Secret of the Sun God-CC , Secret of Sun God Andrea Packard,1987-05 While you are helping your Aunt Eloisa search for a mysterious temple she vanishes You decide what to do next *Secret of the Sun God* Andrea Packard,1987-01 Your Aunt Eloisa has invited you to join her archaeological expedition to find the Temple of the Sun But when you arrive in Mexico your aunt has disappeared Your search for her leads you to the lost temple where you just might be able to uncover the secret of the Sun God *Our Sun God* John Denham Parsons,2023-12-11 In *Our Sun God* John Denham Parsons embarks on a profound exploration of the Sun s significance across various cultures and epochs The book intricately weaves mythological narratives and historical perspectives employing a poetic and evocative literary style that invites readers into a contemplative journey By juxtaposing ancient sun worship with modern scientific understanding Parsons compels the audience to reconsider humanity s relationship with the Sun illustrating its role both as a celestial entity and a divine archetype that has shaped civilizations John Denham Parsons a noted scholar in comparative mythology and cultural history draws upon his extensive background in religious studies and anthropology to craft this enlightening narrative His lifetime of research into sun deities and solar symbolism across cultures informs his thoughtful examination lending depth and authenticity to his analyses Parsons s personal experiences in diverse cultural settings inspired him to illuminate the common threads of sun veneration motivating a deeper appreciation for this universal theme in human existence Readers seeking to enrich their understanding of mythology culture and spirituality will find *Our Sun God* an indispensable addition to their libraries Parsons s unique synthesis of history mythology and science not only entertains but also challenges us to reflect on our existential connections making it a must read for anyone intrigued by the interplay between nature and belief *The Sungod's Journey through the Netherworld* Andreas Schweizer,2011-02-23 The ancient Egyptian sources come alive speaking to us without seeming alien to our modern ways of thinking Andreas Schweizer invites us to join the nocturnal voyage of the solar barque and to immerse ourselves with the Great Soul of the sun into the darkness surrounding us Here in the illustrations and texts of the Amduat threats hidden in the depths of our soul become visible as concrete images an analysis of which remains ever worthwhile even in the guise of the evil ominous or dark side of godhead with which Schweizer concerns himself The netherworld into which we descend underlies our own world Creative energies of dreadful intensity are active there and only death to which all must surrender makes us truly alive by offering us regeneration from the depths Erik Hornung from the Foreword The Amduat literally that which is in the netherworld tells the story of the nocturnal journey of Re the Egyptian Sungod through the netherworld from the time when the sun dies after setting in the west to its rebirth at sunrise in the east In the middle of the night in the profoundest depths of the netherworld this resurrection is made possible by a mystical union of the sun with the mummified body of Osiris god of the dead This great mystery of the union between the freely moving soul of the Sungod longing for the bright and boundless sky with Osiris s corpse which is irrevocably bound to the subterranean

realm of the dead evokes the renewal of all life and the restoration of totality In the Egyptian belief system the pharaohs and in later times all blessed dead embarked on this same night sea journey after death ultimately becoming one with Re and living forever The vision of the afterlife elaborated in the Amduat dating from around 1500 B C E has been influential for millennia providing the model for an entire genre of Egyptian literature the Books of the Afterlife which in turn endured into the Greco Roman era Its themes and images persisted into gnostic and alchemical texts and made their way into early Christian portrayals of the beyond In The Sungod s Journey through the Netherworld Andreas Schweizer guides the reader through the Amduat offering a psychological interpretation of its principal textual and iconographic elements He is concerned with themes that run deep and wide in human experience drawing on Jungian archetypes to find similar expression in many cultures worldwide sleep as death resurrection as reawakening or rebirth and salvation or redemption whether from original sin as for Christians or from the total annihilation of death as for the ancient Egyptians **Secret Societies** Philip Gardiner,2007-06-15 With his recent best selling books and hundreds of articles as well as radio and TV appearances Philip Gardiner has started a crusade for uncovering the truth and nothing could be more indicative of that search than his latest foray into the dark and often sinister world of secret societies Yet again Gardiner finds himself on a journey across the world to uncover the ancient secrets of the world s most powerful men In one dramatic episode he finds himself driven out of Berlin in a black Mercedes by a secret organization that was believed to have disappeared after the second World War and eventually arrives in a modern Nazi watering hole Gardiner however survives this incredible journey and brings us the secrets of the Order held sacred for so long Gardiner delves into a world that is often hidden from our eyes and finds himself in situations that seem to mirror the fictional world of the Da Vinci Code Throughout Secret Societies Gardiner Uncovers an ancient secret society thought to have died out many years ago Gets to the core of the secret societies belief systems Explores the secret origins of Freemasonry and the links to secret Serpent Cults Investigates the secret hidden meaning of King Arthur and Robin Hood Examines the claimants to the name of Illuminati and analyzes the history of the group in Europe and America Reveals the secret links within the Vatican and the Nazi Party Looks in depth at the white powdered gold theory supposedly kept secret by orders throughout time and radically re appraises it Shows the link between the so called enlightenment experience and the control of our minds Nobody in the genre involves themselves in the tale in the same way that Gardiner does and here he shows that the search for ultimate truth can often be a terrifying one
