Rebellion In The Mohawk Valley The St Leger Expedition Of 1777:

Rebellion in the Mohawk Valley Gavin K. Watt, 2002-05 During the American Revolution a massive and ultimately failed campaign led by Brigadier Barry St Leger was launched from Canada into New York State The War of American Independence, 1763-1783 Stanley D. M. Carpenter, Kevin J. Delamer, James R. McIntyre, Andrew T. Zwillig, 2023-02-15 The War of American Independence 1763 1783 Falling Dominoes addresses the military maritime and naval economic key personalities key societal groups political imperial rivalry and diplomatic dynamics and events from the post Seven Years War era in Great Britain's North American colonies through the end of the War of American Independence Beginning in 1763 and moving through the war chronologically the authors argue that British political and strategic leaders failed to develop an effective strategy to quell the discontent and subsequent revolt in the North American colonies and thus failed to restore allegiance to the Crown This book describes and analyzes events and the outcomes of central players decisions the British North American colonies Great Britain France Spain and the Dutch Republic and the resultant actions It examines events through the thematic lens of strategy political and military leadership public attitudes economics international rivalries and relations and the role of traditionally less considered groups women slaves and Native American peoples This book is an enlightening and essential read for all history students from high school through to those on postgraduate courses as well as those with an interest in the American Revolution Liberty's Fallen Generals Steven E. Stry, 2012 From June 1775 to February 1781 during the American War of Independence ten patriot generals died as a result of combat wounds Their service and deaths spanned most of the war's duration and geographical expanse The generals were a diverse group with six born in America and four in Europe three coming from professional military backgrounds and the rest citizen soldiers mostly with limited military experience As the colonists won their independence the fallen generals became martyrs for the revolutionary ideals that would inspire later generations throughout the world Liberty's Fallen Generals is the first book to analyze these key military leaders service and the quality of their leadership in light of recent scholarship on the Revolutionary War Each general's profile provides background on military and political events leading to his emergence assesses the general as a military leader in the war and examines the campaign that culminated in his battle related death A compelling study in leadership and sacrifice Liberty's Fallen Generals is essential reading for those interested in learning more about America's earliest heroes **Saratoga Campaign**, Valiant Ambition Nathaniel Philbrick, 2017-05-09 A New York Times Bestseller Winner of the George Washington Prize A surprising account of the middle years of the American Revolution and the tragic relationship between George Washington and Benedict Arnold from the New York Times bestselling author of In The Heart of the Sea Mayflower and In the Hurricane's Eye May be one of the greatest what if books of the age a volume that turns one of America's best known narratives on its head Boston Globe Clear and insightful Valiant Ambition consolidates Philbrick's reputation as one of America's foremost practitioners of narrative nonfiction Wall Street

Journal In the second book of his acclaimed American Revolution series Nathaniel Philbrick turns to the tragic relationship between George Washington and Benedict Arnold In September 1776 the vulnerable Continental army under an unsure George Washington evacuated New York after a devastating defeat by the British army Three weeks later one of his favorite generals Benedict Arnold miraculously succeeded in postponing the British naval advance down Lake Champlain that might have lost the war As this book ends four years later Washington has vanquished his demons and Arnold has fled to the enemy America was forced at last to realize that the real threat to its liberties might not come from without but from within

Complex controversial and dramatic Valiant Ambition is a portrait of a people in crisis and the war that gave birth to a nation **A Dirty, Trifling Piece of Business** Gavin K. Watt, 2009-04-06 By 1781 the sixth year of the American rebellion British strategic focus had shifted from the northern states to concentrate in the south Canada's governor Frederick Haldimand was responsible for the defence of the Crown's largest colony against the threat of Franco-American invasion while assisting overall British strategy He cleverly employed his sparse resources to vigorously raid the rebels' frontiers and create anxiety disruption and deprivation as his Secret Service undermined their morale with invasion rumours and threatened their Union by negotiating with the independent republic of Vermont to return to the British fold Haldimand flooded New York's Mohawk and Schoharie valleys with Indian and Loyalist raiders and once the danger of invasion passed he dispatched two coordinated expeditions south One was launched onto Lake Champlain to alarm Albany and further the secret talks with Vermont The second struck deep into enemy territory fought a battle at Johnstown and retreated precipitately The rebels effectively countered both expeditions

Poisoned by Lies and Hypocrisy Gavin K. Watt, 2014-01-13 Historian Gavin K Watt offers a fresh interpretation of the 1775 Invasion of Canada In 1775 Governor Guy Carleton returned to Canada after a four year absence in England to discover that political unrest in the American colonies was at a fever pitch Soon after open warfare erupted in Massachusetts quickly followed by a rebel invasion Historian Gavin K Watt explores the first two campaigns of the American Revolution through their impact on Canada and describes how a motley group of militia American loyalists and British regulars managed to defend Quebec and repel the invaders

Gavin K. Watt's Revolutionary Canadian History 6-Book Bundle Gavin K. Watt, 2017-06-26 This special bundle collects six titles by military history specialist Gavin K Watt This series has a unique focus The American War of Independence viewed from the perspective of British operations in the north The Burning of the Valleys concerns a decisive campaign against the northern frontier of New York in the fifth year of the war A Dirty Trifling Piece of Business is about operations in the sixth year including in the south In Poisoned by Lies and Hypocrisy Watt explores the first two campaigns of the American Revolution through their impact on Canada and describes how a motley group of militia American loyalists and British regulars managed to defend Quebec and repel the invaders Rebellion in the Mohawk Valley concerns the campaign that led to the destruction of British-held Fort Ticonderoga Fire and Desolation details how misrule and fraying alliances led to a ferocious campaign in 1777 that changed the course of the

American Revolution These titles are essential reading for military history early Canadian history and War of Independence history buffs Includes The Burning of the Valleys A Dirty Trifling Piece of Business I Am Heartily Ashamed Poisoned by Lies and Hypocrisy Rebellion in the Mohawk Valley New in 2017 Fire and Desolation **Almost a Miracle** John E. Ferling,2009 Describes the military history of the American Revolution and the grim realities of the eight year conflict while offering descriptions of the major engagements on land and sea and the decisions that influenced the course of the war **Down the Warpath to the Cedars** Mark R. Anderson,2021-04-15 In May 1776 more than two hundred Indian warriors descended the St Lawrence River to attack Continental forces at the Cedars west of Montreal In just three days fighting the Native Americans and their British and Canadian allies forced the American fort to surrender and ambushed a fatally delayed relief column In Down the Warpath to the Cedars author Mark R Anderson flips the usual perspective on this early engagement and focuses on its Native participants their motivations battlefield conduct and the event s impact in their world In this way Anderson s work establishes and explains Native Americans centrality in the Revolutionary War s northern theater Anderson s dramatic deftly written narrative encompasses decisive diplomatic encounters political intrigue and scenes of brutal violence but is rooted in deep archival research and ethnohistorical scholarship It sheds new light on the alleged massacre and atrocities that other accounts typically focus on At the same time Anderson traces the aftermath for Indian captives and military hostages as well as the political impact of the Cedars reaching all the way to the Declaration of Independence The action at the Cedars emerges here as a watershed moment when Indian neutrality frayed to the point that hundreds of northern warriors entered the fight between crown and colonies Adroitly interweaving the stories of diverse characters chiefs officials agents soldiers and warriors Down the Warpath to the Cedars produces a complex picture and a definitive account of the Revolutionary War s first Indian battles an account that significantly expands our historical understanding of the northern theater of the American Revolution I am heartily ashamed Gavin K. Watt,2010-06-21 The second installment in Gavin K Watt s Revolutionary War series I am heartily ashamed picks up where A dirty trifling piece of business leaves off It s a new year with new challenges An incredibly fierce Canadian winter was endured before raiding was resumed against the enemy s frontiers The rebels Mohawk region defence soon fell into disarray when two colonels jostled for control Continued negotiations encouraged Vermont to not support the rebellion and the republic became a haven for loyalists escaping persecution Vermont s adherents even felt free to militarily challenge New York After the poor results of Ross s October raid Haldimand chose to alter his strategy For years his native allies had sent small war parties against the frontiers and that summer he gave command of large projects to First Nations leaders whose methods greatly challenged the rebels A new British ministry announced a cessation of arms in July soon followed by peace talks Despite the ceasefire Washington ordered an attack on the new British post at Oswego which failed miserably When Haldimand discovered that the treaty s articles threatened the security of Canada and made no provisions for the natives or loyalists he confessed My soul is

completely bowed down with grief I am heartily ashamed The Best Land Susan A. Brewer,2024-10-15 In Susan A Brewer's fascinating *The Best Land* she recounts the story of the parcel of central New York land on which she grew up. Brewer and her family had worked and lived on this land for generations when the Oneida Indians claimed that it rightfully belonged to them. Why she wondered did she not know what had happened to this place her grandfather called the best land. Here she tells its story tracing over the past four hundred years the two families her own European settler family and the Oneida Mohawk family of Polly Denny who called the best land home. Situated on the passageway to the west the ancestral land of the Oneidas was coveted by European colonizers and the founders of the Empire State. The Brewer and Denny families took part in imperial wars the American Revolution broken treaties the building of the Erie Canal Native removal the rise and decline of family farms bitter land claims controversies and the revival of the Oneida Indian Nation. As Brewer makes clear in *The Best Land* through centuries of violence bravery greed generosity racism and love the lives of the Brewer and Denny families were profoundly intertwined. The story of this homeland she discovers unsettles the history she thought she knew. With clear determination to tell history as it was without sugarcoating or ignoring the pain and suffering of both families Brewer navigates the interconnected stories with grace humility and a deep love for the land. *The Best Land* is a beautiful homage to the people the place and the environment itself. *African Americans and American Indians in the Revolutionary War* Jack Darrell Crowder,2019-01-11 At the time of the Revolutionary War a fifth of the Colonial population was African American. By 1779 15 percent of the Continental Army were former slaves while the Navy recruited both free men and slaves. More than 5000 black Americans fought for independence in an integrated military it would be the last until the Korean War. The majority of Indian tribes sided with the British yet some Native Americans rallied to the American cause and suffered heavy losses. Of 26 Wampanoag enlistees from the small town of Mashpee on Cape Cod only one came home. Half of the Pequots who went to war did not survive. Mohegans John and Samuel Ashbow fought at Bunker Hill. Samuel was killed there the first Native American to die in the Revolution. This history recounts the sacrifices made by forgotten people of color to gain independence for the people who enslaved and extirpated them. **The Encyclopedia of New York State** Peter Eisenstadt,2005-05-19 The Encyclopedia of New York State is one of the most complete works on the Empire State to be published in a half century. In nearly 2 000 pages and 4 000 signed entries this single volume captures the impressive complexity of New York State as a historic crossroads of people and ideas as a cradle of abolitionism and feminism and as an apex of modern urban suburban and rural life. The Encyclopedia is packed with fascinating details from fields ranging from sociology and geography to history. Did you know that Manhattan's Lower East Side was once the most populated neighborhood in the world but Hamilton County in the Adirondacks is the least densely populated county east of the Mississippi. New York is the only state to border both the Great Lakes and the Atlantic Ocean. The Erie Canal opened New York City to rich farmland upstate and to the west. Entries by experts chronicle New York's varied areas politics and

persuasions with a cornucopia of subjects from environmentalism to higher education to railroads weaving the state's diverse regions and peoples into one idea of New York State Lavishly illustrated with 500 photographs and figures 120 maps and 140 tables the Encyclopedia is key to understanding the state's past present and future It is a crucial reference for students teachers historians and business people for New Yorkers of all persuasions and for anyone interested in finding out more about New York State

Gavin K. Watt's Revolutionary Canadian History 5-Book Bundle Gavin K. Watt, 2014-07-02

This special bundle collects five titles by military history specialist Gavin K Watt This series has a unique focus The American War of Independence viewed from the perspective of British operations in the north The Burning of the Valleys concerns a decisive campaign against the northern frontier of New York in the fifth year of the war A Dirty Trifling Piece of Business is about operations in the sixth year including in the south In Poisoned by Lies and Hypocrisy Watt explores the first two campaigns of the American Revolution through their impact on Canada and describes how a motley group of militia American loyalists and British regulars managed to defend Quebec and repel the invaders Rebellion in the Mohawk Valley concerns the campaign that led to the destruction of British held Fort Ticonderoga These titles are essential reading for military history early Canadian history and War of Independence history buffs Includes The Burning of the Valleys A Dirty Trifling Piece of Business I Am Heartily Ashamed Poisoned by Lies and Hypocrisy Rebellion in the Mohawk Valley No Turning Point

Theodore Corbett, 2014-11-05 The Battle of Saratoga in 1777 ended with British general John Burgoyne's troops surrendering to the American rebel army commanded by General Horatio Gates Historians have long seen Burgoyne's defeat as a turning point in the American Revolution because it convinced France to join the war on the side of the colonies thus ensuring American victory But that traditional view of Saratoga overlooks the complexity of the situation on the ground Setting the battle in its social and political context Theodore Corbett examines Saratoga and its aftermath as part of ongoing conflicts among the settlers of the Hudson and Champlain valleys of New York Canada and Vermont This long more local view reveals that the American victory actually resolved very little In transcending traditional military history Corbett examines the roles not only of enlisted Patriot and Redcoat soldiers but also of landowners tenant farmers townspeople American Indians Loyalists and African Americans He begins the story in the 1760s when the first large influx of white settlers arrived in the New York and New England backcountry Ethnic and religious strife marked relations among the colonists from the outset Conflicting claims issued by New York and New Hampshire to the area that eventually became Vermont turned the skirmishes into a veritable civil war These pre Revolution conflicts which determined allegiances during the Revolution were not affected by the military outcome of the Battle of Saratoga After Burgoyne's defeat the British retained control of the upper Hudson Champlain valley and mobilized Loyalists and Native allies to continue successful raids there even after the Revolution The civil strife among the colonists continued into the 1780s as the American victory gave way to violent strife amounting to class warfare Corbett ends his story with conflicts over debt in Vermont New Hampshire and finally

Massachusetts where the sack of Stockbridge part of Shays's Rebellion in 1787 was the last of the civil disruptions that had roiled the landscape for the previous twenty years No Turning Point complicates and enriches our understanding of the difficult birth of the United States as a nation

The Dundurn Group The Dundurn Group, *Hessians* Friederike Baer, 2022 Between 1776 and 1783 Britain hired an estimated 30 000 German soldiers to fight in its war against the Americans Collectively known as Hessians the soldiers and accompanying civilians including women and children spent extended periods of time in locations as dispersed and varied as Canada in the North to West Florida and Cuba in the South This study examines how they experienced and described the war they fought in the land they traversed and the people they encountered Based chiefly on their own writings including a large body of letters and diaries the book offers a groundbreaking reimagining of Britain's war against American independence

The ^ACompleat Victory Kevin J. Weddle, 2021-01-15 Seldom in history has a single military campaign had such immediate and far ranging consequences as the series of battles and skirmishes known as Saratoga In the spring of 1777 determined to end the fighting once and for all the British devised what they believed a war winning strategy By early fall their entire northern army had surrendered Kevin J Weddle offers the most thorough account to date showing how an operation that began with such promise for the British turned to disaster and why the underestimated American forces triumphed so decisively Saratoga was a turning point in the Revolution boosting Patriot confidence demoralizing the Loyalist cause and leading directly to the Franco American alliance that would eventually secure independence It was as one American general called it The compleat victory

Race and Ethnicity in America Russell M. Lawson, Benjamin A. Lawson, 2019-10-11 Divided into four volumes Race and Ethnicity in America provides a complete overview of the history of racial and ethnic relations in America from pre contact to the present The five hundred years since Europeans made contact with the indigenous peoples of America have been dominated by racial and ethnic tensions During the colonial period from 1500 to 1776 slavery and servitude of whites blacks and Indians formed the foundation for race and ethnic relations After the American Revolution slavery labor inequalities and immigration led to racial and ethnic tensions after the Civil War labor inequalities immigration and the fight for civil rights dominated America's racial and ethnic experience From the 1960s to the present the unfulfilled promise of civil rights for all ethnic and racial groups in America has been the most important sociopolitical issue in America Race and Ethnicity in America tells this story of the fight for equality in America The first volume spans pre contact to the American Revolution the second the American Revolution to the Civil War the third Reconstruction to the Civil Rights Movement and the fourth the Civil Rights Movement to the present All volumes explore the culture society labor war and politics and cultural expressions of racial and ethnic groups
