Modern Criminology John Hagan, John H. Hagan, 1987-01-01 *Modern Criminology* John Hagan, 1985

Understanding Crime Susan Guarino-Ghezzi, A. Javier Trevino, 2014-09-25 Explores the interdisciplinary nature and potential of the field of criminology covering the fields of sociology economics psychology biology philosophy and religious studies The conclusion demonstrates various theoretical approaches for policy development and discusses opportunities for incorporating academic contributions into the political process Criminal Injustice Robynne Neugebauer, 2000-01-01 This volume examines racism within the process of criminal justice In every society criminal justice plays a key role establishing social control and maintaining the hegemony of the dominant economic classes The contributors to this anthology argue that the differential treatment of people of colour and First Nations peoples is due to systemic racism within all levels of the criminal justice system which serves these dominant classes Ideological and cultural changes are preconditions for the success of anti racist policies and practices within the criminal justice system and within other state institutions Recommendations for transformations in justice policy and practice are provided *The Assessment of Criminal Behaviours of Clients in Secure Settings* Mary McMurrin, John Edward Hodge, 1994 The assessment of criminal behaviours of clients in secure settings poses a number of particular problems the behaviour in question is neither currently evident nor can it ethically be elicited therefore recognising it is a complex and important skill This assessment is used for making critical decisions about a person's liberty and treatment **The Psychology of Criminal and Antisocial Behavior** Wayne Petherick, Grant Sinnamon, 2016-12-15 The Psychology of Criminal and Antisocial Behavior Victim and Offenders Perspectives is not just another formulaic book on forensic psychology Rather it opens up new areas of enquiry to busy practitioners and academics alike exploring topics using a practical approach to social deviance that is underpinned by frontier research findings policy and international trends From the relationship between psychopathology and crime and the characteristics of catathymia compulsive homicide sadistic violence and homicide victimology to adult sexual grooming domestic violence and honor killings experts in the field provide insight into the areas of homicide violent crime and sexual predation In all more than 20 internationally recognized experts in their fields explore these and other topics also including discussing youth offending love scams the psychology of hate public threat assessment querulence stalking arson and cults This edited work is an essential reference for academics and practitioners working in any capacity that intersects with offenders and victims of crime public policy and roles involving the assessment mitigation and investigation of criminal and antisocial behavior It is particularly ideal for those working in criminology psychology law and law enforcement public policy and for social science students seeking to explore the nature and character of criminal social deviance Includes twenty chapters across a diverse range of criminal and antisocial subject areas Authored by an international panel of experts in their respective fields that provide a multi cultural perspective on the issues of crime and antisocial behavior Explores topics from both victim and

offender perspectives Includes chapters covering research practice policy mitigation and prevention Provides an easy to read and consistent framework making the text user friendly as a ready reference desktop guide **The Cambridge Handbook of Social Problems: Volume 2** A. Javier Treviño, 2018-03-22 The introduction of the Affordable Care Act in the United States the increasing use of prescription drugs and the alleged abuse of racial profiling by police are just some of the factors contributing to twenty first century social problems The Cambridge Handbook of Social Problems offers a wide ranging roster of the social problems currently pressing for attention and amelioration Unlike other works in this area it also gives great consideration to theoretical and methodological discussions This Handbook will benefit both undergraduate and graduate students eager to understand the sociology of social problems It is suitable for classes in social problems current events and social theory Featuring the most current research the Handbook provides an especially useful resource for sociologists and graduate students conducting research What is Crime? Stuart Henry, Mark Lanier, 2001 For decades scholars have disagreed about what kinds of behavior count as crime Is it simply a violation of the criminal law Is it behavior that causes serious harm Is the seriousness affected by how many people are harmed and does it make a difference who those people are Are crimes less criminal if the victims are black lower class or foreigners When corporations victimize workers is that a crime What about when governments violate basic human rights of their citizens and who then polices governments In What Is Crime the first book length treatment of the topic contributors debate the content of crime from diverse perspectives consensus moral cultural relative conflict power anarchist critical feminist racial ethnic postmodernist and integrational Henry and Lanier synthesize these perspectives and explore what each means for crime control policy

Sociology David M. Newman, 2009-12-08 The Eighth edition of David Newman's Sociology Exploring the Architecture of Everyday Life once again invites students into the world of sociological thought Sociology encourages students to think less about the next test and more about how the subject applies to their everyday lives In addition to updated coverage and fresh examples this edition features revamped Micro Macro Connections that have been even further honed to help students understand the link between individual lives and the structure of society **Introduction to Criminology** David Kauzlarich, Hugh D. Barlow, 2009 The ninth edition of Introduction to Criminology provides a comprehensive introduction to the study of lawmaking lawbreaking and reactions to crime Both classic and contemporary theories of the causes of crime are discussed and critiqued Special attention is given to critical theories of crime and to general theories The latest crime statistics research and theorizing are fully integrated throughout the text and the innovative epilogue provides students with the tools to actually apply criminological theory to real life events New to this edition Thoroughly updated throughout including statistics studies and theories in criminology The discussions of drugs prostitution and organized crime are now together in one chapter chapter 7 New chapters have been added on critical theories chapter 14 and biological psychological and evolutionary explanations of crime chapter 11 More illustrations and examples of crime from popular culture have been

added throughout the text in an effort to help students make stronger intellectual connections to the material A new epilogue has been added that will help students think through common criminological issues and questions they are likely to encounter in everyday conversation
