Real The Letters Of Mina Harker And Sam Dallesandro:

Real Dodie Bellamy, Sam D'Allesandro, 1994 **The Letters of Mina Harker** Dodie Bellamy, 2021-10-19 Bellamy's debut novel revives the central female character from Bram Stoker's *Dracula* and imagines her as an independent woman living in San Francisco during the 1980s. Hypocrisy's not the problem I think it's allegory the breeding ground of paranoia. The act of reading into how does one know when to stop? KK says that Dodie has the advantage because she's physical and I'm only psychic. The truth is everyone is adopted. My true mother wore a turtleneck and a long braid down her back, drove a Karmann Ghia, drank Chianti in dark corners, fucked Gregroy Corso. Dodie Bellamy, *The Letters of Mina Harker*. First published in 1998. Dodie Bellamy's debut novel *The Letters of Mina Harker* sought to resuscitate the central female character from Bram Stoker's *Dracula* and reimagine her as an independent woman living in San Francisco during the 1980s, a woman not unlike Dodie Bellamy. Harker confesses the most intimate details of her relationships with four different men in a series of letters. Vampirizing Mina Harker, Bellamy turns the novel into a laboratory, a series of attempted transmutations between the two women in which the real story occurs in the gaps and the slippages. Lampooning the intellectual theory speak of that era, Bellamy's narrator fights to inhabit her own sexuality despite feelings of vulnerability and destruction. Stylish but ruthlessly unpretentious, *The Letters of Mina Harker* was Bellamy's first major claim to the literary space she would come to inhabit.

Never by Itself Alone David Grundy, 2024 Through its comprehensive history of post-war queer writing in Boston and San Francisco from the 1940s through the 21st century, *Never By Itself Alone* provides a new view of queer history. Grundy intertwines analysis of lesbian, gay, and queer literature of the time, centering voices which have not yet before been explored in existing criticism. The book elevates the underrepresented work of writers of color and those with gender nonconforming identities, underscores the link between activism and literature, and insists upon the vital importance of radical accounts of race, class, and gender in any queer studies worthy of the name.

Poetry & Barthes Callie Gardner, 2018-10-11 The influence of Roland Barthes on contemporary culture has been the subject of much analysis, but never before has this influence been closely examined in relation to poetry. This innovative study traces Anglophone poetry's response to the literary and cultural theory of Barthes from debate to adoption, adaptation, and rejection.

The Future Won't Be Long Jarett Kobek, 2017-08-15 A brilliant re-creation of a disappeared New York of cheap rents, club kids, and Bret Easton Ellis. You can't stop time's passage; this absorbing novel reminds us you can only find someone to love to help you survive it. Sam Sacks, *The Wall Street Journal*. Have you been pining for tales of drug-fueled big-city debauchery set in the pre-digital era when MTV was king, people still used landlines, and hookups were orchestrated on dance floors instead of dating apps? Look no further. *The Washington Post*. Hard not to recommend. Full of delightfully cynical aphorisms. At the heart of *The Future Won't Be Long* is the friendship between Baby and Adeline, at once loving and destructive, and convincingly drawn by Kobek. Kevin Nguyen, *GQ.com*. A euphoric, provocative novel about friendship, sex, art, clubbing, and ambition, set in the 1980s and 90s New York City.

from the author of *I Hate the Internet* When Adeline a wealthy art student chances upon a young man from the Midwest known only as Baby in a shady East Village squat the two begin a fiery friendship that propels them through a decade of New York life In the apartments and bars of downtown Manhattan to the infamous nightclub The Limelight Adeline is Baby's guardian angel introducing him to a city not yet overrun by gentrification They live through an era of New York punctuated by the deaths of Warhol Basquiat Wojnarowicz and Tompkins Square Park Adeline is fiercely protective of Baby even bringing him home with her to Los Angeles but he soon takes over his own education Once just a kid off the bus from Wisconsin Baby relishes ketamine fueled clubbing nights and acid days in LA and he falls deep into the Club Kid twilight zone of sexual excess As Adeline develops into the artist she never really expected to become and flees to the nascent tech scene in San Francisco Baby faces his own desire for artistic expression and recognition He must write his way out of clubbing life and their friendship an alliance that seemed nearly impenetrable is tested and betrayed leaving each unmoored as the world around them seems to be unraveling Riotously funny and wise *The Future Won't Be Long* is an ecstatic propulsive novel coursing with a rare vitality an elegy to New York and to the relationships that have the power to change and save our lives

AIDS Narratives Steven F. Kruger, 2013-10-28 This is the first book length study of the rich fiction that has emerged from the AIDS crisis Examining first the ways in which scientific discourse on AIDS has reflected ideologies of gender and sexuality such as the construction of AIDS as a disease of gay men part of a battle over masculinity and thus largely excluding women with AIDS from public attention the book considers how such discourses have shaped narrative understandings of AIDS On the one hand AIDS is seen as an invariably fatal weakening of an individual's bodily defenses a depiction often used to reconfirm an identification between disease and a weak and vulnerable gayness On the other hand AIDS is understood in terms of an epidemic attributable to gay immorality or unnaturalness The fiction of AIDS depends upon these two narratives with one major subgenre of AIDS novel presenting narratives of personal illness decline and death and a second focusing on epidemic spread These novels also question the narrative structures upon which they depend intervening particularly against the homophobia of those structures though also sometimes reinforcing it

Communal Nude Robert Gluck, 2016-05-13 The collected essays of the cofounder of the New Narrative movement on theory identity poetry and muses from Kathy Acker to Georges Bataille I read and wrote to invoke what seemed impossible relation itself in order to take part in a world that ceaselessly makes itself up to wake up to the world to recognize the world to be convinced that the world exists to take revenge on the world for not existing from *Communal Nude* Since cofounding San Francisco's influential New Narrative circle in 1979 Robert Gluck has been one of America's finest prose stylists of innovative fiction bending narrative into the service of autobiography politics and gay writing This collection brings together for the first time Gluck's nonfiction a revelatory body of work that anchors his writing practice Gluck's essays explore the ways that storytelling and selfhood are mutually embedded cultural forms cohering a fractured social reality where generating narrative means generating identity

means generating community I'd laugh at make art from any version of self Gl ck writes I write about these forms that are myself to dispense with them to demonstrate how they disintegrate before the world the body For any body or text to know itself it must first see how it sees the world and understand itself as writing Gl ck's essays affirm this radical narratorial precept in rich spirals of reading self reflection anecdote escapade and metatext These texts span the author's career and his creative affinities from lost manifestos theorizing the poetics of New Narrative to encomia for literary and philosophic muses Kathy Acker the HOW ever poets Frank O'Hara Georges Bataille and others to narrative journalism book reviews criticism and public talks Many of the texts are culled from obscure little magazines and ephemeral online sources others have never been published As lucid as story as lush as theory and as irresistible as gossip Gl ck's essays are the quintessence of New Narrative theory in practice

The Vampire Archives Otto Penzler, 2009-09-29 The Vampire Archives is the biggest hungriest undeadliest collection of vampire stories as well as the most comprehensive bibliography of vampire fiction ever assembled Dark stormy and delicious once it sinks its teeth into you there's no escape Vampires Whether imagined by Bram Stoker or Anne Rice they are part of the human lexicon and as old as blood itself They are your neighbors your friends and they are always lurking Now Otto Penzler editor of the bestselling Black Lizard Big Book of Pulps has compiled the darkest the scariest and by far the most evil collection of vampire stories ever With over eighty stories including the works of Stephen King and D H Lawrence alongside Lord Byron and Tanith Lee not to mention Edgar Allan Poe and Harlan Ellison The Vampire Archives will drive a stake through the heart of any other collection out there Other contributors include Arthur Conan Doyle Ray Bradbury Ambrose Bierce H P Lovecraft Harlan Ellison Roger Zelazny Robert Bloch Clive Barker

Insistence of the Material Christopher Breu, 2014-09-15 Insistence of the Material engages with recent theories of materiality and biopolitics to provide a radical reinterpretation of experimental fiction in the second half of the twentieth century In contrast to readings that emphasize the metafictional qualities of these works Christopher Breu examines this literature's focus on the material conditions of everyday life from the body to built environments and from ecosystems to economic production In Insistence of the Material Breu rethinks contemporary understandings of biopolitics affirming the importance of forms of materiality that refuse full socialization and resist symbolic manipulation Breu considers a range of novels that reflect questions of materiality in a biopolitical era including William Burroughs's Naked Lunch Thomas Pynchon's V J G Ballard's Crash Dodie Bellamy's The Letters of Mina Harker and Leslie Marmon Silko's Almanac of the Dead Drawing from accounts of the emergence of immaterial production and biopolitics by Michel Foucault Giorgio Agamben Roberto Esposito and Michael Hardt and Antonio Negri Breu reveals the confrontational dimensions of materiality itself in a world devoted to the idea of its easy malleability and transcendence Taking his analysis beyond the boundaries of literature Breu argues that both materiality and subjectivity form sites of resistance to biopolitical control and that new developments in materialist theory advance a conception of social existence in which materiality rather than language or culture is the central
