

Modern Gothic The Revival Of Medieval Art

Jan M. Ziolkowski

Modern Gothic The Revival Of Medieval Art:

Modern Gothic Susan B. Matheson, 2000

Modern Gothic Susan B.. Matheson, Derek D. Churchill, 2000

Medievalism and the Quest for the Real Middle Ages Clare A. Simmons, 2013-01-11 Medievalism the later reception of the Middle Ages has been used by many writers not just during the Victorian period but from the Renaissance to the present as a means of commenting on their own societies and systems of values Until recently this self interest was used to distinguish between Medievalism a selective often romanticised view of the past and medieval studies with its quest for an authentic Middle Ages The essays in this collection suggest that the search for knowledge of a real Middle Ages has always been a problematic one and that the vitality of the vision of Medievalism is demonstrated by its constant adaption to current concerns

The Juggler of Notre Dame and the Medievalizing of Modernity. Jan M. Ziolkowski, 2018-08-29 This ambitious and vivid study in six volumes explores the journey of a single electrifying story from its first incarnation in a medieval French poem through its prolific rebirth in the nineteenth and twentieth centuries The Juggler of Notre Dame tells how an entertainer abandons the world to join a monastery but is suspected of blasphemy after dancing his devotion before a statue of the Madonna in the crypt he is saved when the statue delighted by his skill miraculously comes to life Jan Ziolkowski tracks the poem from its medieval roots to its rediscovery in late nineteenth century Paris before its translation into English in Britain and the United States The visual influence of the tale on Gothic revivalism and vice versa in America is carefully documented with lavish and inventive illustrations and Ziolkowski concludes with an examination of the explosion of interest in The Juggler of Notre Dame in the twentieth century and its place in mass culture today Volume 3 The American Middle Ages hinges upon two figures influenced by the juggler Henry Adams scion of Presidents and distinguished cultural historian whose works contributed to the rise of medievalism in America during the Gilded Age and Ralph Adams Cram the architect whose vision of Gothic accounts directly or indirectly for the campuses of West Point Princeton Yale Chicago Notre Dame and many other universities across America The Juggler of Notre Dame and the Medievalizing of Modernity is a rich case study for the reception of the Middle Ages in modernity Spanning centuries and continents the medieval period is understood through the lens of its post modern reception in Europe and America Profound connections between the verbal and the visual are illustrated by a rich trove of images including book illustrations stained glass postage stamps architecture and Christmas cards Presented with great clarity and simplicity Ziolkowski s work is accessible to the general reader while its many new discoveries will be valuable to academics in such fields and disciplines as medieval studies medievalism philology literary history art history folklore performance studies and reception studies

The Art of Medieval

Illustrations Pasquale De Marco, 2025-07-25 Immerse yourself in the captivating world of medieval illustrations with this comprehensive guide a visual feast and invaluable resource for students scholars and art enthusiasts alike Embark on a chronological journey through the evolution of medieval illustrations from their ancient origins to their enduring legacy in
