Missions on Cobblestone Street Robin Wickens,2024-06-07 The moon a luminous pearl in the velvet sky cast a silver glow on the cobblestone street below Shadows stretched and twisted dancing to a silent tune as the wind whistled through the alleyways Whispers carried on the night breeze seemed to tell tales of secrets and hidden wonders weaving a tapestry of mystery that enveloped the entire village of Hawthorne From the inky depths of a doorway a pair of emerald eyes emerged gleaming like precious jewels They belonged to a creature shrouded in legend and mystery a being of grace and stealth whose very presence held an air of enchantment A cat sleek and silent stepped into the moonlight its paws padding softly across the cobblestones Its fur as black as the midnight sky shimmered with an otherworldly sheen Each movement was fluid and deliberate as if choreographed by the moon itself The cat paused tilting its head its ears twitching as it listened to the symphony of the night The faint rustle of leaves the distant hoot of an owl and the murmured conversations of villagers settling into their homes for the night all formed a harmonious backdrop to the cat s silent vigil This was Shadow a cat known throughout Cobblestone Street not just for his sleek appearance but for the air of mystery that always seemed to accompany him To the villagers Shadow was a guardian of sorts a silent sentinel who watched over the night and ensured that peace reigned while they slept Children whispered tales of his bravery and adults respected his presence believing that wherever Shadow walked he brought with him an invisible cloak of protection **The Secret Gift** Bethany Atazadeh,2022-12-05

Jezebel's shapeshifting gift breaks every rule in Jinn. At seventeen she's forced to keep it secret or risk having her ability severed stolen from her completely. Despite the danger a part of her is desperate to embrace her power. When Jezebel's friends discover a portal to the human world she follows them into the strange place unable to resist the temptation to explore her gift where no one will see. Except someone does. Someone Jezebel thought she could trust. His betrayal comes in whispers at first. But all too quickly those whispers become demands. And he'll stop at nothing not even blackmail to use Jezebel's power for himself. One dark decision leads to another until Jezebel stands to lose something she can't live without either her freedom or her innocence.

THE SECRET GIFT is the first book in **THE QUEEN'S RISE** series inspired by your favorite fairy tale villains in *Snow White*, *Sleeping Beauty* and *Beauty and the Beast*. It's a spin off of *The Stolen Kingdom* series but can also be read on its own. Over a century before Queen Jezebel crosses paths with Arie, Rena and Nesrin she's just an innocent Jinni girl who was betrayed. If you love fairytale retellings like *The Lunar Chronicles* and supernatural abilities like the *Graceling* series then you'll love the *Queen's Rise* series. 2nd edition previously published September 2021.

Reading order for **THE QUEEN'S RISE** series: Book 1 *The Secret Gift*, Book 2 *The Secret Shadow*, Book 3 *The Secret Curse*.
Reading order for **THE STOLEN KINGDOM** companion series: Book 1 *The Stolen Kingdom*, Book 2 *The Jinni Key*, Book 3 *The Cursed Hunter*, Book 4 *The Enchanted Crown*.

Conrad's Shadow Nidesh Lawtoo, 2016-09-01. Western thought has often dismissed shadows as fictional but what if fictions reveal original truths? Drawing on an anti-Platonic tradition in critical theory, Lawtoo adopts ethical, anthropological and philosophical lenses to offer new readings of Joseph Conrad's novels and the postcolonial and cinematic works that respond to his oeuvre. He argues that Conrad's fascination with doubles urges readers to reflect on the two sides of mimesis: one side is dark and pathological and involves the escalation of violence, contagious epidemics and catastrophic storms; the other side is luminous and therapeutic and promotes communal survival, postcolonial reconciliation and plastic adaptations to changing environments. Once joined, the two sides reveal Conrad as an author whose Janus-faced fictions are powerfully relevant to our contemporary world of global violence and environmental crisis.
