Perspectives In American Studies A Reader By American Scholars In China

Caroline F. Levander, Robert S. Levine

Perspectives In American Studies A Reader By American Scholars In China:

Perspectives in American Studies, 1988 **The Oxford Handbook of American Literary Realism** Keith Newlin, 2019-08-01 The scholarship devoted to American literary realism has long wrestled with problems of definition is realism a genre with a particular form content and technique Is it a style with a distinctive artistic arrangement of words characters and description Or is it a period usually placed as occurring after the Civil War and concluding somewhere around the onset of World War I This volume aims to widen the scope of study beyond mere definition however by expanding the boundaries of the subject through essays that reconsider and enlarge upon such questions The Oxford Handbook of American Literary Realism aims to take stock of the scholarly work in the area and map out paths for future directions of study The Handbook offers 35 vibrant and original essays of new interpretations of the artistic and political challenges of representing life It is the first book to treat the subject topically and thematically in wide scope with essays that draw upon recent scholarship in literary and cultural studies to offer an authoritative and in depth reassessment of major and minor figures and the contexts that shaped their work Contributors here tease out the workings of a particular concept through a variety of authors and their cultural contexts A set of essays explores realism's genesis and its connection to previous and subsequent movements Others examine the inclusiveness of representation the circulation of texts and the aesthetic representation of science time space and the subjects of medicine the New Woman and the middle class Still others trace the connection to other arts poetry drama illustration photography painting and film and to pedagogic issues in the teaching of realism As a whole this volume forges exciting new paths in the study of realism and writers unending labor to represent life accurately

An American Pioneer of Chinese Studies in Cross-Cultural Perspective Man Shun Yeung, 2021-10-05 Benjamin Bowen Carter 1771 1831 one of the first Americans to speak and read Chinese studied Chinese in Canton and advocated its use in diplomacy decades before America established a formal relationship with China Drawing on rediscovered manuscripts this book reconstructs Carter's multilingual learning experience reveals how he helped translate a diplomatic document into Chinese describes his interactions with European sinologists and traces his attempts to convince the US government and American academics of the practical and cultural value of Chinese studies The cross cultural perspective employed in this book emphasizes the reciprocal dynamics of Carter's relationships with Chinese and European others while Carter's story itself forces a rewriting of the earliest years of US China relations *A Companion to American Literary Studies* Caroline F. Levander, Robert S. Levine, 2015-08-17 *A Companion to American Literary Studies* addresses the most provocative questions subjects and issues animating the field Essays provide readers with the knowledge and conceptual tools for understanding American literary studies as it is practiced today and chart new directions for the future of the subject Offers up to date accounts of major new critical approaches to American literary studies Presents state of the art essays on a full range of topics central to the field Essays explore critical and institutional genealogies of the field increasingly diverse conceptions of

American literary study and unprecedented material changes such as the digital revolution A unique anthology in the field and an essential resource for libraries faculty graduate students and advanced undergraduates Reader's Guide to American History Peter J. Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history

Occidentalism Xiaomei Chen, 2002 This revised and expanded edition of the first comprehensive study of Occidentalism in post Mao China includes a new preface foreword and chapter on Chinese diaspora writings in the Chinese language Xiaomei Chen offers an insightful account of the unremittingly favorable depiction of Western culture and its negative characterization of Chinese culture in post Mao China since 1978 She examines the cultural and political interrelationship between the East and West from a vantage point more complex than that accommodated by most current theories of Western imperialism and colonialism Going beyond Edward Said's construction in *Orientalism* of cross cultural appropriations as a defining facet of Western imperialism Chen argues that the appropriation of Western discourse what she calls Occidentalism can actually have a politically and ideologically liberating effect on contemporary non Western culture She maintains that simplistic allegations of Orientalism frequently found in current critical discourses seriously underestimate the complexities of intercultural and multicultural relationships Using China as the focus of her analysis Chen examines a variety of cultural media from Shakespearean drama to modernist poetry to contemporary Chinese television and popular fiction She thus places sinology in the general context of Western theoretical discourses such as Eurocentrism postcolonialism nationalism modernism feminism and literary hermeneutics showing that it has a vital role to play in the study of Orient and Occident and their now unavoidable symbiotic relationship Occidentalism presents a new model of comparative literary and cultural studies that reenvisions cross cultural appropriation It will be indispensable to future discussions of Orientalism Occidentalism and postcolonialism as well as subaltern studies Asian studies comparative literature cultural studies and non Western drama *America's Response to China* Warren I. Cohen, 2019-09-24 America's Response to China has long been the standard resource for a succinct historically grounded assessment of an increasingly complicated relationship Written by one of America's leading diplomatic historians this book analyzes the concerns and conceptions that have shaped U S China policy and examines their far reaching outcomes Warren I Cohen begins with the mercantile interests of the newly independent American colonies and discusses subsequent events up to 2018 For this sixth edition Cohen adds an analysis of

the policies of Barack Obama and extends his discussion of the Chinese American relationship in the age of potential Chinese ascendance and the shrinking global influence of the United States including the complications of the presidency of Donald Trump Trenchant and insightful America's Response to China is critically important for understanding U S China relations in the twenty first century The Rise of China and Chinese International Relations Scholarship Hung-jen Wang, 2013-08-23 This book looks at the relationship between Chinese international relations IR scholarship and China's rise as a world power Specifically it addresses how China's rising international status since the early 1990s has shaped the country's IR studies and the different ways that Chinese IR scholars are interpreting that rise The author argues that the development of IR studies in China has been influenced by China's past historical experiences its recent change in status in world politics and indigenous scholarly interpretations of both factors Instead of treating Chinese IR scholars as value free social scientists the author shows how Chinese scholars as purposive strategic and emotional actors tend to manipulate existing mostly Western IR theories to support their policy propositions and identity statements This book represents one of few efforts to determine how local Chinese scholars are constructing IR knowledge how they are dealing with intersections between indigenous Chinese and imported IR theory and concepts and how Chinese scholars are analyzing their China in terms of its current rise to power The Routledge Queer Studies Reader Donald E. Hall, Annamarie Jagose, 2012-06-04 The Routledge Queer Studies Reader provides a comprehensive resource for students and scholars working in this vibrant and interdisciplinary field The book traces the emergence and development of Queer Studies as a field of scholarship presenting key critical essays alongside more recent criticism that explores new directions The collection is edited by two of the leading scholars in the field and presents individual introductory notes that situate each work within its historical disciplinary and theoretical contexts essays grouped by key subject areas including Genealogies Sex Temporalities Kinship Affect Bodies and Borders writings by major figures including Eve Kosofsky Sedgwick Judith Butler David M Halperin Jos Esteban Mu oz Elizabeth Grosz David Eng Judith Halberstam and Sara Ahmed The Routledge Queer Studies Reader is a field defining volume and presents an illuminating guide for established scholars and also those new to Queer Studies **Asian American Literature** Elaine Kim, 1982 An introduction to the literary works of Chinese Americans Japanese Americans Filipino Americans and Korean Americans this book focuses on the self images and social contexts of the nineteenth century immigrants their descendants and the Americanized writers of today Although the book examines the novels autobiographies poems and plays themselves the social history of Asians in American is a significant backdrop as Maxine Hong Kingston herself argues it should be These racially distinctive Americans have confronted in their lives and writings American stereotypes of the Oriental racial discrimination and the cultural gulf between East and West After a chapter on Fu Manchu Charlie Chan and other Anglo American caricatures of Asians the author turns to a discussion of the first immigrant writers many of whom were educated aristocrats playing the role of cultural ambassadors and then to the less privileged more socially critical

generations of writers who followed From works like *Flower Drum Song* *Eat a Bowl of Tea* *The Woman Warrior* *China Men* and a host of lesser known writings the author shows how portrayals of Chinatown the Japanese American family and the roles of all the Asian American women and men have changed Drawing on her personal interviews with Asian American writers Kim also conveys their attitudes towards their own group other Asian Americans other racial minorities and white Americans a complex mix of bitterness acceptance and militance Author note Elaine H Kim is Associate Professor of Ethnic Studies at the University of California Berkeley She directs the Korean Community Center of Oakland and Asian Women United California

Transpacific Reform and Revolution Zhongping Chen, 2023-07-25 The late nineteenth and early twentieth centuries saw the turbulent end of China's imperial system violent revolutionary movements and the fraught establishment of a republican government During these decades of reform and revolution millions of far flung overseas Chinese remained connected to Chinese domestic movements This book uses rich archival sources and a new network approach to examine how reform and revolution in North American Chinatowns influenced political change in China and the transpacific Chinese diaspora from 1898 to 1918 Historian Zhongping Chen focuses on the transnational activities of Kang Youwei Sun Yat sen and other politicians especially their mobilization of the Chinese in North America to join reformist or revolutionary parties in patriotic fights for a Western style constitutional monarchy or republic in China These new reformist and revolutionary parties including the first Chinese women's political organization led transpacific movements against American anti Chinese racism in 1905 and supported constitutional reform and the Republican Revolution in China around 1911 achieving transpacific expansion through innovative use of cross cultural political ideologies and intertwined institutional and interpersonal networks Through network analysis of the origins interrelations and influences of Chinese reform and revolution in North America this book makes a significant contribution to modern Chinese history Asian American and Asian Canadian history and Chinese diasporic scholarship

The Dragon's Pupils Kenneth Starck, 1991 **A Concise Companion to American Studies** John Carlos Rowe, 2010-02-12 A Companion to American Studies is an essential volume that brings together voices and scholarship from across the spectrum of American experience A collection of 22 original essays which provides an unprecedented introduction to the new American Studies a comparative transnational postcolonial and polylingual discipline Addresses a variety of subjects from foundations and backgrounds to the field to different theories of the new American Studies and issues from globalization and technology to transnationalism and post colonialism Explores the relationship between American Studies and allied fields such as Ethnic Studies Feminist Queer and Latin American Studies Designed to provoke discussion and help students and scholars at all levels develop their own approaches to contemporary American Studies

China Exchange News, 1988 *China's Power and Asian Security* Mingjiang Li, Kalyan M. Kemburi, 2014-11-27 One of the most significant factors for contemporary international relations is the growth of China's economic military and political power Indeed few analysts would dispute the observation that China's

power has strongly influenced the structure of the international system major power strategic relations international security the patterns of trans border economic activities and most importantly the political and security dynamics in Asia in the twenty first century This book maps the growth of China s political economic and military capabilities and its impact on the security order in Asia over the coming decades While updating the emerging power dimensions and prevailing discourse it provides a nuanced analysis of whether the growth of Chinese power is resulting in Beijing becoming more assertive or even aggressive in its behavior and pursuit of national interests It also examines how the key Asian countries perceive and react to the growth of China s power and how US rebalancing would play out in the context of Beijing s political economic and military power China s Power and Asian Security will be of huge interest to student and scholars of Asian politics Chinese politics security studies and international security and international relations more generally

The Oxford Handbook of Asian American History David Yoo, Eiichiro Azuma, 2016 The Oxford Handbook of Asian American History brings together 27 essays that engage the state of the field with historiographically informed but creative approaches to this diverse and vibrant area The chapters trace Asian American history from the beginning of the migration flows toward the Pacific Islands and the American continent to Japanese American incarceration and Asian American participation in World War II from the experience of exclusion violence and racism to the social and political activism of the late twentieth century The authors explore many of the key aspects of the Asian American experience including politics economy intellectual life the arts education religion labor gender family urban development and legal history

Journal of Asian American Studies, 2008 Official publication of the Association for Asian American Studies explores all aspects of the Asian American experience Publishes original works of scholarly interest to the field including new theoretical developments research results methodological innovations public policy concerns pedagogical issues and book media reviews

The European Union and China, 1949-2008 Francis Snyder, 2009-03-17 This book is a comprehensive reference book and commentary on basic documents about relations between the EU and the People s Republic of China from 1949 to the present It contains all significant official and unofficial documents in English and Chinese about EU China relations since the founding of the PRC in 1949 Since the opening up of China in 1979 and especially after the establishment of the EU in 1992 relations between the EU and China have developed apace Today the EU and China are strategic partners with a very broad based relationship extending far beyond trade to encompass a growing number of important economic political social and cultural domains The relationship is certain to gain in importance with increasing globalisation EU expansion Chinese membership of the World Trade Organisation WTO the renewal and development of China and changes in the international trading system and international politics This book provides an indispensable foundation for teaching research policy making and advising on EU China relations It includes both documents originally published in English and English translations of documents previously available only in Chinese French or Portuguese Essential to every library it will also be required reading for students

teachers researchers policy makers legal practitioners and government officials in the EU China the United States and elsewhere

China's Rise in Historical Perspective Brantly Womack, 2010-07-16 China with its geographical historical cultural and political distance from the West long has been a black box upon which we readily paste labels communist non Western developing country but whose internal logic remains a mystery to us Arguing that it would be a major step forward in our genuine knowledge of China if we understood its internal dynamic this innovative book considers China from a historical perspective to chart its current dynamic and future direction Renowned historians economists and political scientists explore the internal dynamic of China's rise since traditional times through the key themes of China's identity security economy environment energy and politics Each themed section pairs a historian with a social scientist to give an overall view of where China is coming from and where it is heading One of the PRC's best known experts on international relations provides a concluding reflection on the political psychology of China's view of itself in the world Although a China centered perspective does not yield clear absolute truths about China's rise focusing on change in the PRC from pre modern times to the present allows us to distinguish between China's own dynamic and its relative change of position vis vis other actors including ourselves Written in clear and accessible style this nuanced book will be essential reading for all readers interested in China past and present and its growing global role Contributions by Lowell Dittmer Erica S Downs Mark Elvin Joseph W Esherick Joseph Fewsmith Barry Naughton Dwight H Perkins Qin Yaqing Evelyn S Rawski R Keith Schoppa Michael D Swaine and Brantly Womack

On the Legacy of Maxine Hong Kingston Sämi Ludwig, Nicoleta Alexoae-Zagni, 2014 This book is a collection of recent scholarship on Maxine Hong Kingston gathered on the occasion of the very first conference ever devoted exclusively to Kingston and to celebrate her opera omnia Featuring the work of researchers from four continents the book represents the cosmopolitan reception of the most important Asian American author In addition to many new angles on her two canonical postmodern autobiographies *The Woman Warrior* and *China Men* this collection also tackles Kingston's less frequently discussed writings and her most recent publications Parallel readings and comparisons further test her legacy in the sense of her enduring influence on younger Asian American writers Though it is a conference book this peer reviewed volume includes additional articles by selected scholars It also contains original presentations by Maxine and her husband Earl L Kingston Series Contributions to Asian American Literary Studies Vol 7
