Witches Frater Barrabbas, 2024-08-07 Initiation is one of the most mysterious and documented traditional practices of Witchcraft. What is not well known is that behind the scripted initiations are the symbols of transformation encapsulated in the twenty-two tarot trumps of the Major Arcana. Initiations follow the literary cycle of the hero and the heroine and combined with the trumps produce a system of magic used to trigger and wield the powers of psychic transformation. Additionally, this book analyzes the traditional scripted initiations of Witchcraft, their relationship to Masonic initiations, and produces new practices like the periodic dedication rite, the third degree ordeal, self-initiation of the four elements, the rumored fourth and fifth degrees, and the initiation mysteries of a Witchcraft inner order. Most importantly, this book gives the reader the ability to direct and shape their own inner cycles of transformation so that they might master the art of inner change for themselves and their students. The purpose of directing and shaping inner change is to assist in achieving a sustainable mind state of conscious ascension. The rituals and practices in this book give the reader for the first time the ability to design, write, perform, and realize the powers of psychic transformation and initiation.

The first book to outline the nuts and bolts of creating and executing spells within group settings. For intermediate-level practitioners and group leaders. Contains a grimoire with sample spells for coven use. Written by a practicing Witch and popular author of fourteen books.
