Seamus Heaney Harold Bloom, 2009 Provides insight into seven of Heaney's works along with a short biography of the poet

Seamus Heaney and American Poetry Christopher Lavery, 2022-05-09 This book examines the influence of American poetry on Seamus Heaney's achievement by close attention to the themes style and resonances of his poetry at different stages of his career including his appointments in Berkeley and Harvard Beginning with an examination of Heaney's education at Queen's University this study presents comparative close readings which explore the influence of five American poets he read during this period Robert Frost John Crowe Ransom Theodore Roethke Robert Lowell and Elizabeth Bishop Lavery demonstrates how Heaney returned to several of these poets in response to difficulty and to consolidate later aesthetic developments Heaney's ambivalent critical treatment of Sylvia Plath is investigated as is his partial misreading of Bishop who is understood today more sensitively than in her lifetime This study also probes the reasons for his elision of other prominent American writers making this the first comprehensive assessment of American influence on Heaney's poetry

Seamus Heaney's Regions Richard Rankin Russell, 2014-06-30 Regional voices from England Ireland and Scotland inspired Seamus Heaney the 1995 Nobel prize winner to become a poet and his home region of Northern Ireland provided the subject matter for much of his poetry In his work Heaney explored recorded and preserved both the disappearing agrarian life of his origins and the dramatic rise of sectarianism and the subsequent outbreak of the Northern Irish Troubles beginning in the late 1960s At the same time Heaney consistently imagined a new region of Northern Ireland where the conflicts that have long beset it and by extension the relationship between Ireland and the United Kingdom might be synthesized and resolved Finally there is a third region Heaney committed himself to explore and map the spirit region that world beyond our ken In *Seamus Heaney's Regions* Richard Rankin Russell argues that Heaney's regions the first geographic historical political cultural linguistic the second a future where peace even reconciliation might one day flourish the third the life beyond this one offer the best entrance into and a unified understanding of Heaney's body of work in poetry prose translations and drama As Russell shows Heaney believed in the power of ideas and the texts representing them to begin resolving historical divisions For Russell Heaney's regionalist poetry contains a Hegelian synthesis view of history that imagines potential resolutions to the conflicts that have plagued Ireland and Northern Ireland for centuries Drawing on extensive archival and primary material by the poet Seamus Heaney's *Regions* examines Heaney's work from before his first published poetry volume *Death of a Naturalist* in 1966 to his most recent volume the elegiac *Human Chain* in 2010 to provide the most comprehensive treatment of the poet's work to date

Seamus Heaney's Gifts Henry Hart, 2024-12-13 The fact of the matter Seamus Heaney said in a 1997 interview with the Paris Review is that the most unexpected and miraculous thing in my life was the arrival in it of poetry Throughout his career Heaney who received the 1995 Nobel Prize in Literature maintained that poetry came to him from a mysterious source like a gift of grace He also believed that the recipient of this sort of boon had an ethical obligation to share it with others Seamus Heaney's Gifts by the noted scholar and poet Henry Hart offers the first comprehensive examination of Heaney's preoccupation with gifts and gift exchange Drawing on extensive research in Heaney's papers as well as three decades of correspondence with the poet Hart presents a richly detailed study of Heaney's life and work that foregrounds the Irishman's commitment to the vocation of poetry as a public art to be shared with audiences and readers around the world Heaney traced his devotion to gifts back to the actual present of a Conway Stewart fountain pen that his parents gave him at the age of twelve when he left his family farm in Northern Ireland to attend a private Catholic secondary school in Londonderry He commemorated this gift in Digging the first poem in his first book and in two poems he wrote near the end of his life The Conway Stewart and On the Gift of a Fountain Pen Friends and doctors had warned him that his endless globetrotting to give lectures and poetry readings had damaged his health Yet he felt obligated to share his talent with audiences around the world until his death in 2013 As Hart shows Heaney found his first models for gift giving in his rural community in Northern Ireland the Bible the rituals of the Catholic Church and the literature of mystical and mythical quests Blending careful research with evocative commentaries on the poet's work Seamus Heaney's Gifts explains his ideas about the artist's gift the necessity of gift exchange acts and the moral responsibility to share one's talents for the benefit of others **Shades of Authority** Stephen James, 2007-01-01 What is the relationship between poetry and power Should poetry be considered a mode of authority or an impotent medium And why is it that the modern poets most commonly regarded as authoritative are precisely those whose works wrestle with a sense of artistic inadequacy Such questions lie at the heart of Shades of Authority prompting fresh insights into three of the most important poets of recent decades Robert Lowell Geoffrey Hill and Seamus Heaney Through attentive close readings James shows how their responsiveness to matters of political and cultural import lends weight to the idea of poetry as authoritative utterance but also how each is exercised by a sense of the limitations and liabilities of language itself British Poetry from the 1950s to the 1990s Gary Day, Brian Docherty, 1997-07-13 This collection looks at the developments in British poetry from the Movement until the present The introduction not only provides a context for these changes but also argues that poetry criticism has been debilitated by the quest for political respectability a trend which can only be reversed by reconsidering the idea of tradition The essays themselves focus on general themes or individual authors Written in a clear and informed manner they provoke the reader into a fresh awareness of the nature of poetry and its relation to society **Haunted Heaney** Ian Hickey, 2021-07-29 Haunted Heaney Spectres and the Poetry looks at the ghosts and spectres present within the poetry of the Nobel Prize winning poet Seamus Heaney Covering Heaney

s work from his first collection *Death of a Naturalist* to his final collection *Human Chain* this volume analyses Heaney's poetry through the lens of hauntology as presented by Jacques Derrida in *Specters of Marx* This book presents spectres and ghosts not in the conventional sense as purely supernatural physical manifestations haunting a place but instead as having a non physical presence In this sense past cultures societies texts poets and memories are examined as having a spectral influence on Heaney's writing His work is indebted to hauntedness as the past in all its forms sutures itself within the present of his thinking and writing and our reading of the poetry Topics for discussion include the Norse spectres in the early poetry British colonialism and its haunting influence on the poet a renewed look at the bog poems as being influenced by the spectral the classical influence of Virgil and Dante and a reading of *Route 110* that incorporates the major instances of Heaney's career into a singular poem The book also incorporates Heaney's prose work and interviews into the discussion and uses these works as a metacommentary to the poetry offering a deeper insight into the mind of one of Ireland's greatest writers

Poets and Partitions Jon Curley, 2011 Offers a comprehensive analysis of Northern Irish poetry focusing on the colonial political and cultural underpinnings that have shaped artistic expression in a variety of ways This book also focuses on both the better known contemporary Northern Irish poets as well as their more obscure but no less significant counterparts

Back to the Present, Forward to the Past International Association for the Study of Irish Literatures. Conference, 2006 The island of Ireland north and south has produced a great diversity of writing in both English and Irish for hundreds of years often using the memories embodied in its competing views of history as a fruitful source of literary inspiration Placing Irish literature in an international context these two volumes explore the connection between Irish history and literature in particular the Rebellion of 1798 in a more comprehensive diverse and multi faceted way than has often been the case in the past The fifty three authors bring their national and personal viewpoints as well as their critical judgements to bear on Irish literature in these stimulating articles The contributions also deal with topics such as Gothic literature ideology and identity as well as gender issues connections with the other arts regional Irish literature in particular that of the city of Limerick translations the works of Joyce and comparisons with the literature of other nations The contributors are all members of IASIL International Association for the Study of Irish Literatures *Back to the Present Forward to the Past* Irish Writing and History since 1798 will be of interest to both literary scholars and professional historians but also to the general student of Irish writing and Irish culture
