Secrets Of Elevation Hidden In Stirring Poems:

Secrets of Elevation Hidden in Stirring Poems Udo F. Ufomadu, 2005-03 The author of *Secrets of Elevation Hidden in Stirring Poems* is largely optimistic about humanity's potential for success if motivated appropriately. He believes that words of inspiration can motivate people to achieve and instill hope because he benefits from that too. Poems for him are an art form for stirring his readers who range from children to adults. His easy to comprehend style is well embraced. He continues to position faith in God, self-esteem, prayer, planning, forgiveness, and sharing as necessary factors needed for excellence in today's world. He is also a 2003 and a 2004 recipient of the Editor's Choice Award for inspirational poems by the International Library of Poetry.

Lectures on the Five-foot Shelf of Books: Poetry, 1913 Resurrection Songs Michael Bradshaw, 2018-10-24 This title was first published in 2001. Thomas Lovell Beddoes (1803-49) was a powerful poet of the English Romantic period who has been and is still strangely neglected by critics. His macabre blank verse dramatic writings and his delicately balanced lyrics have both won ardent admirers such as Browning, Gosse, Pound, and Christopher Ricks. Yet there are formal and generic problems in Beddoes's writings which continue to marginalize him as merely an eccentric and the canon of Romanticism seems to have found no place for him. The Quarterly Review William Gifford, Sir John Taylor Coleridge, John Gibson Lockhart, Whitwell Elwin, William Macpherson, William Smith, Sir John Murray (IV), Rowland Edmund Prothero (Baron Ernle), 1857 **The Quarterly review**, 1857 **King John** Joseph Candido, 2021-12-30 This new volume in *Shakespeare The Critical Tradition* increases our knowledge of how Shakespeare's plays were received and understood by critics, editors, and general readers. Updated with a new introduction providing a survey of critical responses to the plays since the late 1930s to the present day, the volume offers in separate sections both critical opinions about the play across the centuries and an evaluation of their positions within and their impact on the reception of the play. The chronological arrangement of the text excerpts engages the readers in a direct and unbiased dialogue, whereas the introduction offers a critical evaluation from a current stance including modern theories and methods. Thus the volume makes a major contribution to our understanding of the play and of the traditions of Shakespearean criticism surrounding it as they have developed from century to century.
