Edward Craighead,Charles B. Nemeroff,2004-04-12 Edited by high caliber experts and contributed to by quality researchers and practitioners in psychology and related fields Includes over 500 topical entries Each entry features suggested readings and extensive cross referencing Accessible to students and general readers Edited by two outstanding scholars and clinicians *(Re)Designing Programs*: Jennifer Jacobs,Rebecca West Burns,2021-04-01 Given the increasing diversity of the United States and students entering schools the value of teacher learning in clinical contexts and the need to elevate the profession national organizations have been calling for a re envisioning of teacher preparation that turns teacher education upside down This change will require PK 12 schools and universities to partner in robust ways to create strong professional learning experiences for aspiring teachers University faculty in particular will not only need to work in schools but they will need to work with schools in the preparation of future teachers This collaboration should promote greater equity and justice for our nation s students The purpose of this book is to support individuals in designing clinically based teacher preparation programs that place equity at the core Drawing from the literature as well as our experiences in designing and coordinating award winning teacher education programs we offer a vision for equity centered clinically based preparation that promotes powerful teacher professional learning and develops high quality equity centered teachers for schools The chapter topics include policy guidelines partnerships intentional clinical experiences coherence curriculum and coursework university based teacher educators school based teacher educators teacher candidate supervision and evaluation the role of research and instructional leadership in teacher preparation While the concepts we share are research based and grounded in the empirical literature our primary intention is for this book to be of practical use We hope that by the time you finish reading you will feel inspired and equipped to make change within your own program your institution and your local context We begin each chapter with a Before You Read section that includes introductory activities or self assessment questions to prompt reflection about the current state of your teacher preparation program We also weave examples a Spotlight from Practice in the form of vignettes designed to spark your thinking for program improvement Finally we conclude each chapter with a section called Exercises for Action which are questions or activities to help you re imagine and move toward action in the re design of your teacher preparation program We hope that you will use the exercises by yourself but perhaps more importantly with others to stimulate conversations about how you can build upon what you are already doing well to make your program even better Praise for Re Designing Programs A Vision for Equity Centered Clinically Based Teacher Preparation Jennifer Jacobs and Rebecca West Burns book Re Designing Programs A Vision for Equity Centered Clinically Based Teacher Preparation is a must read for all teacher educators especially those involved in the creation and or direction of clinically based teacher education programs Their text provides a roadmap for

higher education and school based teacher educators to collaboratively design a program that prepares teachers to meet the needs of future students They not only redefine the terms and language we use within clinical practice programs but also encourage us to reflect upon how teachers should be prepared in an equity centered clinically based teacher education program Their text deserves to be on the book shelves of all teacher educators D John McIntyre An Experimental Comparison of Telephone and Personal Health Interview Surveys Owen T. Thornberry,1987 **Fractured Fandoms** CarrieLynn D. Reinhard,2018-06-13 Being a fan helps people to discover their identities find friends develop a sense of belonging express themselves creatively and act as powerful creators and participants in a capitalistic system At times however being a fan becomes problematic especially when clashes with other fans occur both inside and outside of their fandoms and fan communities As their communication becomes contentious power imbalances destabilize collectives and fans experience fear sadness pain and harassment Such problematic situations can become fractured fandoms Fractured Fandoms Contentious Communication in Fan Communities observes the problems or fractures that occur within and between fandoms as fans and fan communities experience differences in interpretation opinion expectation and behavior regarding the object at the center of their fandom The book demonstrates the fractures through an examination of self interviews collected news stories and previous research regarding these problems ultimately providing an assessment of the causes and effects of such fractures and the larger social and cultural issues they reflect
