Secret Apartment:

The Secret Apartment Natalie Fast, 2009-02-19 Eleven year old Jillian's life is changing and she's not happy about it. First of all her mother got remarried and they moved from their house in Pennsylvania to her new stepfather's apartment in New York City. Second her new stepfather has a daughter which means Jillian now has a stepsister. An evil teenage stepsister who talks on the phone all the time and has a stupid dog. And finally Jillian is being sent to camp for the summer where she has to endure Peace Circles and sack races. But Jillian gets a break when Mrs W in the penthouse apartment asks her to catsit for the summer. Mrs W's apartment is full of art and art supplies vintage dresses and hats and cakes and soda and most important it offers a great view of the windows in the building across the street. Watching the neighbors is fun until Jillian and her new friend Emily see something that doesn't look right. And it's up to them to save the day. *Indecent Secrets* Christina Vella, 2006-01-20 On a hot summer day in Italy in 1902 the brutally stabbed body of Count Francesco Bonmartini was discovered by means of its decomposing stench inside his locked apartment. He was a typical Italian provincial aristocrat in all but one way he had married into a prominent but deeply troubled family. His father in law was one of the nation's most famous doctors. His wife Linda a young freethinker was the apple of her father's eye. Linda's brother dabbled in anarchism. Linda's lover was her father's top assistant. Her relations with them were illicit incestuous and murderous. The scandal that erupted was a top news story in Europe and America for three consecutive years. Investigators uncovered successive layers of a conspiracy that constantly twisted and changed its shape. The suspects included all these men as well as their servants and lovers. There was a diverse array of murder weapons including knives heavy pellets and poison. There were rumors of missing accomplices. Intimate relations among many suspects were uncovered through sensational letters and testimonials. Witnesses died mysteriously. A suspect tried to kill himself. One question lingered throughout and still haunts researchers today what role did Bonmartini's widow Linda known as The Enchantress play. Was she the spider at the center of the vast web or did the plot originate with the key men who loved her so desperately. Scholar and writer Christina Vella combines meticulous research with a novelist's eye for a great story. As she unspools the tight tense drama she offers a fascinating picture of Italian society in the early 20th century with a historian's insights into life at both the top and the bottom. From sexual dysfunctions to prison conditions to the patronage systems that permeated medicine law and politics the Bonmartini murder provides a window into a rich world. The result is an unforgettable story and an invaluable introduction to an Italy that is still recognizable today. *My Schools and Schoolmasters* Hugh Miller, 2020-08-05 Reproduction of the original *My Schools and Schoolmasters* by Hugh Miller. **The Triumphs of Eugène Valmont** Robert Barr, 2020-07-17 Reproduction of the original *The Triumphs of Eugène Valmont* by Robert Barr. The Last Alibi Vincent Steele, The rain had been falling steadily for three hours when Detective Ray Coleman received the call that would challenge everything he thought he knew about the impossible nature of alibis. The victim was Marcus Hartwell a prominent defense attorney whose reputation for getting guilty

clients acquitted had earned him both wealth and enemies in equal measure What made this particular murder extraordinary was not the identity of the victim but the circumstances surrounding the prime suspect s whereabouts at the time of the killing Thomas Brennan sat in the interview room at the Metropolitan Police Department his hands folded calmly on the scarred metal table displaying none of the nervous energy that typically characterized suspects in murder investigations Brennan was a methodical man an accountant by profession whose life had been systematically destroyed by Marcus Hartwell over the course of a bitter divorce proceeding that had concluded just six months earlier The attorney had represented Brennan s ex wife with ruthless efficiency securing for her not only the majority of their marital assets but also primary custody of their two young children What made Brennan s situation remarkable was the ironclad nature of his alibi for the time period when Marcus Hartwell had been murdered At precisely nine fifteen on the evening in question Brennan had been conducting a financial presentation to the board of directors of Meridian Industries a presentation that had been recorded on video and witnessed by twelve individuals of unquestioned credibility The presentation had lasted until ten thirty providing Brennan with documentation of his whereabouts that would satisfy even the most skeptical prosecutor
