Microbial Ecology Allen I. Laskin,2018-01-18 The essays that comprise this anthology of the best in ecology from Critical Reviews in Microbiology describe principles and practices in considerable detail There is no attempt however at a balanced presentation of the different groups of microorganisms or their activities Likewise some areas of current concern are considered cursorily and others not at all Nevertheless the book is an interesting and informative introduction to a growing endeavour The combined experience and insight of the contributing authors will surely aid the reader to develop an ecological attitude and to better appreciate microorganisms as determinants of environmental quality *Microbial Biofilms* Hilary M. Lappin-Scott,J. William Costerton,2003-09-18 Biochemistry and ecology of biofilms from industrial medical and other viewpoints Modern Methods in the Study of Microbial Ecology ,1973 Methods of Detection and Identification of Bacteria (1977) B. M. Mitruka,2017-11-22 The objective of this book is to present a critical review and evaluation of the so called conventional methods currently being used for bacterial identification as well as to discuss the new approaches for the detection and identification of bacteria Morphological biochemical and serological methods of detection and identification of bacteria in clinical specimens are emphasised and current methods of characterization and enumeration of bacteria in air water milk and other food materials are also described
