**Arts and Power** Lisa Gaupp, Alenka Barber-Kersovan, Volker Kirchberg, 2022-09-05 The focus on concepts of power and domination in societal structures has characterized sociology since its beginnings Max Weber's definition of power as imposing one's will on others is still relevant to explaining processes in the arts whether their production imagination communication distribution critique or consumption Domination in the arts is exercised by internal and external rulers through institutionalized social structures and through beliefs about their legitimacy achieved by defining and shaping art tastes The complexity of how the arts relate to power arises from the complexity of the policies of artistic production distribution and consumption policies which serve to facilitate or hinder an aesthetic object from reaching its intended public Curators critics and collectors employ a variety of forms of cultural and artistic communication to mirror and shape the dominant social economic and political conditions Arts and Power Policies in and by the Arts brings together diverse voices who position the societal functions of art in fields of domination and power of structure and agency whether they are used to impose hegemonic totalitarian or unjust goals or to pursue social purposes fostering equal rights and grassroots democracy The contributions in this volume are exploratory steps towards what we believe can be a more systematic empirically and theoretically founded sociological debate on the arts and power And they are an invitation to take further steps

**Suppression** Pamela M. Potter,2016-06-28 This provocative study asks why we have held on to vivid images of the Nazis total control of the visual and performing arts even though research has shown that many artists and their works thrived under Hitler To answer this question Pamela M Potter investigates how historians since 1945 have written about music art architecture theater film and dance in Nazi Germany and how their accounts have been colored by politics of the Cold War the fall of communism and the wish to preserve the idea that true art and politics cannot mix Potter maintains that although the persecution of Jewish artists and other enemies of the state was a high priority for the Third Reich removing them from
