Lewis, 2018-02-20 The Land of Hugh is a Spiritual Journey of a 10 year old boy struggling to free his family from the grip of their own minds illusions Along the way he meets teachers guides and new friends that help him realize who and what he really is as a child of the Creator As he travels through mystical lands always moving closer to his own ultimate truth he experiences challenges that drag him through his childhood forcing him to face his fears find unconditional love and discover Spiritual Truths that change his perspective and shatters the illusions and passions of his mind Taking this journey with Hugh allows the reader to question his own traditional values and beliefs in ways that positively enhance their own thoughts and attitude toward life's incredible journey to our Source Mr Lewis's intent is for each of us to discover our own truth and then discover Soul      *Sounds of Hope* Robert Janacek, 2012-07-01 For a world so out of tune this treatise intends to correlate from various instruments of learning a new sound a sound of hope This sound will be heard as each truth from key areas of knowledge will be played in a synthesis of theology psychology and philosophy all in the context of a valid cosmology To listen and read the key concepts and predictions of the secular authorities our earth is either destined for a massive freeze or one ending in conflagration Thus the concern of the author is that all too often each area of study is playing its own sound and valid as it may be is not listening or seeing what could be if these sounds became part of a symphony In *Sounds of Hope* Robert N Janacek contends that when these sounds are truly heard and projected in our anticipated symphony a new and harmonious world will be enacted At a time when there are almost constant sounds of

hate death and hopelessness a world awaits one for us to hear and attend as a new concert a concert playing a score of harmony and hope     *The Mitre Anthology of Poetry* ,1929     **The Studio** ,1912     *The International Studio* ,1912

Thomasma,David N. Weisstub,Christian Hervé,2013-04-17

**PERSONHOOD AND HEALTH CARE** This book arose as a result of a pre conference devoted to the topic held June 28 1999 in Paris France The pre conference preceded the Annual Congress of the International Academy of Law and Mental Health Other chapters were solicited after the conference in order to more completely explore the relation of personhood to health care The pre conference was held in honor of Yves Pelicier who led so many of our French colleagues in medicine philosophy and ethics as Christian Herve notes in his Tribute As health care is aimed at healing persons it is important to realize how difficult it is to construct a theory of personhood for health care and thus a theory of how healing in health care comes about or ought to occur The book is divided into four parts Concepts of the Person Theories of Personhood in Relation to Health Care and Bioethics Person and Identity and Personhood and Its Relations Each section explores a critical arena in constructing the relation of personhood to health care Although no exploration of this nature can be exhaustive every effort was made to present both conflicting and complementary views of personhood from within similar and different philosophical and religious traditions **PART ONE CONCEPTS OF THE PERSON** Tracing the origins of the concept of person from antiquity through present day Jean Delemeau provides an historical sketch of the development of a wide range of meanings
