The early Arte Povera works were characterized by unexpected juxtapositions of objects or images, by the use of contrasting materials, and by the focus of past and present, nature and culture, and life and death. Arte Povera was the Italian response to the general spirit of the times, as artists were pushing back the boundaries of art, expanding the use of materials and questioning the nature and definition of art itself as well as its role in society. They characterized of these concerns with other questions of the period, such as Power, Performance, and Conceptual art.
