Modern Bujitsu:

Modern Bujutsu & Budo Donn F. Draeger, 1974 **Taekwondo** Udo Moenig, 2015-04-10 This book provides a comprehensive overview of the historical political and technical evolution of taekwondo. Many of the supposedly traditional and ancient Korean cultural elements attached to taekwondo are in fact remnants of East Asia's modernization drive and largely inherited from the Japanese martial arts. The current historical portrayal has created an obstacle to a clear understanding of the history of taekwondo and presents problems and contradictions in philosophy and training methodology. Using rich empirical data including interviews with leading figures in the field, this book brings together martial arts philosophy with an analysis of the technical aspects and the development of taekwondo and provides a detailed comparison of karate and taekwondo techniques. It debunks nationalistic mythology surrounding taekwondo to provide a reinterpretation of taekwondo's evolution.

Indigenous Sports History and Culture in Asia Fan Hong, Liu Li, 2021-09-30 This is the first book in English that adopts a critical socio-historical perspective to examine the important themes and challenges of Asian indigenous culture and sport. Written by leading sport historians and scholars, the chapters in the book contain real-life case studies and comparative studies in Asian sport. The book examines the history, contemporary governance and management, gender and ethnic issues embedded in folk sports and physical culture, and the challenges faced by Asian indigenous sports and their evolution. Based on cutting-edge research from China, Japan, Korea, Israel, and beyond, this book will be a valuable addition to any course in sport history, sport culture, sport development, and sport sociology. It will stimulate those who are seeking ways to promote and develop indigenous sports from intangible cultural heritage protection to global sport partnership. It will also be of interest to students, researchers, and practitioners who wish to understand the changing face of Asian society and Asian indigenous sport. The chapters in this book were originally published as a special issue of *The International Journal of the History of Sport*.
