed about the Eurovision Song Contest and in turn it aims to answer some of the questions that people may have about Eurovision As a political geographer at NUI Maynooth in the Republic of Ireland Dr Adrian Kavanagh is particularly interested in the geographical aspects of the contest and hence offers a different take in this book to that offered in other studies of the Eurovision Song Contest This book does have a certain Irish dimension to it but it tries to avoid being solely focused on the Irish Eurovision story and seeks to offer a significant degree of coverage to all of the Eurovision participating countries both present and past The book also looks at other dimensions of the contest such as the growing influence of the English language in recent decades and the development of friends and neighbours and diaspora voting trends in the wake of the major rule changes of the late 1990s **Lives of Victorian Political Figures, Part II, Volume 3** Nancy

LoPatin-Lummis,Michael Partridge,2021-03-24 Looks at the lives and politics of four of the key players in the independence and labour movements of the 19th century Daniel O Connell 1775 1847 Charles Stewart Parnell 1846 91 Michael Davitt 1846 1906 and James Brontterre O Brien 1805 64 Volume 3 looks at the life of Michael Davitt *Toys and Novelties* ,1920

**Tannhäuser** Richard Wagner,1900 **The Anglo-American Ballad** Dianne Dugaw,2015-12-22 Originally published in 1995 This book s collection of key essays presents a coherent overview of touchstone statements and issues in the study of Anglo American popular ballad traditions and suggests ways this panoramic view affords us a look at Euro American scholarship s questions concerns and methods The study of ballads in English began early in the eighteenth century with Joseph Addison s discussions which marked the onset of an aesthetic and scholarly interest in popular traditions Therefore the collection begins with him and then chronologically includes scholars whose views mark pivotal moments which taken together tell a story that does not emerge through an examination of the ballads themselves The book addresses debates in tradition orality performance and community as well as national genealogies and connections to contexts Each selected piece is pre emptied by an introductory section on its importance and relevance *National Union Catalog* ,1968 Includes entries for maps and atlases *Irish American Civil War Songs* Catherine V. Bateson,2022-09-28 Irish born and Irish descended soldiers and sailors were involved in every major engagement of the American Civil War Throughout the conflict they shared their wartime experiences through songs and song lyrics leaving behind a vast trove of ballads in songbooks letters

newspaper publications wartime diaries and other accounts Taken together these songs and lyrics offer an underappreciated source of contemporary feelings and opinions about the war Catherine V Bateson's *Irish American Civil War Songs* provides the first in depth exploration of Irish Americans use of balladry to portray and comment on virtually every aspect of the war as witnessed by the Irish on the front line and home front Bateson considers the lyrics themes and sentiments of wartime songs produced in America but often originating with those born across the Atlantic in Ireland and Britain Her analysis gives new insight into views held by the Irish migrant diaspora about the conflict and the ways those of Irish descent identified with and fought to defend their adopted homeland Bateson's investigation of Irish American song lyrics within the context of broader wartime experiences enhances our understanding of the Irish contribution to the American Civil War At the same time it demonstrates how Irish songs shaped many American balladry traditions as they laid the foundation of the Civil War's musical soundscape

Waifs & Strays of Celtic Tradition Lord Archibald Campbell, 1891      Athenaeum and Literary Chronicle, 1868      **The National Union Catalog 1956 through 1967**, 1970      The Last Minstrels Ronald Schuchard, 2008-02-28

Recovering a lost literary movement that was the most consuming preoccupation of W B Yeats's literary life and the most integral to his poetry and drama Ronald Schuchard's *The Last Minstrels* provides an historical biographical and critical reconstruction of the poet's lifelong attempt to restore an oral tradition by reviving the bardic arts of chanting and musical speech From the beginning of his career Yeats was determined to return the living voice of the poet from exile to the centre of culture on its platforms stages and streets thereby establishing a spiritual democracy in the arts for the non reading as well as the reading public Schuchard's study enhances our understanding of Yeats's cultural nationalism his aims for the Abbey Theatre and his dynamic place in a complex of interrelated arts in London and Dublin With a wealth of new archival materials the narrative intervenes in literary history to show the attempts of Yeats and Florence Farr to take the new art of chanting to Great Britain America and Europe and it reveals for the first time the influence of their auditory poetics on the visual paradigm of the Imagists The penultimate chapter examines the adjustments Yeats made for his movement during the war including chanting and other adaptations from Noh drama for his dance plays and choruses until the practice of his unfashionable art became dormant in the 1920s before the restless rise of realism The final chapter resurrects his heroic effort in the 1930s to reunite poetry and music and reconstitute his dream of a spiritual democracy through the medium of public broadcasting
