Perversions Deviant Readings By Mandy Merck:

Perversions Mandy Merck, 1993 In this series of provocative essays on culture art and film former Screen editor Mandy Merck explores the paradoxes of sexual representation Whether writing on romantic fiction or hardcore pornography on robots or sex goddesses Radclyffe Hall or the Marquis de Sade she finds the perversions and deviances Illustrated

Perversion Prof. Lisa Downing, Dany Nobus, 2018-04-24 Perversion its ubiquity in infantile life and its persistence in the psychical and sexual lives of some adults was a central element of Freud's lifelong work The problem of perversion has since been revisited by many psychoanalytic schools with the result that Freud's original view of perversion has been replaced by numerous often contradictory perspectives on its aetiology development and treatment The concept of perversion has also been significant for the disciplines of cultural studies and gender and queer theory which have explored the creative and dissident powers of perversion while expressing a suspicion of its operation as a pathological category This bi-partite collection offers a series of perspectives on perversion by a range of psychoanalytic practitioners and theorists edited by Dany Nobus and a selection of papers by scholars who work with or critique psychoanalytic theories of perversion edited by Lisa Downing It stages a serious dialogue between psychoanalysis and its commentators on the controversial issue of non-normative sexuality

Pretty Rosalind Galt, 2011 Film culture often rejects visually rich images treating simplicity austerity or even ugliness as the more provocative political and truly cinematic choice Cinema may challenge traditional ideas of art but its opposition to the decorative represents a long standing Western aesthetic bias against feminine cosmetics Oriental effeminacy and primitive ornament Inheriting this patriarchal colonial perspective which treats decorative style as foreign or sexually perverse filmmakers critics and theorists have often denigrated colorful picturesque and richly patterned visions in cinema Condemning the exclusion of the pretty from masculine film culture Rosalind Galt reevaluates received ideas about the decorative impulse from early film criticism to classical and postclassical film theory The pretty embodies lush visuality dense mise en scene painterly framing and arabesque camera movements styles increasingly central to world cinema From European art cinema to the films of Wong Kar wai and Santosh Sivan from the experimental films of Derek Jarman to the popular pleasures of Moulin Rouge the pretty is a vital element of contemporary cinema communicating distinct sexual and political identities Inverting the logic of anti pretty thought Galt firmly establishes the decorative image as a queer aesthetic uniquely able to figure cinema's perverse pleasures and cross cultural encounters Creating her own critical tapestry from perspectives in art theory film theory and philosophy Galt reclaims prettiness as a radically transgressive style shimmering with threads of political agency

singularities of other fictive trends in the corpus especially in the second half of the twentieth century At the same time by
examining these eccentric singularities in their relationship to mainstream trends in the Latin American corpus O Connor
forces his readers to view these master narratives and major trends such as modernismo or magical realism from surprisingly
new angles Five of the authors discussed Puig Lezama Lima Cortazar and Sarduy have an established place in the Latin
American literary canon A fifth one Rosario Ferre may have come close to achieving that status with her earlier fictions
Others Felisberto Hernandez Alicia Borinsky Cristina Peri Rossi and Silvia Molloy are less well known but they are certainly
highly significant authors for scholars and students of contemporary Latin American fiction
