Reappraising Durkheim For The Study And Teaching O:

Reappraising Durkheim for the Study and Teaching of Religion Today Idinopulos, Brian C. Wilson, 2018-09-24
Reappraising Durkheim for the Study and Teaching of Religion Today is an occasion to critically analyze and reassess the work of this intellectual pioneer. It is also an effort to signal the continuing importance of Durkheim for today's graduate and advanced undergraduate classrooms. Reappraising Durkheim brings together ten new critical essays in which noted sociologists, psychologists, phenomenologists, philosophers, and historians of religion grapple with the questions Durkheim raised and the solutions he proposed. Taken together, the volume is a careful historical and multi-disciplinary study of Durkheim that will lead students to a better understanding of how to study religion. Reappraising Durkheim will be an excellent text for courses focusing on theory and method in the academic study of religion at both the graduate and advanced undergraduate level. It would therefore be appropriate for use in departments of religious studies, philosophy, sociology, and anthropology.

Reappraising Durkheim for the study and teaching of religion today / edited by Thomas A. Idinopulos and Brian C. Wilson. Thomas A. Idinopulos, Brian Courtney Wilson, 2002. Reappraising Durkheim for the Study and Teaching of Religion Today brings together ten new essays in which noted sociologists, psychologists, phenomenologists, philosophers, and historians of religion grapple with the questions Durkheim raised and the solutions he proposed for the academic study of religion.

Teaching Durkheim Terry F. Godlove, 2005. Emile Durkheim's work on religion occupies a central place in religious studies classrooms today. This volume is designed as a resource for teachers offering practical advice about productive ways to approach central texts and difficult pedagogical issues.

New Patterns for Comparative Religion William E. Paden, 2016-05-19. The cross-cultural study of religion has always gone hand in hand with the worldview sciences or intellectual frameworks of the time. These frames, whether focused on psychology or politics, gender or colonialism, bring out perspectives for understanding religious behavior. Today, one of our common civic worldviews is represented in the shift from scriptural to evolutionary history. This volume brings together in one place key essays by professor emeritus William Paden showing a progression of steps he has taken in exploring bridgeworks between comparative religion and evolutionary models of religious behavior. One of the leading scholars in religious studies, Paden shows ways that religion can be contextualized as part of the natural world and thus seen as reflecting the ingrained sociality and world-making drive of the human species. Paden argues that although comparativism has been challenged as too culture-bound, too western, or too gendered, cross-over categories and concepts between religious traditions cannot be avoided. Arguing that there are recurrent patterns of human behavior common to our species and that thereby underlie all cultures, he proposes that the missing link in the Religion Evolution debate is comparative religion: a global cross-cultural perspective on religious behaviours throughout time. Each article is contextualized within this overall trajectory of thought within Paden's work and the history of the discipline as a whole.

Participation and Beliefs in Popular Religiosity Francesco Zaccaria, 2010

Exploring the relation between popular religious participation and beliefs about God human suffering Jesus Christ and the church this empirical theological study offers the picture of a complementary relation between popular religiosity and official religion within Italian Catholicism Understanding Insider Movements Harley Talman, John Jay Travis, 2015-09-01 For the first time in history large numbers of people from the world's major non-Christian religions are following Jesus as Lord Surprisingly for many Western Christians they are choosing to do so within the religious communities of their birth and outside of institutional Christianity How does this work and how should we respond to these movements This long awaited anthology brings together some of the best writings on the topic of insider movements Diverse voices explore this phenomenon from the perspectives of Scripture history theology missiology and the experience and identity of insider believers Those who are unfamiliar with the subject will find this book a crucial guide to a complex conversation Students and instructors of mission will find it useful as a reader and reference volume Field workers and agencies will discover in these chapters welcome starting points for dialogue and clearer communication The first book to provide a comprehensive survey of the topic of insider movements *Understanding Insider Movements* is an indispensable companion for those who want to glimpse the creative unexpected boundary crossing ways God is at work among the peoples of the world in their diverse religious communities *The Power of the Sacred* Hans Joas, 2021-02-16 Disenchantment is a key term in the self understanding of modernity But what exactly does this concept mean What was its original meaning when Max Weber introduced it And can the conventional meaning or Max Weber's view really be defended given the present state of knowledge about the history of religion In *The Power of the Sacred* Hans Joas develops the fundamentals of a new sociological theory of religion by first reconstructing existing theories from the eighteenth century to the present Through a critical reading and reassessment of key texts in the three empirical disciplines of history psychology and sociology of religion including the works of David Hume J G Herder Friedrich Schleiermacher William James Emile Durkheim and Ernst Troeltsch Joas presents an understanding of religion that lays the groundwork for a thorough study of Max Weber's views on disenchantment After deconstructing Weber's highly ambiguous use of the concept Joas proposes an alternative to the narratives of disenchantment and secularization which have dominated debates on the topic He constructs a novel interpretation that takes into account the dynamics of ever new sacralizations their normative evaluation in the light of a universalist morality as it first emerged in the Axial Age and the dangers of the misuse of religion in connection with the formation of power Built upon the human experience of self transcendence rather than human cognition or cultural discourses *The Power of the Sacred* challenges both believers and non believers alike to rethink the defining characteristics of Western modernity The Unity of Mystical Traditions Randall Studstill, 2018-08-14 This book argues that mystical doctrines and practices initiate parallel transformative processes in the consciousness of mystics This thesis is supported through a comparative analysis of Tibetan Buddhist Dzogchen rdzogs chen and the medieval German mysticism of Eckhart

Suso and Tauler These traditions are interpreted using a system cybernetic model of consciousness This model provides a theoretical framework for assessing the cognitive effects of mystical doctrines and practices and showing how different doctrines and practices may nevertheless initiate common transformative processes This systems approach contributes to current philosophical discourse on mysticism by 1 making possible a precise analysis of the cognitive effects of mystical doctrines and practices and 2 reconciling mystical heterogeneity with the essential unity of mystical traditions *Theory and Practice of Yoga* Knut A. Functions of Psalms and Prayers in the Late Second Temple Period Mika S. Pajunen,Jeremy Penner,2017-07-24 When thinking about psalms and prayers in the Second Temple period the Masoretic Psalter and its reception is often given priority because of modern academic or theological interests This emphasis tends to skew our understanding of the corpus we call psalms and prayers and often dampens or mutes the lived context within which these texts were composed and used This volume is comprised of a collection of articles that explore the diverse settings in which psalms and prayers were used and circulated in the late Second Temple period The book includes essays by experts in the Hebrew bible the Dead Sea scrolls Apocrypha and Pseudepigrapha and the New Testament in which a wide variety of topics approaches and methods both old and new are utilized to explore the many functions of psalms and prayers in the late Second Temple period Included in this volume are essays examining how psalms were read as prophecy as history as liturgy and as literature A variety methodologies are employed and include the use of cognitive sciences and poetics linguistic theory psychology redaction criticism and literary theory

Alternative Salvations Hannah Bacon,Wendy Dossett,Steve Knowles,2015-12-17 By considering transformative ideas and experiences which are explicitly articulated or implicitly structured in languages of religion and spirituality Alternative Salvations probes concepts including religious secular spiritual post Christian and post secular providing a series of studies which question the functionality of these broad categories Part one draws on contemporary salvation narratives showing how current cultural forms social practices and secular discourses are influenced by or are interpreted through the lens of religious and theological accounts of salvation Examples include twelve step recovery programs drug culture and public policy surrounding HIV AIDs in Kenya Although outside traditional religious contexts the contributors show ways in which they are not free from religious symbolism Part two explores alternative accounts of salvation rooted in religious traditions Established orthodoxies are confronted by contemporary critical questions for example about gender the status of animals and the political dimensions of salvation By contributing new perspectives and unique case studies Alternative Salvations provides a deliberate challenge to easy binaries which often underpin contemporary and traditional discourses of salvation

Sociological Theory Beyond the Canon Syed Farid Alatas,Vineeta Sinha,2017-05-27 This book expands the sociological canon by introducing non Western and female voices and subjects the existing canon itself to critique Including chapters on both the founding fathers of sociology and neglected thinkers it highlights the biases of Eurocentrism and

androcentrism while also offering much needed correctives to them The authors challenge a dominant account of the development of sociological theory which would have us believe that it was only Western European and later North American white males in the nineteenth and early twentieth century who thought in a creative and systematic manner about the origins and nature of the emerging modernity of their time This integrated and contextualised account seeks to restructure the ways in which we theorise the emergence of the classical sociological canon This book s global scope fills a significant lacuna and provides a unique teaching resource to students of classical sociological theory **2002** Massimo Mastrogregori, 2011-07-11
