Secondary Education In China After Mao:

Secondary Education in China After Mao Stig Thøgersen, 1990 Secondary Education in China After Mao Reform Social Conflict

Education in Post-Mao China Jing Lin, 1993 A rare insider's view of educational development and problems in China since economic reform began in 1978 this volume critically examines the issue of political socialization through curriculum and compares the curriculum used during the Cultural Revolution with that compiled and used throughout China in 1988 Also explored are problems with student dropouts and teacher motivation in rural education and government supported nonformal education the tracking system and vocational education development in urban schools problems that came about with economic and political reform and the issue of inequality existing between and within rural and urban schools Turning to recent decentralization efforts in school administration Jing Lin analyzes evidence suggesting that educational policy is politically controlled Additionally the development of educational research in the 1980s and 1990s constitutes the topic of one chapter based on hundreds of published books and papers Finally Lin reflects on the massive student movement that arose in the spring of 1989 and delineates the social economic and political changes that sparked it This final section treats these educational changes as an interconnected whole that underlay the movement and gave it such distinctive characteristics as nonviolence and a rational constructive outlook

Educational Reform in Post-Mao China Nalini Mathur, 2007

Mao's China and After Maurice Meisner, 1999-04 Presents a revised account of the revolution of 1966 1969 Examines the social and political consequences of the upheaval Deng Xiaoping Democracy movement Tienanmen Incident Mao Zedong The hundred flowers Great Leap Forward

China's Education and the Industrialised World Ruth Hayhoe, Marianne Bastid, 2017-12-12 This book first published in 1987 studies the practical and intellectual import of China's educational relations with the industrialised West the Soviet Union and Japan On the practical level it provides a broad historical and philosophical context within which the possibilities and dangers inherent in China's educational involvement with developed countries may be considered The book tests the theory that education transfers from the developed to the developing world have been used to consolidate political domination and economic exploitation by providing a detailed and provocative historical analysis of China's relations with the major developed nations

Radicalism and Education Reform in 20th-Century China Suzanne Pepper, 2000-07-10 The first comprehensive book to cover the whole sweep of twentieth century Chinese education

The Dilemma of the Moral Curriculum in a Chinese Secondary School Hongping Annie Nie, 2008-03-11 Despite the implementation of numerous reform policies moral education in China remains problematic This study presents a student perspective on the dilemma of the moral education curriculum in a Chinese secondary school Dr Hongping Annie Nie finds that the school system does not provide a favorable setting for students to adopt the officially desired ideology and values in terms of activities interpersonal relations and role expectations Dr Nie believes that the dilemma of the moral education curriculum observed in this study is a reflection of the dilemmas that exist at every level of

Chinese society **Education, Culture, and Identity in Twentieth-century China** Glen Peterson, Ruth Hayhoe, Yongling Lu, 2001 A comprehensive collection on twentieth century educational practices in China **Education and Society in Post-Mao China** Edward Vickers, Zeng Xiaodong, 2017-06-26 The post Mao period has witnessed rapid social and economic transformation in all walks of Chinese life much of it fuelled by or reflected in changes to the country's education system This book analyses the development of that system since the abandonment of radical Maoism and the inauguration of Reform and Opening in the late 1970s The principal focus is on formal education in schools and conventional institutions of tertiary education but there is also some discussion of preschools vocational training and learning in non formal contexts The book begins with a discussion of the historical and comparative context for evaluating China's educational achievements followed by an extensive discussion of the key transitions in education policymaking during the Reform and Opening period This informs the subsequent examination of changes affecting the different phases of education from preschool to tertiary level There are also chapters dealing specifically with the financing and administration of schooling curriculum development the public examinations system the teaching profession the phenomenon of marketisation and the international dimension of Chinese education The book concludes with an assessment of the social consequences of educational change in the post Mao era and a critical discussion of the recent fashion in certain Western countries for hailing China as an educational model The analysis is supported by a wealth of sources primary and secondary textual and statistical and is informed by both authors' wide ranging experience of Chinese education As the first monograph on China's educational development during the forty years of the post Mao era this book will be essential reading for all those seeking to understand the world's largest education system It will also be crucial reference for educational comparativists and for scholars from various disciplinary backgrounds researching contemporary Chinese society [The Implementation of Inclusive Education in Beijing](#) Kai Yu, 2014-02-27 The education implementation process in China remains uncharted by researchers The Implementation of Inclusive Education in Beijing Exorcizing the Haunting Specter of Meritocracy puts forth a general theory on China's education programs encompassing policy processes actions and interactions and grounded on the views of street level bureaucrats in China Kai Yu investigates these processes and presents teachers' reflections on the change process as well as implementation stories from four Beijing schools He reports on their attitudes their beliefs and their pedagogical practices for implementing the innovative education program Yu argues that the imperatives of meritocratic ideology have undermined the detracking policy and its practice The strength of a program of change rests not so much on the power of the ideas purposes and values as on the reinterpretation of the implementers based on their personal understandings of institution and practice **History of Education** Deirdre Raftery, David Crook, 2016-04-08 Specially commissioned to mark the 40th Anniversary of History of Education and containing articles from leading international scholars this is a unique and important volume Over the past forty years scholars working in the history of education have engaged with histories of religion gender science and culture

and have developed comparative research on areas such as education race and class This volume demonstrates the richness of such work bringing together some of the leading international scholars writing in the field of history of education today and providing readers with original and theoretically informed research Each author draws on the wealth of material that has appeared in the leading SSCI indexed journal *History of Education* over the past forty years providing readers with not only incisive studies of major themes but delivering invaluable research bibliographies A must have for university libraries and a must own for historians This book was originally published as a special issue of *History of Education*

Third World Education Anthony R. Welch, 2002-05-03 This book debunks the argument that quality in education can only be achieved by limiting or trading off equality The quality of schooling is a major issue for Third World nations across the globe However there is no single measure which is universally accepted Whether it is as some economists might argue an issue of the number of desks per classroom or one of national sovereignty is widely disputed Defining equality in education becomes increasingly difficult in an era of globalization in which there exists a wide gap between rich and poor both within and between nations In the context of an international move towards New Right politics and neo liberal economic ideologies both the quality and equality of education are imperiled This book argues that any worthy definition of quality education must include the interests and participation of the underprivileged

Competition and Compassion in Chinese Secondary Education Xu Zhao, 2016-04-29 *Competition and Compassion in Chinese Secondary Education* examines the nature of academic competition in Chinese schools and documents its debilitating effects on Chinese adolescents social moral and civic development

Educating the Chinese Individual Mette Halskov Hansen, 2015-01-01 In twenty first century China socialist educational traditions have given way to practices that increasingly emphasize the individual This volume investigates that trend drawing on Hansen s fieldwork in a rural high school in Zhejiang where students teachers and officials of different generations genders and social backgrounds form what is essentially a miniature version of Chinese society Hansen paints a complex picture of the emerging neosocialist educational system and shows how individualization of students both challenges and reinforces state control of society

China's Universities and the Open Door Ruth Hayhoe, 2016-07-22 Recent events in Tianamen Square have made such books abruptly important though in some aspects outdated This one examines reforms in higher education from before the republic to March 1988 and focuses on educational and economic relations with groups outside China and the effect the reforms may

web may 1 2023 here we investigate the impact of gradient nonlinearity correction in the presence of noise we introduced empirically derived gradient nonlinear fields at different signal to noise ratio snr levels in two experiments tensor

gradient nonlinearity calibration and correction for a compact - Oct 10 2022

web dec 29 2016 due to engineering limitations the spatial encoding gradient fields in conventional magnetic resonance imaging cannot be perfectly linear and always contain higher order nonlinear components if ignored during image reconstruction gradient nonlinearity gnl manifests as image geometric distortion

integrated image reconstruction and gradient nonlinearity correction - Apr 16 2023

web oct 8 2014 to describe a model based reconstruction strategy for routine magnetic resonance imaging that accounts for gradient nonlinearity gnl during rather than after transformation to the image domain and demonstrate that this approach reduces the spatial resolution loss that occurs during strictly image domain gnl correction

relationship between imaging parameters and distortion in magnetic - Mar 03 2022

web nov 17 2023 1 introduction the gamma knife a stereotactic irradiation sti device is used to treat metastatic brain tumors auditory nerve tumors and cerebral artery malformations 1 3 computed tomography ct and magnetic resonance imaging mri are performed to determine the irradiated area for sti treatment generally the range of

magnetic resonance imaging with nonlinear gradient fields signal - Jun 18 2023

web this text deals with a radically new approach of image encoding the fundamental principle of gradient linearity is challenged by investigating the possibilities of acquiring anatomical images with the help of nonlinear gradient fields

the role of nonlinear gradients in parallel imaging a k space - Aug 08 2022

web sep 26 2012 more recently researchers have begun to show the utility of hybrid phase encoded projection imaging methods such as four dimensional 4d rio where the initial phase on each projection changes with each readout and cognac in which nonlinear spatial encoding magnetic fields seems are played as phase encodes while linear

real time magnetic resonance imaging radial gradient echo - Sep 09 2022

web real time magnetic resonance imaging radial gradient echo sequences with nonlinear inverse reconstruction real time

gradient echo mri with extreme radial undersampling and nonlinear inverse reconstruction allows for direct monitoring of arbitrary physiological processes and body functions

real time magnetic resonance imaging radial gradient echo - Apr 04 2022

web dec 1 2019 real time gradient echo mri with extreme radial undersampling and nonlinear inverse reconstruction allows for direct monitoring of arbitrary physiological processes and body functions in a variety of clinical scenarios

real time magnetic resonance imaging in pediatric radiology - May 05 2022

web feb 10 2021 the recent development of highly undersampled radial gradient echo sequences in combination with nonlinear inverse image reconstruction now allows for mri examinations in real time image acquisition times as short as 20 ms yield mri videos with rates of up to 50 frames per second with spin density t1 and t2 type contrast

magnetic resonance imaging with nonlinear gradient fields - Dec 12 2022

web monoplanar gradient system for imaging with nonlinear rotating frame gradient fields for magnetic resonance tomographic imaging using the nonlinear response of gradient nonlinearity calibration and correction for a magnetic resonance imaging chemistry libretexts magnetic particle imaging mit opencourseware magnetic resonance

mapping the impact of nonlinear gradient fields with noise on - Nov 11 2022

web may 1 2023 diffusion weighted magnetic resonance mr imaging dw mri provides image contrast determined by brownian motion of water protons and has been increasingly used as biomarkers 1 to study acute ischemic stroke 2 brain trauma 3 multiple sclerosis 4 schizophrenia 5 or alzheimer s disease 6
