with each other Scholars in this growing field recognize that religion has been influenced by its engagement with computer mediated digital spaces including not only the Internet but other emerging technologies such as mobile phones digital wearables virtual reality and artificial intelligence The Oxford Handbook of Digital Religion provides a comprehensive overview of religion as seen and performed through various platforms and cultural spaces created by digital technology The text covers religious interaction with a wide range of digital media forms including social media websites gaming environments virtual and augmented realities and artificial intelligence and highlights examples of technological engagement and negotiation within the major world religions i e Buddhism Christianity Hinduism Islam and Judaism Additional sections cover the global manifestations of religious community identity ethics and authority with a final group of chapters addressing emerging technologies and the future of the field Because of the interdisciplinary nature of the project the Handbook is led by co editors representing the humanistic and social scientific fields of religious studies and communication though both also have experience in how those disciplines intersect

*Migrant Families and Religious Belonging* G.G. Valtolina, L. Zanfrini, 2023-06 Over the past three decades migration has become the main driver of population growth or of preventing its decrease in many EU countries The presence of so many families with a migrant background is however to some extent an unexpected phenomenon arising from the permanent settlement of migrant guest workers expected to be temporary residents and from other unplanned processes such as decolonization and the influx of asylum seekers Moreover family reunification is today one of the main legal channels by which migrants come to Europe so it is no coincidence that the main issues animating European public debate on inter ethnic coexistence involve family religion and the relationships between genders and generations Finally the migrant family has to some extent become a lens through which to analyze many key topics connected with the present and future of European societies This work *Migrant Families and Religious Belonging* is a collection of nine essays exploring the relationship between family religion and immigration These essays mainly focus on the integration process with particular attention to the experience of migrants offspring The book consists of an introductory chapter and four thematic sections and topics covered include gender equality forced marriages child fostering care and religious radicalization The relationship between family religion and immigration provides a fascinating perspective to explore and shed light on European society today The book will be of interest to a wide range of academics researchers and practitioners

*Nation Dance* Patrick Taylor, 2001 Dealing with the ongoing interaction of rich and diverse cultural traditions from Cuba and Jamaica to Guyana and Surinam *Nation Dance* addresses some of the major contemporary issues in the study of Caribbean religion and identity The book s three sections move from a focus on spirituality and healing to theology in social and political context and on to questions of identity and diaspora The book begins with the voices of female practitioners and then offers a broad interdisciplinary examination of Caribbean religion and culture Afro Caribbean religions Hinduism Judaism Islam and Christianity are all addressed with specific reflections on Santer a Palo Monte Vodou Winti
