Soul Quest Paul Hawker, 2007 Finding himself at midlife feeling hollow and a like fraud Paul Hawker embarks on a journey into the wilderness In the tradition of the vision quest like a hero in a mythic tale he leaves his family and community to spend 40 days and 40 nights on a New Zealand mountaintop knowing full well the solitude deprivation and dangers he will face from exposure to the elements But like many mystics and sages before him he chooses a path of physical and spiritual testing as way to break through the veneer of his life Soul Quest A Spiritual Odyssey through 40 Days and 40 Nights of Mountain Solitude is the ruthlessly honest account of Paul Hawker's attempt to open himself to the Source to discern the voice of God in his life

John for Beginners James Taylor, 2001 This Bible study invites both new and long time learners into an intimate and personal exploration of the Gospel of John While the gospels of Matthew Mark and Luke speak directly to the actions and teachings of Jesus John speaks in more symbolic language that can take us to deeper levels in our own reflection of who Jesus is Intended as a group study launching pad for discussion this commentary can also be used for individual study Includes questions to encourage reflection as well as short prayers after each section Appendix includes Suggestions for Study Leaders Because the Gospel of John appears at various places throughout each of the 3 year cycle this book makes a good study any time for lectionary study groups

Religious Abuse Keith Wright, 2001 As a pastor with 40 years of experience Keith Wright came to realise that a dichotomy exists within the walls of many churches While many churchgoers find the environment wonderfully embracing and supportive the fact is that religion can offer both a positive and a negative experience Religious abuse affects millions of church members and church leaders in every denomination It can be blatant but it can also be extremely subtle and unintentional Keith Wright believes that only when we recognise and acknowledge the problem can we work toward positive change that allows us to truly benefit from the good Individuals church leaders Christian educators sociologists psychologists and other counsellors who have experienced or witnessed the results of religious abuse will find the personal stories in this book revealing and enlightening

Opening Heaven's Door Patricia Pearson, 2015-05-19 Nearing Death Awareness is a phenomenon rarely discussed by those who have experienced it and often dismissed by our culture because it defies science or logic Yet roughly half of bereaved people as well as nurses and others who constantly observe the dying have stories of coincidental visions at the

exact moment of a loved one's death comforting visits from a departed friend in an hour of need and observations of the uncanny precision with which the dying predict their own deaths even when they appear to the trained eye to be on the brink of recovery These surprisingly common occurrences point toward a larger spiritual reality and the reality of life or something else after death They also have the power to console and comfort us and to transform our understanding of mortality Prompted by her own family's experiences surrounding the deaths of her father and sister journalist Patricia Pearson examines the scientific and anecdotal evidence to challenge current assumptions regarding what we know and what we are still unable to explain about what happens to us at the threshold of death Adapted from publisher description Canadian Books in Print. shows that when we are properly connected with our soul's intelligence and cultivate the reception of higher frequencies of consciousness then we are able to soul breathe to absorb more pranic energy the electromagnetic force and cosmic radiation that is the sustaining element of all life and consciousness **Forthcoming Books** Rose Arny,2002-02 **The Sunday Magazine** Thomas Guthrie,1879 **Life Witness** T. Byram Karasu,2013-10-22 In Life Witness Evolution of the Psychotherapist T Byram Karasu demonstrates how a young therapist can become an expert clinician by transcending his own school of therapy Every young therapist attempts to perfect his skills by anchoring onto a single paradigm and becoming an expert technician of that particular school Within the first five to ten years of practice the so called experiential evolution phase the therapist finds that no single paradigm is suitable for treating all psychopathology The therapist thus begins to appropriate techniques from other schools of psychotherapy and by shifting paradigms synchronizes himself with the patient's mind It is from this synchronization that all his techniques begin to evolve and an expert clinician can evolve into a master psychotherapist The therapist who has transcended his school of psychotherapy now must transcend the field of psychotherapy itself If he wants to address the patient's existential issues as well the therapist first has to come to terms with those issues himself After all the therapist can take the patient only so far as he himself has come Life Witness demonstrates that this formative evolution phase of a therapist encompasses a broad education in literature philosophy and spirituality Karasu ultimately concludes that therapists must find the meaning and purpose of life before they can cultivate an authentic self and become someone whose presence is itself therapeutic Once this occurs all therapeutic messages will naturally emanate from within **The Sunday Magazine** ,1879 Works Jonathan Edwards,1834
