Sacred Secrets Mike Neville, 2012-06-01 Who were Tubalcain Aholiab and Zabud and what is their significance for the Freemason There is a general interest in the rituals of Freemasonry generated in part by the apparently obscure references they contain This is the only book that offers a guide to the stories used in Masonic ritual and their links to the Bible and Christianity The new Mason is directed to a serious contemplation of the Volume of the Sacred Law but that is easier said than done without a grounding in the Scriptures something that fewer and fewer people have The historical and geographical setting of the Bible is explained here making such contemplation easier for Mason and non Mason alike Mike Neville has systematically cross referenced the most influential Chapters of the Bible to the ceremonies It is his intention to get Freemasons to understand the ritual not just to memorise and regurgitate as well as to elucidate for the non Mason Sacred Secrets will aid the clergy theologians and any other person interested in Freemasonry to see the links between ritual and scripture

The Heavenly Sophia and the Being Anthroposophia Sergei O. Prokofieff, 2006 Based on the author's experience of the suprasensory being behind spiritual science Anthroposophy this volume is the culmination of Sergei Prokofieff's twenty five years of work on Rudolf Steiner's spiritual impulse He shows that the being Anthroposophia is not merely a poetic image or an abstract

concept but an actual spiritual entity who works in the higher worlds to benefit earthly evolution and bring to humanity the new revelation of the heavenly Sophia the divine wisdom In the first part of the book Prokofieff describes the path that led him to experience the being Anthroposophia a path that is clearly outlined so that it can be followed by the reader as well In the second part beginning with Steiner's relatively few statements on the subject the author considers the position of the living Anthroposophia in the cosmic hierarchy specifically her relationship to Christ to the heavenly Sophia and the to Archangel Michael Finally available in paperback this work will be of special interest to all those who have a close connection to Rudolf Steiner's Anthroposophy

The Festivals and Their Meaning Rudolf Steiner,2013-09-10 In this selection of thirty of Rudolf Steiner's most important lectures on the Festivals he identifies and illumines the true meaning behind Christmas Easter Ascension and Pentecost and Michaelmas emphasizing both their inner spiritual and outer cosmic aspects He shows that the Festivals are not merely the commemoration of mighty historical events or truths within the Christian tradition but are in themselves each year spiritual events manifesting in seasonal and natural rhythms which carry a significance that grows and deepens with the developing of human evolution

Paul, Covenant Killer Timothy L Parrott,2021-11-17 Paul is one of the more interesting and least understood characters in history quite bluntly a man who changed history not just of the Christian community but the Jewish community as well Paul was a rising star in the Jewish culture and openly admits to being the chief persecutor and prosecuting those of this upstart movement While applying the legal system within the Jewish culture to all those now anathema to the Jewish culture he finds himself not just defending this new movement but laying the groundwork for the behavior customs and legality of the Christ movement and organization Once a defender of the Jewish faith he now becomes a greater and stauncher defender of the Christian faith even to the point of death in martyrdom as a political prisoner a prosecuting attorney within the Jewish legal system now working as the principal legal and as the author claims prime legal counsel for the new Ekklesia His letters are not so much about theology but legality He was born to have a foot in the Jewish legal system and a foot in the world's then dominating legal system only to serve as the first legal counsel and attorney general of the coming new legal system this is Paul the lawyer this is Paul the covenant killer

Secret Brotherhoods Rudolf Steiner,2013-05-01 In the age of the internet and the

proliferation of conspiracy theories the idea that secret groups are seeking to gain control over humanity is no longer uncommon This was not the case in 1917 however when Rudolf Steiner spoke on this theme in these extraordinary lectures His unique contribution to this controversial topic is no abstract theory but arose from his specific research methodology involving the use of advanced forms of perception and cognition With the firsthand knowledge available to him Steiner takes us behind the scenes of external events revealing the dark world of secret elitist brotherhoods working to control the masses through the forces of economics technology and political assassinations These hidden groups he explains seek to gain power through the use of ritual magic and suggestion Among the many other topics tackled here Steiner speaks on the geographical quality of the American continent and the forces that proceed from it the nature of the double doppelganger and the dangers of psychoanalysis the spiritual origin of electromagnetism the abuse of inoculations and vaccinations the meaning of Ireland for world development the confusion of angels with higher beings and the divinity and above all the need for clear insight into world events based on spiritual knowledge Never before available in English as a complete volume the text of this book has been freshly translated for this edition Unifying Humanity Spiritually Rudolf Steiner,2014 The central motif in these lectures relates to the appearance of Christ on earth knowledge of his historical incarnation as well as Christs manifestation in the present and future periods of human development Rudolf Steiner creates an arc from the pre Christian mysteries through Gnosticism and the older studies of the early Church Fathers to Scholasticism and neo Scholasticism After ancient faculties of clairvoyance had begun to fade he explains human beings could no longer see beyond the world of outer appearances and direct perceptions of Christ were therefore no longer possible And so the question arose as to how limitations on human knowledge could be overcome a question which remains pertinent in our time Steiner asserts that only a transformation of thinking enabling a living and conscious inner conceptual life can allow for a true understanding of the relationship between the earthly Jesus and the cosmic Christ Such living thinking leads in turn to direct experience **The New Experience of the Supersensible** Jesaiah Ben-Aharon,2007 According to Rudolf Steiner s spiritual science the greatest spiritual event of our time is the renewal and reawakening of our human suprasensory relationship to the higher spiritual worlds The force that leads to this development called by various names in different cultural and religious traditions is called the Christ impulse by Anthroposophy in accordance with Christian terminology Because of new naturally endowed suprasensory faculties human beings are increasingly able to experience and perceive through an act of grace the great spiritual force of the Christ impulse This experience is said to be a naturally given initiation and today we increasingly hear of such suprasensory experiences Today however a healthy approach to these natural phenomena requires us to comprehend suprasensory experiences with full awareness and clear thinking This book builds an all important bridge between the naturally given suprasensory experience and its conscious cognition As a result empirical suprasensory research can investigate the different aspects of Christ s etheric becoming and appearance in a way that both methodically and

experientially fulfils the justified cognitive and scientific requirements of our age This new paperback edition adds a new introductory chapter Secrets of the Kingdom Bible Revealed , **Secret Faith in the Public Square** Jonathan Malesic,2009-09 Provocatively argues that concealing Christian identity in American public life is the best way to maintain faithful witness and integrity **The Essence of Tonality / The Parsifal Christ-Experience** Hermann Beckh,2022-03-11 The unique scholarship and artistic sensitivity of Prof Dr Hermann Beckh 1875 1937 is in the process of being rediscovered The great linguist Orientalist and Christian priest an active music lover who also composed penned pioneer works on our musical system that are respected by musicians and musicologists This volume brings together two revised versions of his best loved books The Essence of Tonality is written for musicians and music lovers who because of their particular musicality experience something spiritual and for spiritual seekers and sensitive people who because of their particular spirituality have experienced a connection with music Beckh believed a spiritual view of tonality would ensure music s and humanity s future The author elucidates the correspondence of the circle of fifths the keys to the zodiac Research should be directed towards the twelve vital spiritual key centres as expressing the cosmic rhythms in which we all live rather than the abstract twelve chromatic notes of atonality In The Parsifal Christ Experience Beckh s original insights throw new and powerful light on the search for meaning in our age for a knowledge of the heart In the poetic libretto and remarkable music of his final creation Wagner acknowledged by Bruckner as the Master presents the Grail legend and its imagery The psychological drama and its ultimate solution provide insights to anyone who is prepared to reflect on inner experience Through Beckh s references to Wagner s own letters as well as a remarkable letter from Nietzsche the reader gains knowledge of the true nature of Wagner and his work
