Rebels And Radicals:

101 Changemakers Michele Bollinger, Dao X. Tran, 2012 **Revolutionary Founders** Alfred Fabian Young, Alfred F. Young, Gary B. Nash, Ray Raphael, 2011 Explores the founding fathers more radical contemporaries who advocated for true liberty for all at the United States inception including the abolition of slavery and equality despite race class or gender

Rebels in Bohemia Leslie Fishbein, When God was King Martyn Whittock, 2018-04-20 Islam is not the only religion that has sought to take political power or believed that it should be possible to create a theocracy In the 17th century Christians in the British Isles and North America attempted to follow the examples of 16th century European radicals of contrasting types while attempting to learn from their mistakes first in Scotland and then Cromwell tried to impose just such a rule in the rest of the country At the same time millenarian groups planned a religious political and social revolution to usher in the return of Christ while others argued for something akin to communism And even after the Restoration of the monarchy in 1660 there were sects such as the Quakers whose faith had a radical impact on their politics Nor is Christian political radicalism dead today it has influenced politicians ever since and can be seen in recent political developments in the USA in the twenty first century This book is a fascinating study of the ideas and actions of these political radicals and the kind of societies and life experiences that produced them *Rebels in Bohemia* Leslie E. Fishbein, 2010-11-12 Rebels in Bohemia The Radicals of The Masses 1911 1917 Rebels, Reds, Radicals Ian McKay, 2005-04-28 In this brilliant and thoroughly engaging work Ian McKay sets out to revamp the history of Canadian socialism Drawing on models of left politics in Marx and Gramsci he outlines a fresh agenda for exploration of the Canadian left In rejecting the usual paths of sectarian or sentimental histories McKay draws on contemporary cultural theory to argue for an inventive strategy of reconnaissance This important groundbreaking work combines the highest standards of scholarship and a broad knowledge of current debates in the field Rebels Reds Radicals is the introduction to McKay s definitive multi volume work on the history of Canadian socialism volume one Reasoning Otherwise Leftists and the People s Enlightenment in Canada 1890 1920 is now available **A Price Below Rubies** Naomi Shepherd, 1994 Why in the late nineteenth century did Jewish women suddenly march en masse into the pages of radical history A Price Below Rubies explores this question and introduces us to these women particularly Anna Kuliscioff Rosa Luxemburg Esther Frumkin Manya Shochat Bertha Pappenheim Rose Pesotta and Emma Goldman Naomi Shepherd s collective biography of these seven women and others tells the story of a revolution that began at home in communities whose limits stirred women to rebel The radicals Thomas Francis Wade, Sir Walter Hillier, 1903 *Freedom, Union, and Power* Michael S. Green, 2004 Freedom Union and Power analyzes the beliefs of the Republican Party during the Civil War how those beliefs changed and what those changes foreshadowed for the future The party s pre war ideology of free soil free labor free men changed with the Republican ascent to power in the White House With Lincoln s election Republicans faced something new responsibility for the government With responsibility came the

need to wage a war for the survival of that government the country and the party And with victory in the war came responsibility responsibility for saving the Union by ending slavery and for pursuing policies that fit into their belief in a strong free Union Michael Green shows how Republicans had to wield federal power to stop a rebellion against freedom and union Crucial to their use of federal power was their hope of keeping that power the intersection of policy and politics

Sporadically Radical Steffen Jensen, Henrik Vigh, 2018-09-11 What makes young men willing to risk their lives by enrolling in violent organizations How do these organizations persuade young men to do so In the age of radicalization these questions are central to most debates about politics and globalization Through long term ethnographic fieldwork in various conflict settings this volume explores both the violent organizations that entice young people to engage in conflict and how these same young people answer the call It takes the reader into the worlds of Maoists in Nepal ex combatants mercenaries religious zealots and drug dealers in West Africa violent student politics in Bangladesh ethno nationalist vigilante groups in Kenya both sides of the war between LRA and the Ugandan state as well as gang like fraternities in the Philippines When researched in situ and in depth these mobilizations show themselves to be multiple performative and temporary just as people may show themselves to be more sporadically radical than ideologically locked down
