Modern British History:

Structures and Transformations in Modern British History David Feldman, Jon Lawrence, 2011-01-20 This major collection of essays challenges many of our preconceptions about British political and social history from the late eighteenth century to the present Inspired by the work of Gareth Stedman Jones twelve leading scholars explore both the long term structures social political and intellectual of modern British history and the forces that have transformed those structures at key moments The result is a series of insightful original essays presenting new research within a broad historical context Subjects covered include the consequences of rapid demographic change in the eighteenth and nineteenth centuries the forces shaping transnational networks especially those between Britain and its empire and the recurrent problem of how we connect cultural politics to social change An introductory essay situates Stedman Jones s work within the broader historiographical trends of the past thirty years drawing important conclusions about new directions for scholarship in the twenty first century

Modern British History Jeremy Black, 2000-05-23 Jeremy Black s compelling text provides a thematic account of British history centering on the twentieth century To the traditional chronological account of historic events Black adds long range thematic chapters reflecting the full range of topics These include political structures ideologies wars and international relations economic history social history as well as consumerism media and mass communication The coverage is further enlivened with exhibits providing supplementary background information on key personalities and pivotal events and numerous illustrations
