Reason And Unreason Psychoanalysis Science And Politics:

Reason and Unreason Michael Rustin, 2001 Explores issues concerning the justification and legitimacy of psychoanalytic knowledge and its relevance to political and social questions **Reason and Unreason** Michael Rustin, 2001-01-01

Explores issues concerning the justification and legitimacy of psychoanalytic knowledge and its relevance to political and social questions **Donald Winnicott and the Politics of Care** Joanna Kellond, 2022-03-20 This book explores the

significance of psychoanalyst Donald Winnicott's ideas for contemporary debates about care Locating Winnicott in relation to a range of fields including psychology philosophy sociology critical theory and feminist theory it examines the implications of his thinking for understanding and transforming the relationship between care and society Winnicott was unique amongst psychoanalysts for the emphasis he placed on care in the development of subjectivity The book unpacks Winnicott's understanding of care and assesses its relevance for conceptions of social responsibility justice and transformation In a world where care is in crisis how might we theorise the conditions necessary for the development of caring subjectivities and is it possible to infer a relationship between those conditions and progressive social change This unique book will be of interest to readers in psychosocial studies politics and anyone concerned with thinking about the relationship between care and social transformation Managed Lives: Psychoanalysis, inner security and the social order Steven Groarke, 2013-10-30 An

inherent tension exists in the history of psychoanalysis and its applications between the concepts of freedom and security In *Managed Lives* this tension is explored from the point of view of therapeutic experience Set against the background of Freud's contested legacy the book examines ways of managing oneself under psychiatric supervision in the analytic encounter and in the emotional and moral contexts of everyday life Through a series of detailed case studies Steven Groarke addresses therapeutic experience as a formation of managed society examining the work of Donald Winnicott on types of management Colin Murray Parkes on bereavement and Anthony Giddens on the sociological appropriation of psychoanalysis *Managed Lives* forms an original critical analysis of contemporary managerial culture and its self reflexive project as well as presenting the idea of management as a source of inner security and vital morality Presented in three parts the book addresses The Criterion of Maturity The Reflexive Norm The Managed Society Together the book's arguments provide a fresh and challenging perspective on post Freudian uses of faith the risks of critical rationality and the difficulties of living an ethical life under modern conditions *Managed Lives* is ideal for academics and research students working on psychoanalytic studies social theory and mental health studies as well as students and trainees taking courses in psychotherapy counselling social work and health and social care **Narcissism, Melancholia and the Subject of Community** Barry Sheils, Julie

Walsh, 2017-11-06 This book brings together the work of scholars and writer practitioners of psychoanalysis to consider the legacy of two of Sigmund Freud's most important metapsychological papers *On Narcissism* An Introduction 1914 and *Mourning and Melancholia* 1917 1915 These twin papers conceived in the context of unprecedented social and political

turmoil mark a point in Freud's metapsychological project wherein the themes of loss and of psychic violence were becoming incontrovertible facts in the story of subject formation. Taking as their concern the difficulty of setting apart the inner and the outer worlds as well as the difficulty of preserving an image of the coherently bounded subject, the psychoanalytic frameworks of narcissism and melancholia provide the background coordinates for the volume's contributors to analyse contemporary subjectivities in new psychosocial contexts. This collection will be of great interest to all scholars and practitioners of psychoanalysis and the psychotherapies, social and cultural theory, gender and sexuality studies, politics and psychosocial studies.

The Unconscious in Social and Political Life David Morgan, 2019-07-14

Traumatic events happen in every age, yet there is a particularly cataclysmic feeling to our own epoch that is so attractive to some and so terrifying to others. The terrible events of September 11th 2001 still resonate and the repercussions continue to this day: the desperation of immigrants fleeing terror, the uncertainty of Brexit, Donald Trump in the White House, the rise of the alt right and hard left, increasing fundamentalism and terror groups intent on causing destruction to the Western way of life. If that were not enough, we also have to grapple with the enormity of climate change and the charge that if we do not act now it will be too late. Is it any wonder many are left overwhelmed by the events they see on the news? Galvanised by the events outside of his consulting room in 2015, David Morgan began The Political Mind seminars at the British Psychoanalytical Society and their successful run continues today. A series of superlative seminars mostly presented by colleagues from the British Society plus a few select external experts that examine a dazzling array of relevant topics to provide a psychoanalytic understanding of just what is going on in our world. This book is the first in The Political Mind series to bring these seminars to a wider audience. *The Unconscious in Political and Social Life* contains compelling contributions from Christopher Bollas, Michael Rustin, Jonathan Sklar, David Bell, Philip Stokoe, Roger Kennedy, David Morgan, M Fakhry Davids, Ruth McCall, R D Hinshelwood, Renée Danziger, Josh Cohen, Sally Weintrobe and Margot Waddell. They investigate so many vital issues affecting us today: the evolution of democracy, right wing populism, prejudice, the rise of the far right, attitudes to refugees and migrants, neoliberalism, fundamentalism, terrorism, the Palestine-Israel situation, political change, feminism, austerity in the UK, financial globalisation and climate change. This book needs to be read by all who are concerned by the state of the world today. Psychoanalysis and psychoanalysts, with their awareness of what motivates human beings, bring clarity and fresh insight to these matters. A deeper understanding of humanity awaits the reader of *The Unconscious in Political and Social Life*.

Surviving Space Andrew Briggs, 2018-06-13

Surviving Space is a collection of papers on infant observation and related issues by contemporary experts in the field, commemorating the centenary of Esther Bick and the unique contribution she has made to psychoanalytic theory. As part of the prestigious Tavistock Clinic Series, this is an essential addition to this highly valued and innovative series. Infant observation is crucial to most psychotherapy training and this work would be of obvious value to those commencing their training as well as valuable insights for all psychotherapists.

Debating Empire Gopal Balakrishnan, 2020-05-05 Michael Hardt and Antonio Negri's book *Empire* has been hailed as a latter day Communist Manifesto Its ability to develop a theoretical framework relevant to the current period of global neo liberalism and international capitalism captured the imagination of the growing anti capitalist movement and has been claimed as a turning point for the left As much as it has seduced and delighted some however it has enraged and frustrated others In this collection a series of some of the most acute international theorists and commentators of our times subject the book to trenchant and probing analysis from political economic and philosophical perspectives and Hardt and Negri respond to their questions and criticisms

Nations and Democracy Amanda Machin, 2014-11-13 A figure of enduring ingenuity the nation has for centuries played a part on the socio political stage Whether centre stage or background scenery it has featured in violent tragedies revolutionary drama and nostalgic fable Today the nation is cast simultaneously in the roles of villain and hero While it is renounced by those advocating trans national post national and cosmopolitan forms of belonging it has lately also been asserted as the solution to various social failures in liberal democracies This appears to leave us with two alternatives to jettison the nation in order to move towards a less parochial world a world in which new forms of belonging underpin more inclusive politics Or to celebrate the nation as way of ensuring the social cement that can unite a diverse society Using the ideas of Wittgenstein and Lacan Amanda Machin expertly explains that the overlapping and conflicting language games of the nation produce it as an object of desire in an uncertain world The nation is not a pre political thing but a matter of persistent political contestation and coalition She reveals that the nation still has a vital part to play in democratic politics but that this role is one of improvisation While they endure as tools of emancipatory promise nations nonetheless remain potential categories of violent exclusion They cannot be pinned down as easily as anti national and pro national alternatives suggest It is precisely the indeterminacy of the nation that gives it ongoing importance for democracy today Providing an urgent riposte to dominant accounts this thought provoking and highly original account demands a re politicisation of the nation This book will appeal to those engaged in theory and empirical research on nations and nationalism and the question of their link to democracy in a changing world as well as those interested in psychoanalysis
