Miraculous Events Peter Riddell,2025-10-23 This book presents for the first time the oldest surviving example of universal history to be produced in the Malay Indonesian World In the process it challenges previous scholarly assumptions about pioneering works in this genre The study is based on a document contained in Cambridge University Library manuscript Or Gg 6 40 dating from the turn of the 17th century The initial chapters in this book situate the manuscript within its historical social and religious context in the Sultanate of Aceh This is followed by a transliteration of the Jawi text and translation into English as well as the original Jawi text of the work **Commanding The Realms & Elements** Ruth Owusu,2018-05-04 People all over the world are different in so many ways but when it comes to the area of life they struggle with most virtually everyone gives the same answer relationships As humans we were made to connect with others which is why relationships are so important to us When they re working they can be the source of our greatest joy But when relationships fail it can lead to hopelessness isolation and despair What many people don t realize is that behind every relationship is an invisible spiritual dimension and sometimes the relational challenges we face arise not from the people involved but from unseen forces seeking to sabotage discourage and destroy intimacy It s one thing fighting someone you can see but it s a completely different story when your opponent hides behind the scenes and attacks you when you least expect it We were born fighting to protect our territory We fight to stay alive and to thrive daily which is why we are tired and easily stressed because we have been fighting from day one What can you do when you re unable to take it anymore Get behind the scenes pull your spiritual opponent out of the darkness and into the light and then use the right weapon to destroy him Inspired by Sun Tzu s The Art of War this book explains how to live and grow in the supernatural realm by accessing the keys revealed in Scripture It outlines a proven strategy to restore your life and relationships and make them everything God created them to be

Lost Magik C. L. Vincent,2009-02 C L Vincent lives in the forests of northern Minnesota Although self described as a recluse constantly surrounded by his family Vincent has traveled extensively throughout the Middle East Africa Europe and New Zealand His wealth of knowledge and experience in both ancient and contemporary cultures creates in the Lost Magik trilogy a fantasy world before recorded history With the creative imagination of cinema and a literary style unique in the world of fantasy authors Vincent establishes in his trilogy an insightful contribution to the origin of human behavior which develops from the intersecting shadows of light and dark good and evil In his first venture into the publishing world with Lost Magik Vincent purposely steps out of the defined and popularly followed boundaries of the fantasy genre Like the forests in which he lives Vincent takes the reader through an adventure that is at first dense and slow going Clearings appear suddenly but the ensuing tangle of underbrush can trip up a reader who is unexpectedly looking for a cookie cutter style typical of fantasy series When asked for an extensive interview on the release of Lost Magik Vincent declined but offered this explanation When a work of art speaks to me in that moment the last thing I want is for the artist to stand next to me and tell me who he is and why he painted what he did When pushed to offer a few more details about himself Vincent reluctantly complied I both fish a lot and fix motorcycles My greatest success in life is to earn my living without a career My family and friends are not at all surprised by the Lost Magik trilogy but they are surprised to find in all of my characters so little of them and so much of me It is not easy to live in the real world where I want everything to be all about me Ah but in a fantasy world it is my stage where I get to play every role When asked why he did not publish a nonfictional account of the physical and cultural anthropology for any one of many ancient civilizations he laughed and gave a wizardly wink as he answered Maybe I did The other books that continue the story Invisible Thread Where the Mountains
