Real World Of Ideology The:

The Real World of Ideology Joe McCarney, 1993 In this study Joseph McCarney aims to break away from contemporary Marxist critical attitudes to reinstate the coherence and continuity of classical Marxism He argues that the character of traditional Marxist thought on Marxist ideology is now generally misconceived The author claims that this misconception stems from a failure to apprehend the nature of Marx's own position and that of major figures of classical Marxism such as Engels Lenin and the young Lukacs

A New Dawn for Politics Alain Badiou, 2022-09-20 What is the relation between politics and the world It might seem that global capitalism has created one world but this is an illusion because capitalism creates a world of objects and money that divides human existence into regions separated by fences and walls built to keep some people out In place of this

falsely unified world of global capitalism we need to assert a fundamental principle namely that there is one world of living subjects This in Badiou's view is the categorical imperative of all true politics The one world of living subjects is the place where an infinity of differences and identities exist Hence foreigners are not a problem but rather an opportunity and a gift They bear witness to the youth of the world in its infinite variety and it is with this youth that the politics of the future rests Foreignness is the means by which existence is re-evaluated and all true politics is a new dawn of existence This collection of essays by Badiou in which he draws out the political implications of recent events and social movements will be of value to anyone interested in the great social and political questions of our time

Problems for Feminist Criticism (RLE Feminist Theory) Sally Minogue, 2012-11-12 Feminist criticism has come a long way in the last twenty years Its development has been rapid its snowball progress picking up elements of structuralism deconstruction and psychoanalytic criticism just as rapidly it has been shedding its own early theories and methodologies Now it is a critical orthodoxy with its own established canonical texts Now is the time then to begin to question that orthodoxy In *Problems for Feminist Criticism* five women critics seek to do that in a spirit of enquiry whose central point of focus is the literature for which feminist critics have offered a re-reading By reference to a wide range of writers from Milton to the contemporary poet with a strong emphasis on the nineteenth century novel the contributors ask what we may be losing from literature by adopting the feminist orthodoxy Each chapter provides a survey of feminist critical approaches to its subject and highlights the inherent problems The book frees the way forward for critics who have found much that is stimulating and revealing in feminist approaches to literature but who find its proscriptiveness potentially reductive It shows how literature may have the flexibility to absorb and benefit from new critical approaches whilst still retaining its own life never quite to be contained in criticism's theories and methodologies

G. Zerilli, 2025-04-25 A critique of the concept of truth presupposed by the post truth debate and a bold new vision for a more pluralistic citizenry We say that we live in a post truth era because disinformation threatens our confidence in the existence of a shared public world Affirming objective truth may therefore seem necessary to save democracy According to political theorist Linda M G Zerilli such affirmation can stifle political debate and silence dissent In fact Zerilli argues that the unqualified insistence on objective truth is as dangerous for democracy as denying it Drawing on Arendt Foucault and Wittgenstein *A Democratic Theory of Truth* challenges the concept of truth presupposed by the post truth debate It argues that we the people have an essential role in discovering and evaluating any truth relevant to the political realm The result is a striking defense of plurality dissent and opinion in contemporary democratic societies Marx, Durkheim, Weber Ken Morrison, 2006-07-18 This Second Edition is a
