Rebels All! Kevin Mattson, 2008-06-03 Do you ever wonder why conservative pundits drop the word faggot or talk about killing and then Christianizing Muslims abroad Do you wonder why the right's spokespeople seem so confrontational rude and over the top recently Does it seem strange that conservative books have such apocalyptic titles Do you marvel at why conservative writers trumpeted the rebel qualities of George W Bush just a few years back There is no doubt that the style of the political right today is tough brash and by many accounts not very conservative sounding After all isn't conservatism supposed to be about maintaining standards upholding civility and frowning upon rebellion Historian Kevin Mattson explains the apparent contradictions of the party in this fresh examination of the postwar conservative mind Examining a big cast of characters that includes William F Buckley Whittaker Chambers Norman Podhoretz Irving Kristol Kevin Phillips David Brooks and others Mattson shows how right wing intellectuals have always but in different ways played to the populist and rowdy tendencies in America's political culture He boldly compares the conservative intellectual movement to the radical utopians among the New Left of the 1960s and he explains how conservatism has ingested central features of American culture including a distrust of sophistication and intellectualism and a love of popular culture sensation shock and celebrity Both a work of history and political criticism *Rebels All* shows how the conservative mind made itself appealing but also points to its endemic problems Mattson's conclusion outlines how a recast liberalism should respond to the conservative ascendancy that has marked our politics for the last thirty years

Rebels in Bohemia Leslie Fishbein, 1982 *Rebels in Bohemia The Radicals of The Masses 1911 1917* [Indonesia](#) Genevieve Collins Linebarger, 1965

The Decline of Constitutional Democracy in Indonesia Herbert Feith, 2007 This is an intensive study of Indonesian politics from the attainment of full independence in December 1949 to the proclamation of martial law in March 1957 and President Soekarno's subsequent establishment of guided democracy It is intended as a contribution to the ongoing discussion of democracy in the new states of Asia and Africa of the ways in which Western political institutions are

transformed when employed in non Western social settings and of the obstacles to be overcome if such institutions are to operate in consonance with the authority systems of new nations and with their solution of economic and administrative problems Now brought back into print as a member of Equinox Publishing's Classic Indonesia series *The Decline of Constitutional Democracy* is considered to be the definitive study of Indonesia in the 1950s and will be of great interest to the growing number of social scientists concerned with the pre industrial nations and in particular with their efforts to use and adapt Western political institutions This is a solid and scholarly account but written on the basis of much personal observation Dr Feith manages to present his material in such a way that readers with no previous background in the subject will be able to follow the book almost as easily as will specialists

HERBERT FEITH 1930-2001 became familiar with Indonesia during 1951-53 and 1954-56 when he was an English Language Assistant with the Ministry of Information of the Republic of Indonesia A citizen of Australia he received an M A degree from the University of Melbourne in 1955 and a Ph D from Cornell University in 1961 He was a Research Fellow in the Department of Pacific History Australian National University from 1960 to 1962 and was Chair of Politics at Monash University from 1968 until 1974

The African Rebels Dr. Francois Adja Assemien, 2015-03-21 It is describing the current African countries and telling what is going on over there It is denouncing the African peoples' flaws and their political, economical, social and cultural wrongdoings and faults It is criticizing the African bad political activities and the bad way the African leaders rule their countries It is denouncing violence, civil wars, coups, armed rebellions and every bad and dirty thing occurring in Africa nowadays It is also denouncing the fact that Europe is still colonizing the African countries and exploiting their goods and riches by making war and creating armed conflicts between the peoples and the tribes It is inviting everyone on earth to think about the opportunity and necessity to create a better world now based on new values and to create better conditions for human life Toissin, the hero in the book, is a divine messenger on earth His responsibility and duty consist in creating a new world that will save humanity

Feet to the Fire Ken Conboy, James Morrison, 2018-09-15 Today the vast archipelago of Southeast Asia islands known as Indonesia is in the headlines because of political instability, religious tension and violence in the streets Forty years ago similar conditions led the Central Intelligence Agency to mount a top secret covert action campaign designed to hold that nation's left-leaning President Sukarno's feet to the fire and prevent a strategic crossroad from falling into the communist camp The Agency supported rebels with weapons, planes and a memorable cast of bigger-than-life American agents In a fast-paced engrossing narrative evoking the novels of John LeCarr and Graham Greene the authors provide the first unclassified detailed case study of an operation that has escaped public scrutiny for decades Their work adds significantly to our understanding of the CIA and American involvement in Asia Drawing on declassified documents and an extraordinary number of interviews with CIA and Indonesian participants Kenneth Conboy and James Morrison reconstruct the delicate, dangerous game played by American intelligence agents across the Indonesian archipelago This is a story of ideologues and soldiers of fortune, historic

CIA legends like Allen Dulles and Franklin Wisner and notorious special operators like Tony Poe Poshepny whose reputation reached mythic proportions later in Laos and Allen Pope an indefatigable B 26 pilot who was captured and sentenced to die But it also includes the transfixing exploits of Montana smokejumpers Polish aircrews Muslim anti communist guerrillas U S Navy submarine crews and Filipino mercenary pilots flying P 51 Mustangs With the problems in today s Indonesia far from solved and the complex U S Indonesian relationship coming under close scrutiny this fascinating account of an American covert operation gone bad will play a significant role in shedding new light on the CIA s efforts in Southeast Asia

Representing Revolution in Milton and his Contemporaries David Loewenstein, 2001-03-15 David Loewenstein s Representing Revolution in Milton and his Contemporaries is a wide ranging exploration of the interactions of literature polemics and religious politics in the English Revolution Loewenstein highlights the powerful spiritual beliefs and religious ideologies in the polemical struggles of Milton Marvell and their radical Puritan contemporaries during these revolutionary decades By examining a wide range of canonical and non canonical writers John Lilburne Winstanley the Digger and Milton amongst others he reveals how radical Puritans struggled with the contradictions and ambiguities of the English Revolution and its political regimes His portrait of a faction riven violent seventeenth century revolutionary culture is an original and significant contribution to our understanding of these turbulent decades and their aftermath By placing Milton s great poems in the context of the period s radical religious politics it should be of interest to historians as well as literary scholars

Rebellion to Integration Audrey Kahin, 1999 This study deals with the political history of the Indonesian province of West Sumatra and the Minangkabau people from the late colonial period up to the present focussing on the course and degree of their integration into the contemporary Indonesian state The book provides a local perspective on the growth and development of the nationalist movement in Indonesia the struggle for independence and the trauma involved for West Sumatra in adapting to an Indonesian state based on very different concepts of government than those that animated the anticolonial struggle in the region It also helps understand the backgrounds of the recent violent insurgence in several parts of the Indonesian

archipelago against the rule of the Javanese controlled central government
